The words and expressions used but not defined in this Draft Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, the Securities and Exchange Board of India Act, 1992 (the “**SEBI Act**”), the SCRA, the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “**Main Provisions of the Articles of Association of Our Company**”, “**Statement of Possible Tax Benefits**”, “**Industry Overview**”, “**Regulations and Policies**”, “**Restated Financial Statements**”, “**Outstanding Litigations and Material Developments**” and “**Issue Procedure**”, will have the meaning ascribed to such terms in these respective sections.

PRESENTATION OF FINANCIAL INDUSTRY AND MARKET DATA

CERTAIN CONVENTIONS

All references in this Draft Red Herring Prospectus to 'India' are to the Republic of India and its territories and possessions and all references herein to the 'Government', 'Indian Government', 'GoI', 'Central Government' or the 'State Government' are to the GoI, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time ("IST").

Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus. In this Draft Red Herring Prospectus, our Company has presented numerical information in "lakhs" units. One lakh represents 1,00,000.

FINANCIAL DATA

Unless stated otherwise, the financial data in the Draft Red Herring Prospectus is derived from our restated audited financial statements for the period/year ended 30th November, 2025, 31st March, 2025 and 31st March, 2024, 20 December, 2023 and for the year ended on March 31, 2023 prepared in accordance with Indian GAAP, the Companies Act and restated in accordance with the SEBI (ICDR) Regulations, 2018 and the Indian GAAP which are included in the Draft Red Herring Prospectus, and set out in the section titled "**Restated Financial Statements**" beginning on page 201 of the Draft Red Herring Prospectus. Our Financial Year commences on April 1 and ends on March 31 of the following year, so all references to a particular Financial Years are to the twelve-month period ended March 31 of that year. In the Draft Red Herring Prospectus, discrepancies in any table, graphs or charts between the total and the sums of the amounts listed are due to rounding-off.

There are significant differences between Indian GAAP, IFRS and U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included herein, and the investors should consult their own advisors regarding such differences and their impact on the financial data. Accordingly, the degree to which the restated financial statements included in the Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in the Draft Red Herring Prospectus should accordingly be limited.

Any percentage amounts, as set forth in the sections / chapters titled "**Risk Factors**", "**Business Overview**" and "**Management's Discussion And Analysis Of Financial Position And Results Of Operations**" beginning on page 28, 119 and 243 respectively of this Draft Red Herring Prospectus and elsewhere in the Draft Red Herring Prospectus, unless otherwise indicated, have been calculated on the basis of our restated financial statements prepared in accordance with Indian GAAP, the Companies Act and restated in accordance with the SEBI (ICDR) Regulations, 2018 and the Indian GAAP.

All references to the word "Lakh" or "Lac", means "One hundred thousand" and the word "Million" means "Ten Lakhs" and the word "Crore" means "Ten Million" and the word "Billion" means "One thousand Million".

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Restated Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

This Draft Red Herring Prospectus may contain conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

INDUSTRY AND MARKET DATA

Unless stated otherwise, industry data used throughout the Draft Red Herring Prospectus has been obtained or derived from industry and government publications, publicly available information and sources. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although our Company believes that industry data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified.

Further, the extent to which the industry and market data presented in the Draft Red Herring Prospectus is meaningful depends on the reader's familiarity with and understanding of, the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

EXCHANGE RATES

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Rupees that have been presented solely to comply with the requirements of SEBI ICDR Regulations. Such conversion should not be considered as a representation that such currency amounts have been, could have been or can be converted into Rupees at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

FORWARD LOOKING STATEMENTS

All statements contained in the Draft Red Herring Prospectus that are not statements of historical facts constitute “*forward looking statements*”. All statements regarding our expected financial condition and results of operations, business, objectives, strategies, plans, goals and prospects are forward looking statements. These forward-looking statements include statements as to our business strategy, our revenue and profitability, planned projects and other matters discussed in the Draft Red Herring Prospectus regarding matters that are not historical facts. These forward-looking statements and any other projections contained in the Draft Red Herring Prospectus (whether made by us or any third party) are predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward looking statements or other projections.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- The overall economic conditions in the markets where we operate, including local, regional, national, and international economies, can impact our business;
- Existing and new competitors might negatively affect our revenue and profitability;
- Political instability or changes in government could impact the economic situation in India and potentially affect our business;
- Our business performance heavily relies on the market demand and supply for our products or services;
- Changes in regulations or policies by national, state, or local governments in India could negatively impact our business performance;
- If India's debt rating is downgraded by any rating agency, it could harm our business and investment returns;
- Changes in government policies or the political landscape in India could adversely affect our company's business and operations;
- Natural or man-made disasters could negatively impact our financial results and overall condition;
- Our ability to expand our geographical area of operation;

For further discussion of factors that could cause the actual results to differ from the expectations, see the sections/chapters “*Risk Factors*”, “*Business Overview*” and “*Management's Discussion and Analysis of Financial Position and Results of Operations*” beginning on page 28, 119 and 243 respectively of this Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward looking statements reflect the current views as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on the management's beliefs and assumptions, which in turn are based on currently available information. Although our Company believes the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. None of our Company, the Directors, the BRLM, or any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. Our Company and the Directors will ensure that investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

In accordance with the SEBI ICDR Regulations, our Company, will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange for the Equity Shares pursuant to the Issue.

HISTORY

NFP Sampoorna Foods Limited (“the Company”) was incorporated under the Companies Act, 2013, and received its Certificate of Incorporation dated December 13, 2023, bearing Corporate Identification Number U10793HR2023PLC117207 issued by the Registrar of Companies, Central Registration Centre. Prior to incorporation as a public limited company, the business was operated as a partnership firm under the name M/s Nut and Food Processor. Pursuant to a resolution passed by the partners on October 28, 2023, the partnership was converted into a public limited company and the name was changed to NFP Sampoorna Foods Limited. Subsequently, on June 30, 2025, the Company acquired M/s Yashvardhan Food Industries Private Limited on a going concern basis through a share swap agreement dated June 30th, 2025. This acquisition was approved by the shareholders of the Company pursuant to a resolution passed on June 30, 2025.

Further, the Company has changed its registered office from C/o Ashok Gupta, Nathupur, P.S. Rai, Sonipat, Haryana – 131029 to Ground Floor, B-3A & B-3B, Plot No. 70, Najafgarh Road Industrial Area, Rama Road, New Delhi – 110015. Pursuant to this change, our company has received fresh Certificate of Incorporation dated September 24, 2025, bearing Certificate of Incorporation (CIN) U10793DL2023PLC455908 issued by the Registrar of Companies, Delhi.

For Further details, please refer Chapter titled “History and Corporate Structure” beginning on Page no. 169 of this Draft Red Herring Prospectus.

SUMMARY OF OUR BUSINESS

NFP Sampoorna Foods Limited is a diversified and growing food processing and trading company engaged in the procurement, import, processing, grading, packaging, marketing, and distribution of dry fruits. The Company’s core product portfolio includes cashew nuts (raw and processed), makhana (fox nuts), almonds and walnut, catering to domestic and regional markets through B2B, B2C and institutional channels.

NFP Sampoorna Foods Limited sources its Raw Cashew Nuts (RCN) directly from selected farms in African countries, ensuring access to raw materials at competitive prices. These nuts are then processed in-house to produce cashew kernels in a variety of grades, delivering the crispiest and crunchiest cashews to wholesalers and households across India.

To address the growing demand for health-oriented foods, the Company diversified its offerings. In August 2024, makhana was introduced, followed by almonds in March 2025 and walnut in September 2025 (available exclusively through B2G channel) — Makhana and Almond available exclusively through the B2C and B2G channel to align with consumer preference for convenient and nutritious products.

Furthermore, cashew nuts continue to be distributed through both Business-to-Business (B2B) and B2C channels, enabling the Company to effectively cater to a wide range of customer segments and maximize market reach.

This strategic diversification underscores the Company’s commitment to meeting evolving consumer demands while reinforcing its position in the health-focused snacking segment.

For further details, please refer chapter titled “Business Overview” beginning on Page no. 119 of this Draft Red Herring Prospectus.

SUMMARY OF OUR INDUSTRY

India’s food processing industry is a key pillar of the nation's economy, contributing significantly to GDP, exports, employment,

and investment. It accounts for 32% of the country's total food market and 13% of exports. As of 2024, it contributes 8.80% to manufacturing GVA and 8.39% to agriculture GVA. With a rapidly growing consumer base and changing dietary preferences, the sector is projected to reach US\$ 700 billion by 2030. A vital component of this industry is the Indian cashew sector. India is one of the largest cashew producers globally, with cultivation spread over 0.7 million hectares and production exceeding 0.8 million tonnes. The industry supports over 10 lakh livelihoods, especially in rural areas, and is a global leader in cashew processing and exports. Maharashtra leads in production, and processing hubs are now spread across multiple states. Together, these sectors play a crucial role in enhancing food security, farmer incomes, and economic growth.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a better understanding, you should read this section together with “**Business Overview**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on pages 119 and 243 respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial condition and prospects.

If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our cash flows, business, financial condition and results of operations could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risks where the impact is not quantifiable and hence the same has not been disclosed in such risk factors. Investment in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. Before making an investment decision, investors must rely on their own examination of the Issue and us.

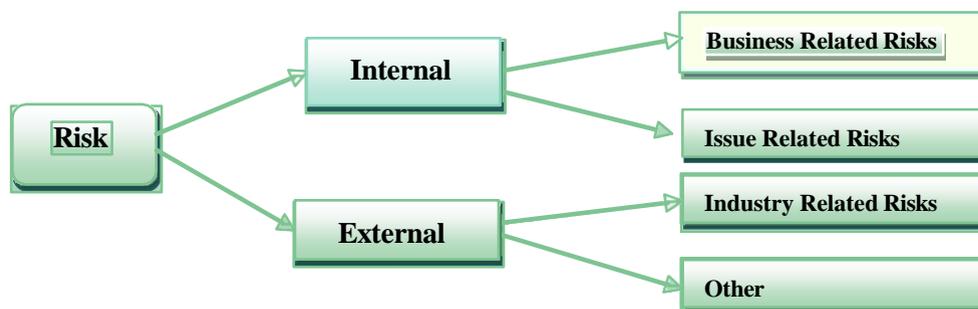

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “**Risk Factors**” beginning on page 28 and “**Management Discussion and Analysis of Financial Condition and Results of Operations**” beginning on page 243 respectively of this Draft Red Herring Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “**Financial Information of the Company**” prepared in accordance with the Accounting Standards (AS).

MATERIALITY

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality:

- Some risks may not be material individually but may be found material when considered collectively
- Some risks may not be material at present but may have a material impact in the near future.
- Some risks may have material impact qualitatively and not quantitatively and vice-versa.

INTERNAL RISK FACTORS:

1. Our processing facility is critical to our operations, and any slowdown, disruption, or shutdown could have a material adverse effect on our business, financial condition, and results of operations.

Our processing facility is critical to our operations, and any slowdown, disruption, or shutdown could have adverse effect on our business, financial condition, and results of operations. We are heavily dependent on the uninterrupted functioning of our sole processing facility located in the Plot No. C-63, RIICO Industrial Area, Ghiloth, Tehsil Neemrana, District Kotputli-Behror, Rajasthan-301705. Any disruption at this facility could significantly impair our ability to process and deliver products in a timely manner, impacting our revenue, profitability, and customer relationships.

In early 2025, we transitioned our processing operations from our previous facility located at Khewat No. 685/568 Min, Khata No. 740, Killa No. 17/3/1/1/1, 3/2/2/1, Village Nathapur, Sonipat, Haryana – 131029, to our newly commissioned facility situated at Plot No. C-63, RIICO Industrial Area, Ghiloth, Tehsil Neemrana, District Kotputli-Behror, Rajasthan – 301705.

During the course of this transition, production was partially suspended during November and December 2024, as well as in March 2025. Trial production at the new facility was conducted during January and February 2025, while our partial operations continued at the old facility until March 2025, without any disruption to normal production activities.

In April and May 2025, operations at the old facility were temporarily suspended to facilitate the complete relocation to the new unit. Regular processing operations at the new facility commenced on June 9, 2025. The interim period of operational inactivity during the relocation process has impacted our revenue generation and financial performance for the transition period.

Any failure to stabilize and efficiently scale operations at the new facility could materially and adversely affect our operations and financial condition. Potential risks include delays in obtaining required regulatory approvals and renewals, labor shortages, supply chain disruptions, and unforeseen technical or operational challenges. Furthermore, if we are unable to achieve optimal utilization of the new facility within expected timelines, under-absorption of fixed costs could place additional pressure on our margins and reduce overall profitability.

Our processing operations are also subject to various operational risks, including but not limited to human error, equipment breakdowns, power outages, obsolescence of machinery, industrial accidents, fires, severe weather conditions, natural disasters (such as earthquakes or floods), acts of terrorism, sabotage, and other unforeseen events. Any significant malfunction or disruption could result in costly repairs, production delays, or temporary shutdowns.

Additionally, the continued operation of our facility depends on the availability of skilled labor and the maintenance of stable labor relations. While our workforce is currently not unionized, we remain exposed to the risk of strikes, lockouts, increased wage demands, or other labor-related disruptions that could interrupt production and result in financial and operational setbacks.

Failure to effectively manage or mitigate these risks may materially impact our business continuity, financial performance, and long-term growth prospects. Till date, we have not experienced any operational disruptions except due to transition of our processing operations which has affected our business, financial condition, or results of operations. However, there can be no assurance that such events will not occur in the future.

2. We are exposed to Risk arising from transition in Company's Procurement Model from High Seas Purchase to Front Load Procurement.

The Company has transitioned from the High Seas procurement model to a Front-End Procurement model. Under the High Seas Model the Company used to Pay Advances of around 10 to 15% for shipments already enrounted to India while under the Front End Procurement Model raw cashews are sourced directly from African origins with 100% advance payments at the time of purchase.

The High Seas Model sometimes lead to procurement of inferior quality raw material because it limited the Company's ability to inspect the goods whereas in Front Load Procurement Model raw materials are Procured from the farmers in Africa under the Personal supervision of Managing Director. While this model has resulted in significant improvement in raw material cost efficiency, better grade realization, and stronger control over quality, it also exposes the Company to certain inherent risks arising from the nature of direct international procurement. These include (i) increased working capital requirements due to full upfront payments before goods are shipped, which could impact liquidity during periods of high procurement; (ii) heightened dependence on overseas suppliers for timely dispatch, consistent quality, and compliance with agreed specifications, (iii) exposure to geopolitical instability, port congestion, customs delays, labour issues, and other logistical constraints in sourcing countries, which may disrupt supply chains; and (iv) foreign exchange fluctuation risk, as procurement is denominated in USD and adverse currency movements could elevate raw material costs. Any delay in shipment, mismatch in quality parameters, change in import regulations, or sudden adverse movement in international cashew prices could affect production scheduling, inventory planning, and overall profitability. To mitigate these risks, the Company has adopted multiple safeguards including engaging with a diversified supplier base across West African regions, doing personally quality assurance checks, These measures collectively help reduce concentration risk and ensure continuity and reliability of raw material supply under the front-end procurement framework.

To date, the Company has not experienced any instance of adverse event that has materially affected its operations or financial performance under the front-end procurement model; however, given the inherent uncertainties associated with international sourcing, the Company cannot provide assurance that such events will not occur in the future.

3. Our factory premises, registered office & corporate office, godown and shop are on rental/lease basis.

Our registered office & corporate office is located at Plot No. 70 B-3A & B-3B, Ground Floor, Najafgarh Road Industrial Area, Rama Road, New Delhi-110015, and our factory premise is located at Plot No. C-63, RIICO Industrial Area, Ghiloth, Tehsil Neemrana, District Kotputli-Behror, Rajasthan-301705. The registered office & Corporate office is taken on lease for a period of 3 years from April 1, 2024 to March 31, 2027 at a monthly rent of ₹85,000/-, with a 5% escalation in rent every 12 months. Our Rent Agreement is also not registered. Any termination of the lease in connection with this property or our failure to renew the same, in a timely manner or at all could adversely affect our operations.

Further, the factory premise are leased from our wholly owned subsidiary, Yashvardhan Foods Private Limited, at a monthly rent of ₹4,50,000/- for a term of 11 months, commencing from December 01, 2025 and ending on October 31, 2026.

We also operate a godown located at Hall – I & II on First Floor, Municipal No. 83, Ward No. III, Gandhi Gali, Tilak Bazar, Delhi-110006, which is taken on lease for a period of 11 months, commencing from August 1, 2025, and ending on June 30, 2026, at a monthly rent of ₹55,000 and 30,000/-month.

Additionally, we operate a retail shop located at Shop No. 40/8, Ground Floor, Gandhi Gali, Fateh Puri, Delhi-110006, which is rented for a period of 11 months, commencing from January 01, 2026, and ending on November 30, 2026, at a monthly rent of ₹1,00,000/-.

The ownership of these properties does not lie with us, and we are dependent on lease/rental arrangements for operating our registered office & Corporate office and factory. There can be no assurance that the terms of the rental agreements will be continued or renewed upon expiry. In the event that the lessor or licensor chooses to terminate or not renew the lease/rental agreements, we may be required to vacate such premises and relocate our operations. Identifying, finalizing, and shifting to alternative premises may lead to business disruptions, time and cost overruns, and could adversely affect our operations, financial performance, and our brand image.

However, as of the date of this Draft Red Herring Prospectus, we have not experienced any termination, non-renewal, or dispute with respect to any of our lease or rental arrangements.

For further details of our properties, please refer "Details of Immovable Properties owned/Leased by our company" on the Chapter titled "Business Overview" beginning on Page 119 of Draft Red Herring Prospectus.

4. We face intense competition which may lead to a reduction in our market share and may cause us to increase our expenditure on marketing and promotion as well as cause us to offer discounts, which may result in an adverse effect on our business and a decline in our profitability.

The food processing and dry-fruits industry in India is highly fragmented and competitive, with numerous players operating across the value chain, including procurement, processing, packaging, and distribution. Competitors range from regional entities with established local networks to national and international companies with significant market presence and brand recognition. Several of these competitors have substantially larger financial and operational resources, advanced technologies, broader procurement networks, established distribution channels, and extensive marketing capabilities.

Such competitors are often better positioned to negotiate favorable raw material prices, respond quickly to changes in consumer preferences, scale operations efficiently, absorb market fluctuations, and invest more aggressively in capacity expansion, branding, and promotional activities. They may also have superior access to capital for working capital requirements, research and development, and technological innovations, giving them potential cost and operational advantages.

As a result, NFP Sampoorna Foods Limited may face challenges in maintaining pricing power, safeguarding margins, retaining existing customers, and acquiring new customers. There is a risk that aggressive strategies by competitors, including price reductions, innovative product launches, and enhanced distribution reach, could impact our market share and profitability.

While the Company is focused on differentiating itself through product quality, efficient procurement practices, operational excellence, and strong customer relationships, there can be no assurance that we will be able to successfully compete with larger, well-resourced, or more established players. Maintaining competitiveness requires continuous investment in production efficiency, product innovation, marketing initiatives, and market development, which may strain resources or limit the pace of growth. However as on date of Draft Red Herring Prospectus, no competitive pressure has materially adversely affected the Company's operations or financial performance, though such risks may arise in the future.

5. The Company has recently undertaken a strategic shift in its business model by adding a trading vertical in addition to its established processing operations. Any failure to effectively manage this diversification could materially and adversely affect our operations and financial condition.

The Company has recently undertaken a strategic shift by adding a trading vertical alongside its established processing operations. Although this diversification aims to strengthen sourcing capabilities and operational scale, any inability to effectively manage the trading vertical may materially and adversely affect our operations and financial condition.

The trading initiative was introduced to: (i) recover indirect procurement costs such as travel, stay, and quality-assessment expenses without impacting processing margins; (ii) leverage bulk-buying power through customer advances and internal funds to negotiate better pricing and logistics; and (iii) widen and strengthen the sourcing network by increasing engagement with farmers and local traders. Leveraging its established procurement relationships, the Company has created an additional revenue stream aligned with its core strengths.

Historically, revenue from operations was primarily derived from processing, contributing 97.90% in FY 2022–23, 92.55% for the period 01.04.2023–20.12.2023, and 99.99% for the period 21.12.2023–31.03.2024 while trading contributed 2.10% in FY 2022–23, 7.45% for the period 01.04.2023–20.12.2023, and 0.01% for the period ended 21.12.2023–31.03.2024. In FY 2024–25, processing contributed 61.57% and trading 38.43%. For the period 01.04.2025–30.11.2025, trading contributed 44.63% while processing contributed 55.37%.

A substantial portion of trading activity occurs in the first quarter, coinciding with the raw cashew harvest season, while the remaining quarters are expected to be predominantly driven by processing revenue. This reflects the Company's transition

toward a more balanced model combining seasonal trading activity with steady processing operations.

Trading activities involve risks distinct from processing, including lower entry barriers, higher competitive intensity, reduced margins, higher working capital requirements, and greater exposure to price fluctuations. Unlike processing, trading offers limited control over product quality, supply-chain predictability, and profitability. Any failure to effectively manage trading activities may materially and adversely affect the Company’s business.

Although no adverse events have occurred to date, there can be no assurance that the Company will successfully balance trading activities with planned growth in processing or manage related counterparty, credit, operational, supply-chain, and market risks. Any adverse developments in the trading vertical or failure to execute this strategic shift could materially and adversely affect the Company’s revenues, profitability, cash flows, and financial condition.

6. Our business is dependent on the timely and cost-effective procurement of quality raw materials, which are subject to seasonality and price fluctuations. Any disruption in procurement may adversely affect our business, results of operations, cash flows, and financial condition.

Our primary raw material, Raw Cashew Nut (RCN), is an agro-based commodity that is seasonal in nature, with harvesting typically occurring between January and June. The seasonal availability of RCN makes accurate demand forecasting and timely procurement critical to our operations. Inaccurate forecasting or misjudgment in procurement may lead to stockouts or excess inventory. While stockouts can result in production disruptions and inability to meet market demand, excess inventory ties up working capital and increases storage and holding costs—both of which can adversely impact our financial performance and liquidity.

Further, RCN prices are subject to fluctuations driven by several factors including climatic conditions, yield, demand-supply dynamics in domestic and international markets, and logistical challenges. Cashew nut quality is assessed based on parameters such as yield, color, moisture, shape, and brightness. Any delay in procurement or inability to procure quality raw material in a timely and cost-effective manner may affect product quality, increase procurement costs, and adversely impact our margins and operating performance.

To mitigate these risks, we rely purchases through established procurement network in Africa through our partners, which includes sourcing directly from local farmers, distributors, and exporters. This network has helped streamline our procurement process and improve cost efficiency.

Since our incorporation on December 13, 2023, we have not experienced any disruptions in raw material procurement that have materially impacted our operations. However, there can be no assurance that such events will not occur in the future. Any failure in procurement planning or disruptions in supply could adversely affect our business, results of operations, and financial condition.

Additionally, below is the cost of material consumed as a percentage of revenue from operations over the relevant periods, reflecting the material intensity of our operations:

Particular	For the Period	% Over Revenue	For the Period	% Over Revenue	For the Period	% Over Revenue	For the Period	% Over Revenue	For the Period	% Over Revenue
	Apr 01, 2025 to November 30, 2025		Apr 01, 2024 to Mar 31,2025		December 20, 2023 to March 31 st , 2024		April 01, 2023 to December 20, 2023		Apr 01, 2022 to Mar 31, 2023

7. Our Company is substantially dependent on the sale of cashew products, and any adverse changes in market conditions, supply, or regulations may materially affect our business, financial condition, cash flows, and reputation.

Our Company is significantly dependent on the sale of products, namely cashews. Any adverse change in the market, supply, or regulatory environment relating to cashews may materially affect our business, financial condition, cash flows, and reputation.

The Company derives a substantial portion of its revenue from the sale of cashews and cashew products, which accounted for approximately 97.82% of revenue for the period ended November 30, 2025 and 97.49% for the period ended March 31, 2025, 99.99% for the period ended from December 21, 2023 to March 31st, 2024, 96.22% for the period ended from April 1st, 2023 to December 20, 2023 and 100% for the period ended March 31, 2023.

The Company’s significant dependence on cashew sales exposes it to risks associated with fluctuations in demand, supply constraints, price volatility, changes in import/export regulations, and adverse climatic conditions affecting cashew production. Any reduction in demand for cashew products or disruption in their supply chain could have a material adverse effect on the Company’s business, financial condition, results of operations, and cash flows.

Although the Company has not experienced such adverse instances in the past, we cannot assure that similar situations will not occur in the future.

For Further details please refer “**Product wise bifurcation of Revenue**” under the Chapter titled “**Business Overview**” beginning of Page No. 119 of Draft Red Herring Prospectus.

8. The Processing of Raw Cashew nuts involve number of stages and during the process the cashew nuts may get broken.

Cashew nut processing is a multi-stage operation involving cleaning, boiling, cooling, de-shelling, drying, moistening, peeling, sorting, and grading. A critical aspect of this process is de-shelling the raw cashew nutshell to extract the kernel without damaging it. The entire process requires careful handling by trained and skilled workers to minimize breakage and preserve the value of whole kernels.

Cashew kernels that break during processing must be sold as broken grades, which typically fetch a lower market price compared to whole kernels. A higher percentage of broken kernels may negatively impact the price we get for our products and affect our profitability.

While minor breakage of cashew kernels is an inherent and routine part of our operations, such instances have occurred only on a small scale and have not had any material adverse effect on our business, operations, or financial condition since incorporation. However, there can be no assurance that an increase in the proportion of broken kernels in the future will not adversely affect our margins and results of operations.

9. We have limited Geographical Presence in the market. Any loss of business from one or more of these states may adversely affect our revenues and profitability

Our Company currently derives a substantial portion of its revenue from a limited number of regions, specifically Delhi NCR, Haryana, and Gujarat. A significant share of our total turnover is generated from these regions, reflecting a continued concentration of our operations and supply chains in these areas.

This geographic concentration makes us vulnerable to region-specific risks such as changes in local regulations, economic downturns, infrastructure disruptions, labor shortages, adverse weather events, political instability, or other natural or man-made calamities. Any such development could disrupt our operations in these key markets and materially impact our revenue and profitability.

Our current regional concentration also limits our ability to mitigate these risks through geographic diversification. Although we have made inroads into other states our overall presence in these markets remains limited.

Despite this concentration, we have not experienced any adverse event relating to regional disruptions that has materially impacted our business, financial condition, or operations since incorporation. However, there can be no assurance that such events will not occur in the future.

10. The Company is dependent on few suppliers for purchase of product. Loss of any of these large suppliers may affect our business operations.

We rely on a limited number of suppliers for the purchase of Material, our dependence on few suppliers is significant. Our top one, five, and ten suppliers have contributed a major portion of the purchases of our company for the period ended November 30th, 2025 and financial years ended March 31, 2025, 2024, and 2023, based on the Restated Financial Statements. A tabular representation of the same is provided below:

We cannot assure that we will be able to get the same quantum and quality of supplies, or any supplies at all, and the loss of supplies from one or more of them may adversely affect our purchases of stock and ultimately our revenue and results of operations. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new suppliers, there can be no assurance that we will be able to maintain long term relationships with such suppliers or find new suppliers in time.

For further details, please refer “Top 10 Suppliers” to the chapter titled “Our Business” beginning on page 119 of this Draft Red Herring Prospectus.

11. We lease certain machinery from a related party, which may create potential conflicts of interest. Such conflicts could negatively impact our business, financial condition, and results of operations.

We lease certain machinery from Yashvardhan Food Industries Private Limited, a wholly owned subsidiary of the Company. While these transactions are conducted in the ordinary course of business and have been approved in accordance with applicable laws, including the Companies Act, 2013 and SEBI ICDR Regulations, they may give rise to potential conflicts of interest that could adversely affect our business, financial condition, and results of operations. The terms of the lease, including rental payments and other conditions, are negotiated on an arm’s length basis. However, because the lease arrangement is with a related party, it may not be possible to fully eliminate the perception of conflicts of interest. Decisions relating to these machinery leases—such as renewals, modifications, or termination—may be influenced by the related party’s interests, which might not always align with the interests of our Company or its public shareholders.

If the lease terms change adversely, or if the related party is unable or unwilling to continue providing the machinery on comparable terms, our operations could be disrupted. In such a case, we may be required to incur additional capital expenditure or higher lease costs to procure alternative machinery. Any of these occurrences may negatively impact our business, financial condition, and results of operations.

Although no such event has occurred in the past, we cannot assure that it will not happen in the future.

12. Our Company has a limited number of customers generating significant portion of revenue from sales. The loss of a key customer in a financial period could significantly reduce our revenue and could have a material adverse effect on our business, future prospects, results of operations and financial condition.

Our Company derives a substantial portion of its revenue from a limited number of customers. The contribution of our top 10 customers towards our total revenue from operations has been significant over the years.

The details of top customers and their revenue contribution for the last 3 years and stub period are as follows:

(In Lakhs)

Given this concentration, the loss of one or more of these key customers, or a significant reduction in the volume of orders from them, may materially and adversely affect our business, revenue, profitability, and future prospects. We cannot assure that we will continue to generate the same level of business from these customers, or any business at all.

While we continue to expand our customer base in the normal course of business and believe that we have the capability to maintain or replace existing customer relationships, there is no assurance that we will be able to retain such key customers or secure new customers without delay.

For further details, please refer “Top 10 Customers” to the chapter titled “Our Business” beginning on page 119 of this Draft Red Herring Prospectus.

13. We do not have long-term agreements with suppliers for our raw materials and an increase in the cost of, or a shortfall in the availability or quality of such raw materials could have an adverse effect on our business, financial condition and results of operations.

The raw materials we use in our processing unit are primarily sourced from from Africa, including countries such as Ghana, Ivory Coast, Benin, Togo, and Conakry and third-party suppliers in India which import from west African region. In addition, we usually do not enter into long-term supply contracts/ agreements with any of our raw material suppliers and typically source raw materials from the open market. The absence of long-term contracts/agreements at fixed prices exposes us to volatility in the prices of raw materials that we require and we may be unable to pass these costs onto our customers, which may reduce our profit margins. We may face a risk that one or more of our existing suppliers may discontinue their supplies to us, and any inability on our part to procure raw materials from alternate suppliers in a timely manner, or on commercially acceptable terms, may adversely affect our business, financial condition and results of operations.

The quality of our products is heavily dependent on the quality of our raw materials. If the quality of these raw materials deteriorates, it will negatively impact the quality of our products, our market reputation, and ultimately, our sales

volumes. Furthermore, we cannot guarantee a consistent supply of high-quality raw materials or maintain our current supplier relationships. Any disruptions or deficiencies in our raw material supply chain could have adverse consequences for our business.

Although we have not experienced such circumstances since incorporation, there can be no assurance that these situations will not arise in the future.

For further details, please refer “Top 10 Suppliers” to the chapter titled “Our Business” beginning on page 119 of this Draft Red Herring Prospectus.

14. Our Company is subject to high working capital requirements and our inability to fund these requirements in a timely manner may adversely impact our financial performance.

Our Company is engaged in the processing and trading of cashew nuts, foxnut, almonds and walnut, which are working capital-intensive activities. We require significant working capital to fund the purchase of raw materials, inventory holding, and processing operations.

Our net working capital requirement has been increasing in line with our business growth. For the fiscal year 2025-26, 2026–27, our estimated working capital requirement is ₹1,908.44 lakhs and ₹3,303.19 lakhs respectively, 2,182.34 lakhs for the period ended November 30, 2025, as compared to ₹1,219.60 lakhs for FY 2024–25, ₹1,234.37 lakhs for FY 2023–24, and ₹720.37 lakhs for FY 2022–23.

As of the date of this Draft Red Herring Prospectus, we have been meeting our working capital needs through internal accruals, secured and unsecured working capital facilities from banks. However, there can be no assurance that these sources will continue to be available or sufficient to meet our requirements in the future.

Increased business activity may lead to a widening gap between trade receivables and trade payables, placing additional strain on our financial resources and possibly resulting in higher reliance on short-term borrowings. In the event we raise additional funds through debt, our interest obligations and repayment liabilities may increase, adversely affecting our profitability and cash flows.

While we have not experienced any significant disruptions in our operations due to working capital constraints since incorporation, there can be no assurance that we will not face such challenges in the future.

For further details, please refer to the chapter titled “Objects of the Issue” beginning on page 85 of this Draft Red Herring Prospectus.

15. The Company’s business involves the processing and sale of food products, including cashews and other nuts. Any contamination or adulteration of these products could lead to product liability claims, regulatory actions, or reputational damage.

The Company’s business involves the processing and sale of food products, including cashews and other nuts. Any contamination, adulteration, or failure to maintain required safety and quality standards in these products could lead to product liability claims, regulatory actions, recalls, or legal proceedings.

Such events could result in financial losses, reputational damage, loss of consumer confidence, and adverse impact on business operations and profitability. While the Company has implemented stringent quality control and food safety measures, there can be no assurance that contamination or adulteration incidents will not occur in the future. Any such occurrence could have a material adverse effect on the Company’s business, financial condition, results of operations, and cash flows.

As one date of Draft Red Herring Prospectus, the Company has not experienced any incidents of contamination or adulteration of its products.

16. Our Company have experienced negative cash flows in the past years and may do so in the future, which could have a material adverse effect on our business, prospects, financial condition, cash flows and result of operations.

Particulars	Period	₹ in Lakhs

Cash flows of a company is a key indicator to show the extent of cash generated from the operations of a company to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

For further details, see section titled “*Restated Financial Statements*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages no. 201 and 243, respectively of this Draft Red Herring Prospectus

17. We are dependent on third party transportation service providers for delivery of raw material to us from our suppliers and delivery of our products to our customers.

Our business relies on timely procurement of raw materials from our suppliers and prompt delivery of finished goods to our customers, particularly during peak demand periods such as festivals. To facilitate this, we depend on third-party transportation service providers. Any delay, inefficiency, or default on the part of these transporters may result in supply chain disruptions, delayed customer deliveries, and potential loss of business and goodwill, which could adversely affect our operations and financial performance.

Moreover, fluctuations in fuel prices due to changes in government policies may lead to increased transportation costs. If we are unable to pass on such increased costs to our customers, it may adversely impact our margins and profitability.

We have not entered into formal contracts or long-term agreements with these transportation service providers. Transportation arrangements are made based on mutual understanding and prevailing market rates. In the absence of binding contracts, we cannot assure the continuous availability of such services on favorable terms.

Although we have not experienced any material disruptions or delays in transportation or adverse impact on our business due to such reliance since incorporation, there can be no assurance that such events will not occur in the future. Any such occurrence may adversely impact our business, results of operations, and financial condition.

For further details, please refer “**Utilities and Infrastructure Facilities**” to the chapter titled “Business Overview” beginning on page 119 of this Draft Red Herring Prospectus.

18. Any Failure to maintain consistent quality standards in our raw materials and finished products may adversely affect our brand, customer relationships, and business performance.

The success of our business is heavily dependent on our ability to procure high-quality raw materials. In the case of Raw Cashew Nuts (RCN), several parameters are considered for assessing quality, such as color, shape, brightness, and the exterior appearance.

We procure our 60-70% of RCN directly from regions such as Ghana, Ivory Coast, Benin, Togo, and Conakry, and remaining RCN we procure domestically from importers which directly procuring from African region, and ensure quality checks are conducted before purchase. The quality of the raw material directly impacts the quality of the finished goods. Any lapse in quality control during procurement may compromise the final product quality, which could result in customer dissatisfaction and loss of trust. This, in turn, could adversely affect our reputation, revenue, and business operations.

Note: The above return figures include both returns replaced with new products and cases where customers were compensated through discounts or credit notes. These are not absolute product returns but represent total value adjustments made for quality-related claims.

19. We have not identified any alternate source of financing the ‘Objects of the Issue’. If we fail to mobilize resources as per our plans, our growth plans may be affected.

Our Company has not identified any alternate source of funding for our working capital requirement, hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability.

The delay/shortfall in receiving these proceeds could result in inadequacy of working capital or may require our Company to borrow funds on unfavorable terms and increase our interest obligations, both of which scenarios may affect the business operation and financial performance of the Company.

For further details of our Object for the Issue, please refer chapter titled “Object for the Issue” beginning on Page 85 of this Draft Red Herring Prospectus.

20. Our Company is exposed to risk of doing business in foreign countries due to the constantly changing economic, regulatory, social and political conditions in the jurisdictions in which we operate and seek to operate, which could adversely affect our business, financial conditions including margins and results of operations.

Our Company procures the majority of its raw materials through imports from Africa, including countries such as Ghana, Ivory Coast, Benin, Togo, and Conakry.

Operating in international markets exposes us to a number of risks, including, but not limited to, compliance with local laws and regulations, which can be onerous and costly due to their complexity and frequent amendments. The associated liabilities, penalties, costs, obligations, and requirements can be substantial. Failure to comply with or adapt to evolving international regulations and market trends may limit our ability to sustain or grow our international procurement and operations, which could adversely affect our business, financial condition, and results of operations.

While we have not experienced significant disruptions related to these factors since incorporation, there can be no assurance that such events will not occur in the future.

21. We have entered into certain transactions with related parties. These transactions or any future transactions with our related parties could potentially involve conflicts of interest.

We have entered into certain transactions with related parties with our Promoter, Promoter Group, Directors and their relatives, all transactions with related parties entered into by the Company in past were at arm’s length basis, in compliance with applicable provisions of Companies Act, 2013 and other applicable provisions. Further we may continue to have related party’s transaction in future, but we cannot provide assurance that we could have achieved more favorable terms had such transactions been entered with third parties.

Our Company may enter into such transactions in future as well and we cannot assure that in such events there would be no adverse effect on results of our operations, although going forward, all related party transactions that we may enter will be subject to Audit Committee, Board of Director’s or shareholder approval, as under the Companies Act, 2013 and SEBI (LODR) Regulations 2015.

For further information please Refer note no. please refer to “Annexure- 39” Related Party Transactions” beginning on page 236 of Restated Financial Information of this Draft Red Herring Prospectus.

22. If we are unable to accurately estimate the demand for our products, our business, financial condition and results of operation may be adversely affected.

Our procurement of raw materials is primarily based on internal forecasts, which rely on historical sales trends, seasonal patterns, and the management’s subjective assessment of anticipated market demand. Any inaccuracies in demand forecasting may result in either overstocking or understocking of raw materials.

Overestimation may lead to excess inventory, increased storage costs, blockage of working capital, and risk of material deterioration or obsolescence. On the other hand, underestimation may lead to raw material shortages, production delays and potential loss of customers.

While we strive to monitor market trends and adjust procurement accordingly, we cannot assure that our forecasting will always be accurate. As of the date of this Draft Red Herring Prospectus, although we have not experienced any material adverse impact due to forecasting errors, there can be no assurance that such issues will not arise in the future. Any significant deviation in forecasting accuracy may materially and adversely impact our business operations, profitability, and financial performance.

23. The Company’s products, including cashews and other food items, are exposed to the risk of counterfeit, cloned, or pass-off products in the market. Such unauthorized products could mislead consumers, reduce sales, and adversely affect the Company’s brand reputation.

The Company’s products, particularly cashews and other food items, enjoy a certain level of brand recognition and consumer trust in the market. However, the Company is exposed to the risk of counterfeit, cloned, or pass-off products being sold in the market under similar branding or packaging. Such unauthorized products may mislead consumers, dilute the brand image, reduce sales, and adversely affect the reputation and goodwill of the Company.

Although the Company has implemented measures to protect its brand and monitor the market for such activities, including strict quality controls, trademark, there can be no assurance that such instances will not occur in the future. Any occurrence of such unauthorized or misleading products could result in consumer dissatisfaction, legal disputes,

loss of revenue, and a material adverse effect on the Company's business, financial condition, results of operations, and cash flows. The Company continues to take proactive steps to safeguard its brand and maintain consumer trust, but the risk of counterfeit products remains inherent to its business.

As one date of Draft Red Herring Prospectus, the Company has not experienced any incidents of counterfeit, cloned, or pass-off products impacting its business. However, there can be no assurance that similar incidents will not occur in the future.

24. Yashvardhan Food Industries Private Limited ("YFIL") is currently inactive in trading and processing; however, its business objectives, as stated in the Memorandum of Association, may align with the Company's operations in the future, potentially leading to competitive or strategic risks.

The Company's subsidiary, Yashvardhan Food Industries Private Limited ("YFIL"), continues to retain certain trading-related objects in its Memorandum of Association. However, YFIL has not undertaken any trading or processing activities since its conversion into a private limited company, and its current operations are limited to leasing industrial property and plant & machinery to the Company.

While there is currently no business overlap or conflict of interest between the Company and YFIL, subsidiary retains objects that could, in the future, relate to trading or processing activities. Although the Company has implemented a policy to identify and manage any potential conflicts of interest, there can be no assurance that any future conflicts of interest will be fully mitigated.

For further details please refer the heading Subsidiaries of the Company under the Chapter titled "History and Corporate Structure" beginning on Page no. 169 of Draft Red Herring Prospectus.

25. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and have not been independently appraised, and may be subject to change based on various factors, some of which are beyond our control.

The proposed utilization of the Net Proceeds from the Issue is based on our management's internal estimates, taking into account the current business plan and prevailing market conditions. These estimates have not been appraised or independently verified by any bank, financial institution, or other external agency. Accordingly, there is no assurance that the actual requirements will not vary from such estimates.

Further, in the event of any variation in the objects of the Issue or the deployment of funds, we may be required to obtain prior approval of our shareholders by way of a special resolution pursuant to Section 27 of the Companies Act, 2013, through a postal ballot or general meeting. Such variation may be due to factors beyond our control, including changes in market conditions, business priorities, or unforeseen expenses.

For further details, please refer to the section titled "Objects of the Issue" beginning on page 85 of this Draft Red Herring Prospectus.

26. There have been instances of delays in few EPF payment dues, and we cannot assure you that no legal proceedings or regulatory actions will be initiated against our Company in the future. Any adverse outcome of such actions may materially affect our business, financial condition, cash flows, and reputation.

There have been instances of delays in the payment of Employees' Provident Fund ("EPF") dues by our Company in the past. Although the delayed payments were subsequently made along with the applicable penal interest or additional fees, there can be no assurance that such delays will not occur in the future or that our Company will not be subjected to any penalties, fines, or regulatory proceedings as a result of any such delays or non-compliance.

Details of past instances of delay in EPF payments are as follows:

Wage Month	Amount (Rs.)	Challan No /Date	Due date of deposit	Number of days delayed	Reasons as informed by the company
December-2023	31,624	2012401012030 dated 16.01.2024	15.09.2024	01 (One)	Delay due to technical issues on portal
February-2024	93,298	2012403007085 Dated 19.03.2024	15.05.2024	04 (Four)	Delay due to technical issues on portal
April- 2024	42,486	2012405010177 Dated 16/05/2024	15.03.2024	01 (One)	Payment could not be made in time due to portal issues
August-2024	161087	2012409010035 dated 17.09.2024	15.01.2024	02 (Two)	Payment could not be made in time due to portal issues

While the aforementioned delays were not deliberate and primarily attributable to technical issues on the EPFO portal, there is no assurance that similar issues will not arise in the future. Further, any repeated or prolonged delays could result in the imposition of penalties, interest, or other regulatory actions by the concerned authorities. Such actions, if initiated, may have a material adverse effect on our reputation, business operations, cash flows, and financial condition.

To prevent delays in EPF submissions, the company has taken the following steps:

- Compliance Calendar:** We have created a calendar to track key deadlines, ensuring EPF returns are submitted on time between the 7th and 12th of each month.
- Automated Reminders:** We have set up automated alerts in our payroll system to remind the finance or HR team before the due dates.
- Backup Personnel:** More than one team member is now trained to handle EPF filings, so there's coverage if the main person is unavailable.
- Appointment of Company Secretary:** A qualified Company Secretary has been appointed to further strengthen compliance monitoring and ensure adherence to all statutory obligations, including EPF submissions.

By implementing these corrective measures, we aim to minimize the risk of non-compliance with statutory requirements, ensuring timely completion of our projects and maintaining compliance with regulatory requirements.

27. There have been instances of delays in filing returns of GST & ROC Forms, and we cannot assure you that no legal proceedings or regulatory actions will be initiated against our Company in the future. Any adverse outcome of such actions may materially affect our business, financial condition, cash flows, and reputation.

There have been instances of delays in filing returns under the Goods and Services Tax ("GST") laws and filing forms with the Registrar of Companies ("ROC") by our Company in the past. While no material penalties or proceedings have been initiated against us in relation to such delays as of the date of this Draft Red Herring Prospectus, we cannot assure you that such delays will not occur in the future or that no regulatory or legal proceedings will be initiated against us in this regard. Any adverse action by the GST authorities & RoC, including the imposition of penalties, interest, or initiation

of legal proceedings, may have a material adverse effect on our business, financial condition, results of operations and cash flows.

The details of instances of GST delays are provided below:

Period / Return Type	GSTIN	Due Date	Actual Filing Date	Delay (in days)	Remarks

Reasons for Delay

- a. **GST Filings:** The delay in filing the GSTR-1 return for **January 2025** was primarily due to a temporary technical issue on the GST portal, which affected the submission process.

The delay in filing the GSTR-1 return for **April 2025** occurred due to a temporary cancellation of GST registration, which was subsequently revoked upon application and resolution with the GST authorities.

RoC Filings: The delay in filing of the Board Resolution for FY 2025–26 occurred due to temporary technical glitches

encountered during the e-filing process. The delay was procedural in nature and not attributable to any non-compliance or omission on the part of the Company.

The delays in filing certain RoC forms were on account of administrative oversight and internal coordination gaps during a period of increased corporate activity.

b. Corrective Actions:

The Company has strengthened its internal compliance to ensure timely filings under all applicable laws. Company Secretary has also implemented an enhanced internal monitoring and reminder system for all statutory filings.

The temporary GST registration issue has been also completely resolved, and regular filing has resumed without further delays.

c. Impact on Business and Financials

The said delays were procedural in nature and have not resulted in any material penalty, litigation, or adverse regulatory action against the Company. All applicable additional fees have been duly paid.

While we are taking steps to improve our internal compliance processes, including reconciliation and monitoring of GST filings, there is no assurance that delays may not occur from time to time in the future.

28. If we are not able to attract and retain sufficient qualified and trained personnel at our processing and packaging units which may adversely affect our business.

If we are not able to attract and retain sufficient qualified and trained personnel at our processing and packaging units, it may adversely affect our business operations and profitability. The processing of raw cashew nuts involves multiple stages where precision and care are essential to minimize breakage and ensure product quality. Accordingly, the Company relies on skilled and semi-skilled staff to maintain its standard of quality and production efficiency.

During FY 2024–25, our Company experienced a higher attrition rate primarily due to the transition from our earlier facility at Sonipat, Haryana, to our new automated plant at Neemrana, Rajasthan. Although this increase was temporary and operations have since stabilized, there can be no assurance that attrition levels will not rise in the future. The attrition data for the past three financial years and stub period is provided below:

Particulars	No. of Employees			Attrition Rate
	Opening	Closing	Average Employees	
2022-2023	50	63	56.5	0%
2023-2024	74	70	72	5.55%
2024-2025	70	58	64	18.75%
2025-2026 (till 30 November, 2025)	65	140	102.50	0%

Although we have not experienced any material disruption due to incentives to keep the skilled staff for a longer period. There can be no assurance that efficiency rates of our personnel will increase or maintained throughout their working. We have migrated from manual to automation in our plant however we still require Semi skilled Resources to perform the job which are readily available and enough resources are available to train them within our premises, there can be no assurance that we will always be able to recruit or train replacements in a timely manner, particularly in the event of labor unrest, high attrition, or unforeseen disruptions. labor shortages since incorporation, there can be no assurance that such disruptions will not occur in the future, and if they do, they may significantly impact our productivity, result in customer

dissatisfaction, and adversely affect our revenue and overall business operations.

For further details refer “Human Resource” on in Chapter Titled — Business Overview beginning on page 119 of this Draft Red Herring Prospectus.

29. The average cost of acquisition of Equity shares by our Promoters is lower than the Issue price, which may result in a difference in returns on their investment compared to investors subscribing in this Issue:

The average cost of acquisition of Equity Shares by our Promoters is lower than the Issue Price. Accordingly, there may be a difference in the returns realized by our Promoters on the sale of their Equity Shares as compared to the returns that may be available to investors subscribing to the Equity Shares in this Issue. The details of average cost of acquisition of Equity Shares acquired by our Promoters is set out below:

Name of the Promoter	No. of Shares held	Average Cost of Acquisition per Share (In Rs.)
Praveen Goel	4,373,513	11.79
Yashvardhan Goel	35,63,310	10.83
Anju Goel	100	10.00

**The average cost of acquisition of Equity Shares by our Promoter has been calculated by taking into account the amount paid by them, by way of fresh issuance or transfer, the Equity Shares less amount received by them for the sale of Equity Shares through transfer, if any and the net cost of acquisition has been divided by total number of shares held as on date of the Draft Red Herring Prospectus.*

30. Our ability to maintain our competitive position and to implement our business strategy is dependent to a significant extent on our senior management team and other key personnel, in particular, our Promoter.

Our future growth and operational success are highly dependent on the continued service and expertise of our Promoters and key management personnel. Mr. Praveen Goel, our Chairman and Non-Executive Director, has over 29 years of entrepreneurial experience across food processing, logistics, coal trading, and building materials. Mr. Yashvardhan Goel, our Managing Director, has over 6 years of experience in food processing, logistics, and international trade and is actively involved in driving business operations and expansion. Mrs. Anju Goel, our Whole-time Director, has relevant experience in business administration, project management, and customer relations. Our Chief Financial Officer, Mr. Anil Kumar Gupta, is a finance professional with nearly 20 years of experience in accounting, taxation, and statutory compliance. Any unavailability or loss of any of these key individuals, without adequate and timely replacement, may adversely impact our operations, strategic initiatives, and overall business performance.

Although we have not faced any disruption due to the loss of key personnel to date, we cannot assure that such an event will not occur in the future.

For further details, please refer Chapter titled “Our Management” beginning on page no. 175 respectively of this Draft Red Herring Prospectus.

31. Our business requires us to obtain and renew certain registrations, licenses and permits from government and regulatory authorities and the failure to obtain and renew them in a timely manner may adversely affect our business operations.

Our Company requires certain statutory and regulatory permits, licenses and approvals to operate our business, some of which our Company has either received, applied for or is in the process of application. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Non-renewal of the said permits and licenses would adversely affect our Company’s operations, thereby having a material adverse effect on our business, results of operations and financial condition. Further, there can be no assurance that the relevant authorities will issue any of such permits or approvals in the time-frame anticipated by us or at all. Furthermore, our regulatory permits and approvals are subject to numerous conditions, some of which are onerous and require us to make substantial expenditure and we cannot provide any assurance that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to the statutory authorities, which may lead to the cancellation, revocation or suspension of the relevant permits, licenses or approvals. Any failure by us to apply in time, to renew, maintain or obtain the required permits,

licenses or approvals, or the cancellation, suspension or revocation of any of the permits, licenses or approvals may result in the interruption of our operations and may have a material adverse effect on our business. If we fail to comply with all the regulations applicable to us or if the regulations governing our business or their manner of implementation change, we may incur increased costs, or be subject to penalties or may suffer a disruption in our business activities, any of which, could adversely affect our business or results of operations.

In the past, we have consistently obtained and renewed the required licenses and approvals within the stipulated timelines and have not experienced any operational delays due to lapses in licensing or regulatory compliance. However, there can be no assurance that such permits or approvals will be granted or renewed in the timeframe anticipated by us or at all, which could adversely affect our business and results of operations.

For further details, please see “Key Industry Regulations and Policies and Government” and “Other Statutory Approvals” beginning on page nos. 160 and 264 respectively of this Draft Red Herring Prospectus.

32. *We may not be successful in implementing our business strategies.*

Our growth strategies require us to develop and strengthen relationships with existing customers for our business who may drive high sales volume. To remain competitive, we seek to increase our business from existing customers and by adding new customers, as well as expanding into new geographical markets

Our success in implementing our growth strategies maybe affected by:

- Our ability to maintain the quality of our services;
- Our ability to increase our geographic presence;
- Our ability to compete effectively with existing and future competitors,

Many of these factors are beyond our control and there is no assurance that we will succeed in implementing our strategies. While we have successfully executed our business strategies in the past, there can be no assurance that we will be able to execute our strategies on time and within our estimated budget, or that our expansion and development plans will increase our profitability. Any of these factors could adversely impact our results of operations. We expect our growth strategies to place significant demands on our management, financial and other resources and require us to continue developing and improving our operational, financial and other internal controls. Our inability to manage our business and growth strategies could have a material adverse effect on our business, financial condition and Profitability. However, we had not faced any past instances, but we cannot guarantee that such situations will not arise in the future.

For further details, please refer “Our Strategies” on the Chapter titled “Our Business” beginning on page no. 119 of this Draft Red Herring Prospectus.

33. *We have unsecured loans from promoters, directors and their relatives, which are repayable on demand. Any demand from lenders for repayment of such unsecured loans, may adversely affect our liquidity and business operations.*

As per our restated consolidated financial statements, as on November 30, 2025, we have unsecured loan of Rs.83.03 lakhs from promoters, promoter group and directors which is repayable on demand. Any demand from them for repayment of such unsecured loans, may adversely affect our liquidity and business operations.

Although we have not faced such situation till date, we cannot assure that the same will not occur in the future.

34. *We operate in a competitive market, facing challenges from both domestic and multinational corporations and our inability to compete effectively may have a material adverse impact on our business, financial condition and results of operations.*

We face intense competition in our industry, with competitors challenging us on pricing, customer relationships, product quality, customization, and innovation. Pricing pressures from companies with lower production costs may force them to offer cheaper products, potentially impacting our market share. We cannot guarantee that we can match these prices, which could harm our business, financial condition, and results of operations.

Furthermore, some competitors possess greater financial, research, and technological resources, larger sales teams, and more established reputations. They may be better equipped to:

- Identify market trends and adapt to industry changes
- Innovate and develop new products
- Offer competitive prices due to economies of scale
- Ensure product quality and compliance

This competitive disadvantage could impact our ability to attract and retain customers, maintain market share, and achieve profitability.

35. *Our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.*

Our Company has not paid any dividend on its Equity Shares in the past Financial Years. The amount of future dividend payments, if any, will depend upon a number of factors, such as our future earnings, financial condition, cash flows, working capital requirements, contractual obligations, applicable Indian legal restrictions, capital expenditures and cost of indebtedness.

In addition, our ability to pay dividends may be impacted by a number of factors, including restrictive covenants under the loan or financing agreements our Company may enter into. Even in years in which we may have profits, we may decide to retain all of our earnings to finance the development and expansion of our business and, therefore, may not declare dividends on our Equity Shares. There can therefore be no assurance that we will be able to pay dividends in the future. For further details, see section "Dividend Policy" on page 195 of this Draft Red Herring Prospectus.

36. *Our Company does not have any firm arrangements and has not entered into any written agreements or contracts with the wholesalers and dealers who are responsible for carrying out the distribution and sale of our products.*

Our company currently does not have any firm arrangements or written agreements with the wholesalers and dealers through whom our products are made available in the market. This lack of formal contracts may lead to uncertainties with inconsistent product availability at retail points, including inconsistent product availability, pricing issues, and potential conflicts in priorities. The absence of binding agreements could adversely affect our ability to effectively manage our supply chain, respond to market demands, and maintain relationships with wholesalers and dealers. If these challenges are not addressed, they could negatively impact our sales, brand reputation, and overall business operations. As we rely on our wholesalers and dealers for our sales, any one of the following events could adversely impact or result in a decrease in our sale of products and consequently impact our business, results of operations, financial condition and cash flows:

- failure to maintain relationships with our existing wholesalers and dealers;
- failure to establish relationships with new wholesalers and dealers, on favorable terms or at all;
- inability to timely identify and appoint additional or replacement of wholesalers and dealers on loss of one or more of our wholesalers and dealers;
- reduction, delay or cancellation of orders from our wholesalers and dealers; and
- disruption in delivery of our products to our wholesalers and dealers and by our wholesalers and dealers to retailers.

Although we have not faced any material disruption in our operations due to the absence of formal agreements with wholesalers and dealers till date, we cannot assure that such disruptions will not occur in the future.

37. *Any future issuance of Equity Shares may dilute the shareholding of the Investor or any sale of Equity Shares by our Promoter or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.*

Any future issuance of Equity Shares, or securities convertible into Equity Shares, by our Company may dilute the shareholding of existing investors. Additionally, the sale or perceived possibility of sale of a substantial number of Equity Shares by our Promoter or other significant shareholders in the public market after the expiry of the applicable lock-in periods could adversely affect the trading price of our Equity Shares and may also impact our ability to raise

additional capital through equity offerings in the future.

While the entire post-Issue shareholding of our Promoters and certain other shareholders will be subject to lock-in for a period of one (1) year from the date of allotment of Equity Shares in the Issue, and the minimum promoter contribution, to the extent of at least 20% of the post-Issue paid-up share capital, will be locked-in for a period of three (3) years as per applicable SEBI ICDR Regulations, there can be no assurance that the market will not anticipate or react negatively to potential future sales.

For further details regarding the lock-in of Equity Shares, please refer to the section titled “*Capital Structure*” beginning on page 72 of this Draft Red Herring Prospectus.

Any such future dilution, actual or perceived, or any significant sale of Equity Shares by our Promoter or other major shareholders may adversely impact the market price and overall investor confidence in our Company.

38. Our insurance coverage may be inadequate to satisfy future claims against us.

We maintain insurance coverage which is typical in our industry which we believe to be commercially appropriate for risks. However, such insurance may not cover all our losses or liabilities that may arise from our operations. Our insurance policies contain exclusions and or all limitations on coverage, as a result of which, we may not be able to successfully assert our claims for any liability or loss under the said insurance policies.

Additionally, there may be various other risks and losses, specially arising out of our business agreements, for which we are not insured because such risks are either uninsurable or not insurable on commercially acceptable terms. Furthermore, there can be no assurance that in the future we will be able maintain insurance of the types or at levels which we deem necessary or adequate or at premiums which we deem to be commercially acceptable. The occurrence of an event for which we are not insured, where the loss is in excess of insured limits or where we are unable to successfully assert insurance claims from losses, could result in uninsured liabilities. Further, despite such uninsured losses we may remain obligated for any future financial indebtedness or other obligations related to our business. Any such uninsured losses or liabilities could result in an adverse effect on our business operations, financial conditions and results of operations. Although since incorporation, we have not suffered any uninsured loss or liability that has materially harmed our business, there can be no assurance that such events will not occur in the future.

The details of the insurance coverage of the Company as a percentage of tangible assets and Inventories for the last three financial years and the Stub period are provided below:

Insurance Coverage Ratio:

For Assets (In Lakhs)				
Particular	2025-26 (Till November 30 th , 2025)	2024-25	2023-24	2022-23
Total Assets	1,475.67	421.48	139.50	119.55
Insurance Value	1300.00	95	55	55
% coverage ratio	88%	23%	39%	46%

For Inventories (In Lakhs)				
Particular	2025-26 (Till November 30 th , 2025)	2024-25	2023-24	2022-23
Total Inventories	1,137.64	781.50	681.36	269.83
Insurance Value	1,137.64	781.50	600	269.83
% coverage ratio	100%	100%	88%	100%

Certain insurance policies are held in the name of Yashvardhan Food Industries Private Limited, which is our wholly owned subsidiary.

For further details, please see “Insurance Details” on the Chapter titled “Business Overview” beginning on page no. 119 of this Draft Red Herring Prospectus.

39. We have an outstanding indebtedness which includes secured and unsecured loan, which requires significant cash flows to service and are subject to certain conditions and restrictions in terms of our financing arrangements, which restricts our ability to conduct our business and operations in the manner we desire.

As of November 30, 2025, our secured and unsecured borrowing as on standalone basis were ₹1,410.24 Lakhs and we will continue to incur additional indebtedness in the future as deemed appropriate by our Board of directors from time to time. Our level of indebtedness has important consequences to us, such as:

- Increasing our vulnerability to general adverse economic, industry and competitive conditions;
- Limiting our ability to borrow additional amounts in the future;
- Affecting our capital adequacy requirements;
- Increasing our finance costs.

In the event we breach any financial or other restrictive covenants contained in any of our financing arrangements or in the event we had breached any terms in the past which is noticed in the future, we may be required to immediately repay our borrowings either in whole or in part, together with any related costs. If the lenders of a material amount of the outstanding loans.

For further details, please see “please refer to “Statement of Financial Indebtedness” on page 240 of this Draft Red Herring Prospectus.

40. Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.

As on the date of this Draft Red Herring Prospectus, our Promoter and Promoter Group holds 99.99% of the issued and outstanding paid-up share capital of our Company. Following the completion of the Issue, our Promoter and Promoter Group will continue to hold together [●]% of our post-Issue Equity Share capital. As a result, they will have the ability to influence matters requiring shareholders’ approval, including the ability to appoint Directors to our Board and the right to approve significant actions at Board and at shareholders’ meetings, including the issue of Equity Shares and dividend payments, business plans, mergers and acquisitions, any consolidation or joint venture arrangements, any amendment to our Memorandum of Association and Articles of Association, and any other business decisions. We cannot assure you that our Promoters and Promoter Group will not have conflicts of interest with other shareholders or with our Company. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

For further details regarding our shareholding, please refer to chapter titled “Capital Structure” beginning on Page 72 of this Draft Red Herring Prospectus.

41. The issue price of the Equity Shares may not be indicative of market price of our equity shares after the issue and the market price of our Equity shares may decline below the issue price.

The issue price of our Equity shares is decided on the basis of both qualitative and quantitative factors. The Company had made good progress in establishing its name in the Cashew Nuts production and trading. All such points have been considered in deciding the issue price of the Equity Shares. Please refer chapter titled “Basis for Issue Price” beginning on the page 101 of the Draft Red Herring Prospectus. The market price of our equity shares could be subject to change after the issue and may decline the below the issue price.

42. We have significant power requirements for continuous functioning of our processing and packaging units. Any disruption to our operations on account of interruption in power supply or any irregular or significant hike in power tariffs may have an adverse effect on our business, results of operations and financial condition.

The machinery and equipment installed at our Processing Unit consume power and the same is sourced by our Company from Jaipur Vidyut-Vitran Nigam Limited. Our Company has a total sanctioned load of 110.32 Kilowatts and we also

have one (1) generator at our Processing Unit to have a continuous power supply. As the processing and packaging activities are significantly dependent on power supply, any interruptions in power supply may disrupt our operations resulting into delays in production schedules, under-utilization of machinery, increased operational costs, or spoilage of raw materials.

Further, we have limited options in relation to maintenance of power back-ups such as diesel generator sets and any increase in diesel prices will also increase our operating expenses which may adversely impact our business margins. Since we have significant power consumption, any unexpected or significant increase in its tariff can increase the operating cost which may negatively affect our business, financial condition and results of operations.

Although we have not experienced any significant disruption since incorporation, there can be no assurance that such disruptions will not occur in the future, which may adversely affect our business operations, financial condition, and results of operations.

43. If we are unable to regularly offer new products or if we fail to timely respond to changes in consumer tastes and preferences our business and results of operations would be adversely affected.

We offer a range of dry fruit products, including Cashews, Almonds, Foxnuts and walnut, in various grades and packaging options to cater to differing customer preferences. However, the markets in which we operate are dynamic and may require frequent introduction of new variants, formats, or healthier options to meet evolving consumer demand.

Our product planning is based on past consumption patterns and anticipated trends, but any mismatch between our forecasts and actual market demand—particularly in the introduction of new products—may result in inventory build-up, lower sales, or the loss of existing customers. Launching new products requires execution of several steps such as market research, customer testing, and supply chain readiness, and there is no assurance that these efforts will always lead to successful outcomes.

Although our products are positioned as healthy and natural, consumer preferences are influenced by broader health trends, dietary fads, and nutritional awareness, which can shift rapidly. Public concern over issues such as food safety, allergens, product sourcing, or nutritional value—despite our offering being generally perceived as healthy—may still adversely affect consumer demand or increase our compliance and marketing costs.

Consumer tastes in our industry are difficult to predict and are susceptible to change due to lifestyle shifts, media influence, or innovations by competitors. If we fail to timely identify and respond to these changing preferences or are unable to launch relevant products, it may put our offerings at a competitive disadvantage.

Product wise bifurcation of Revenue are tabulated as follows:

44. Our Company is subject to the risk of currency fluctuations and floating exchange rates.

Our Company is involved in various import operations with international suppliers and has to make payments to its international suppliers in U.S. Dollars as per their terms and conditions. Our import operations make us susceptible to the risk of currency fluctuations, which may directly affect our operating results. As we conduct business in foreign currencies, fluctuations in the exchange rates between the Indian Rupee and foreign currencies, especially the U.S. Dollar, can significantly impact the value of our revenues and expenses. We may experience gains or losses on foreign currency fluctuations. These risks related to foreign exchange fluctuations could have a material adverse effect on our results of operations, financial condition, and overall business prospects.

Although we have previously experienced currency fluctuations especially in U.S. Dollars, but these have not materially impacted our operations to date, we cannot assure that such fluctuations will not significantly affect our business, financial condition, results of operations and cash flows in the future.

45. Our inability to manage inventory and trade receivables in an effective manner could adversely affect our business.

Our business is working capital intensive, with inventories and trade receivables comprising a significant portion of our current assets. Our business model requires us to maintain a certain level of inventory of raw material, to meet anticipated demand. If we underestimate the level of demand we may receive we may experience inventory shortages and a loss of opportunity. Similarly, an over estimation of level of demand may result in over stocking leading to increased holding costs. Additionally, any over run in holding of such goods may lead to their decay. Therefore, any mismanagement on our part to determine the optimum inventory levels may impact our operations and cause us to incur losses.

In addition to inventory, trade receivables represent a key component of our working capital. As of November 30th, 2025, and for FY 2024-25, 2023–24 (from April 1st, 2023 to December 20, 2023), 2023–24 (from December 21, 2023 to March 31st, 2024) and 2022–23, our trade receivables were ₹673.94 lakhs, ₹201.82 lakhs, ₹98.73 lakhs, 459.61 and ₹173.72 lakhs, and our inventory were ₹1,137.64 lakhs, ₹781.50 lakhs, ₹681.36 lakhs, ₹986.27 lakhs and ₹269.83 lakhs respectively. Proper assessment of customer creditworthiness and timely collection of dues are essential to maintaining healthy cash flows. Any delays or defaults in payment may lead to increased credit risk, bad debts, or write-offs, thereby affecting our liquidity and financial performance. Although we have not experienced significant issues to date with inventory estimation or receivable collections, there can be no assurance that such challenges will not arise in the future. For further information please refer Restated Financial Information beginning on page 201 of this Draft Red Herring Prospectus.

46. Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders’ approval.

Our Company intends to use Net Proceeds raised pursuant to the Issue in the manner set out in the section titled “*Objects of the Issue*” beginning on page 85 of this Draft Red Herring Prospectus. In accordance with Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds as disclosed in this Draft Red Herring Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or

operations. “we will provide an exit opportunity to dissenting shareholders in accordance with applicable regulations, ensuring they have a means to address their concerns regarding any changes, in light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company”. This may restrict our Company’s ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Net Proceeds, if any, which may adversely affect our business and results of operations.

For further information please refer “Objects of the Issue” beginning on page 85 of this Draft Red Herring Prospectus.

47. Our marketing and advertising campaigns may not be successful in increasing the popularity of our products. If our marketing initiatives are not effective, this may affect the popularity of our products which could have collateral negative effect on sales.

We currently undertake limited-scale marketing and advertising activities, primarily through social media platforms such as Instagram and YouTube, to promote our dry fruit products and enhance brand recognition. While these platforms provide cost-effective outreach, there can be no assurance that our marketing and advertising initiatives will be successful in increasing awareness, improving brand perception, or engaging our target audience effectively. Ineffective or poorly executed marketing strategies may result in reduced product visibility, diminished brand value, lower customer engagement, and consequently, adverse impacts on our sales volumes and overall financial performance.

Further, inefficient allocation of marketing resources or campaigns that fail to generate the expected returns may increase customer acquisition costs and adversely affect our profit margins. If we are unable to effectively adapt our marketing efforts to shifting consumer behavior or competitive dynamics, our market share and growth prospects could be negatively impacted. Any such failure in marketing initiatives may materially and adversely affect our business operations, financial condition, and results of operations.

Although we have not experienced any material adverse impact on our operations due to ineffective marketing or advertising efforts till date, there can be no assurance that such situations will not arise in the future.

For further details please refer the Chapter titled “Business Overview” under the heading “Sales and Marketing” beginning on Page no. 119 of Draft Red Herring Prospectus.

48. Industry information included in this Draft Red Herring Prospectus has been derived from industry reports for which consent has been obtained. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although, we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us, or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

49. None of our directors except one have prior experience serving as directors in any other listed company in India.

Our company relies significantly on the Promoters and Directors of the Company, who play a pivotal role in shaping the strategic direction and overseeing the day-to-day operations of the business. However, the dependence on Promoters and Directors with limited experience in managing listed companies may present challenges in ensuring adherence to

established corporate governance norms and practices. These governance practices are vital for the company's long-term success, reputation, and sustained growth in the market.

Our Company has five (5) directors, comprising two (2) Executive Directors, one (1) Non-Executive Director, and two (2) Independent Directors. Among them, five directors only one has prior experience in a listed company. This limited knowledge of experience in listed company governance may pose challenges for our company in adhering to established corporate governance norms and practices. Additionally, this absence of experience may impact our company's credibility and reputation with investors and other stakeholders. For more details, please refer to the chapter titled "Our Management" on page 175 of this Draft Red Herring Prospectus.

50. *There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.*

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above Rs. 5,000 Lakhs. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the NSE and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

51. *Fraud, theft, employee negligence or similar incidents may adversely affect our results of operations and financial condition.*

Our operations are vulnerable to risks arising from fraud, theft, embezzlement, employee negligence, and similar incidents, particularly in areas involving handling of inventory, finished goods. Despite implementing internal controls and security systems at our processing and packaging facilities, there can be no assurance that such measures will always be effective in preventing losses arising from such events.

Losses due to theft, fraud or employee misconduct may not be fully recoverable and could have a material adverse effect on our business, financial condition, results of operations, and cash flows. Moreover, any significant or repeated incidents could also negatively affect our reputation and stakeholder trust.

Although no such incident has happened in our business operations till date, we cannot assure you that similar events will not occur in the future.

For further details, please refer to the section titled "Outstanding Litigation and Material Developments" – Litigation involving our Company – Litigation filed by our Company – Criminal Litigations on page 253 of the Draft Red Herring Prospectus.

52. *The Equity Shares issued pursuant to the Issue may not be listed on and NSE Emerge in a timely manner, or at all, and any trading closures at NSE Emerge may adversely affect the trading price of our Equity Shares.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorising the issuing of Equity Shares to be submitted and there could therefore be a failure or delay in listing the Equity Shares on NSE Emerge. Any failure or delay in obtaining such approval would restrict your ability to dispose of your Equity Shares. NSE Emerge has in the past experienced problems, including temporary exchange closures, broker defaults, settlements delays and strikes by brokerage firm employees, which, if continuing or recurring, could affect the market price and liquidity of the securities of Indian companies, including our Equity Shares. A closure of, or trading stoppage on NSE Emerge could adversely affect the trading price of the Equity Shares.

EXTERNAL RISK FACTORS:

53. *QIB and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual

Investors can revise their Bids during the Bid/ Issue Period and withdraw their Bids until Bid/ Issue Closing Date. While our Company is required to complete Allotment pursuant to the Issue within six Working Days from the Bid/Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Bidders ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

54. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 12.5%, in excess of Rs.1,25,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

55. *After the Issue, the price of our Equity Shares may be highly volatile, or an active trading market for our Equity Shares may not develop.*

The price of our Equity Shares on the Stock Exchange may fluctuate after the Issue as a result of several factors, including: volatility in the Indian and global securities market; our operations and performance; performance of our competitors; adverse media reports about; changes in the estimates of our performance or recommendations by financial analysts; significant developments in India's economic liberalization and deregulation policies; and significant developments in India's fiscal regulations. There has been no public market for our Equity Shares prior to the Issue and the price of the Equity Shares may fluctuate after the Issue. If the stock price of the Equity Shares fluctuates after the Issue, investors could lose a significant part of their investment. As of the date of this Prospectus, there is no market for the Equity Shares.

56. *The occurrence of natural or man-made disasters may adversely affect our business, results of operations and financial condition.*

Given the nature of our operations, the occurrence of natural disasters, including hurricanes, floods, tsunamis, earthquakes, tornadoes, fires, explosions, pandemic disease and manmade disasters, including any military actions or political instability, may adversely affect our financial condition or results of operations. We are particularly susceptible to accidents, system failures, adverse geological, ecological or weather conditions, natural disasters, demographic and population changes and other unforeseen events and circumstances across India and countries from where we import our raw materials from. While we are covered by our insurance policies for such contingencies, any disruptions, damage or destruction of our facilities may temporarily affect our ability to carry out our business and which may adversely affect our, results of operations and financial condition.

57. *Terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving may adversely affect the financial markets and our business.*

Terrorist attacks and other acts of violence or war may negatively affect the markets on which our Equity Shares trade and also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence, and adversely affect our business. Such incidents may also create a greater perception that investment in Indian companies involves a higher degree of risk and may have an adverse impact on our business and the price of our Equity Shares. Further, we cannot predict the effects on our business of heightened security measures, threatened terrorist attacks, efforts to combat terrorism, military action against a foreign state or other similar events. It is possible that one or more of these events could be directed at Indian or foreign ports, borders, railroads or highways. Any of these events could also negatively affect the economy and consumer confidence, which could cause a downturn in the transportation industry. In addition, any deterioration in the relations between India and its neighboring countries may result in investor

concern about stability in the region, which may materially and adversely affect the price of our Equity Shares.

58. *Political, economic or other factors that are beyond our control may have adversely affect our business and results of operations.*

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares. We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies.

59. *The requirements of being a listed company may strain our resources and we may incur additional costs.*

We are not a listed company and have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing compliances and reporting requirements to the Stock Exchanges, which require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies.

Further, as a listed company we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management oversight will be required. As a result, management's attention may be diverted from other business concerns, which could affect our business, prospects, results of operations and financial condition and the price of our Equity Shares. In addition, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge, but we cannot assure you that we will be able to do so in a timely manner.

60. *A slowdown in economic growth in India could cause our business to suffer.*

We are incorporated in India, and all of our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. A slowdown in the Indian economy could adversely affect our business, including our ability to grow our assets, the quality of our assets, and our ability to implement our strategy.

61. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries, and other expenses relevant to our business.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase our rates to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected.

Further, the GoI has previously initiated economic measures to combat high inflation rates, and it is unclear whether these

measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

62. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition. Further, under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, are not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

63. Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favorable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

Notes:

1. The Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time. This Issue is being made by our company in terms of Regulation of 229 (2) of SEBI ICDR Regulations read with Rule 19(2)(b)(i) of SCRR wherein not less than 25% of the post – issue paid up equity share capital of our company are being offered to the public for subscription.
2. The Issue has been authorized by the Board of Directors vide a resolution passed at its meeting held on December 23rd, 2025 and by the shareholders of our Company, pursuant to section 62(1)(c) of the Companies Act, 2013, vide a special resolution passed at the Extra-Ordinary General Meeting held on December 26th, 2025.
3. The SEBI ICDR Regulations permit the issue of securities to the public through the Book Building Process, which states that, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation on a proportionate basis to Individual Bidders and not more than 50% of the Net Issue shall be allotted on a proportionate basis to QIBs, subject to valid Bids being received at or above the Issue Price. Accordingly, we have allocated the Net Issue i.e., not more than 50% of the Net Issue to QIB and not less than 35% of the Net Issue shall be available for allocation to Individual Investors and not less than 15% of the Net Issue shall be available for allocation to non-institutional bidders.
4. In case of Non-Institutional bidders, the allocation of equity shares shall be made as follows:

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public offer may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “Issue Procedure” beginning on page 293 of this Draft Red Herring Prospectus. The process of Book Building under the SEBI (ICDR) Regulations, 2018 is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue. For further details on the method and procedure for Bidding, please see section entitled “Issue Procedure” on page 293 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20.00 to ₹24.00 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Amount (₹)	Cumulative Quantity	Subscription
500	24.00	500	16.67%
1000	23.00	1500	50.00%
1500	22.00	3000	100.00%
2000	21.00	5000	166.67%
2500	20.00	7500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹22.00 in the above example. The Issuer, in consultation with the Book Running Lead Manager, may finalise the Offer price at or below such Cut-Off Price, i.e., at or below ₹22.00. All Bids at or above this Offer price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “Issue Procedure” on page 293 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Offer will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims;
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Note:

⁽¹⁾ Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI (ICDR) Regulations, 2018. The Anchor Investor Bid / Offer period shall be one Working Day prior to the Bid / Offer opening Date in accordance with the SEBI (ICDR) Regulations, 2018.

⁽²⁾ Our Company in consultation with the Book Running Lead Manager, consider closing the Bid / Offer period for QIBs one Working Day prior to the Bid / Offer Closing Date in accordance with the SEBI (ICDR) Regulations, 2018.

⁽³⁾ UPI mandate end time and date shall be at 5:00 pm IST on Bid/ Offer Closing Date.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of Bid / Offer Closing Date, the timetable may change due to various factors, such as extension of the Bid / Offer period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Offer period (except for the Bid / Offer Closing Date). On the Bid / Offer Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for individual and non-individual Bidders. The time for applying for Individual Applicant on Bid / Offer Closing Date maybe extended in consultation with the the Book Running Lead Manager, RTA and Emerge Platform of National Stock Exchange of India Limited (“NSE Emerge”) taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid / Offer Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid / Offer Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid / Offer Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid / Offer Closing Date, as is typically experienced in public offer, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public

holidays). Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software / hardware system or otherwise. In accordance with SEBI (ICDR) Regulations, 2018, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid / Offer Closing Date. Allocation to Individual Applicants, in This Offer will be on a proportionate basis. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Offer shall ask the relevant SCSBs / RTAs / DPs / stockbrokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

In accordance with the SEBI (ICDR) Regulations, 2018, our Company in consultation with Book Running Lead Manager, reserves the right not to proceed with This Offer at any time after the Offer opening Date, but before our Board meeting for Allotment without assigning reasons thereof. If our Company withdraws the Offer after the Offer Closing Date, we will give reason thereof within two days by way of a public notice which shall be published in the same newspapers where the pre-issue advertisements were published. Further, the Stock Exchanges shall be informed promptly in this regard and the Book Running Lead Manager, through the Registrar to the Offer, shall notify the SCSBs to unblock the Bank Accounts of the ASBA Applicants within one Working Day from the date of receipt of such notification. In case our Company withdraws the Offer after the Offer Closing Date and subsequently decides to undertake a public offering of Equity Shares, our Company will file a fresh Offer Document with the Stock Exchange where the Equity Shares may be proposed to be listed. Notwithstanding the foregoing, the Offer is also subject to obtaining the final Listing and Trading Approval of the Stock Exchange, which the Company shall apply for after Allotment. In terms of the SEBI Regulations, Non-Retail Applicants shall not be allowed to withdraw their Application after the Offer Closing Date.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THE ISSUE

Our Company and the BRLM have entered into an agreement dated [●] with the following Market Maker to fulfil the obligations of Market Making:

The details of Market Maker are set forth below:

Name	[●]*
Address	[●]

Contact No.	[●]
Email	[●]
Website	[●]
Contact Person	[●]
Investor Grievance Id	[●]
CIN	[●]
SEBI Registration No.	[●]
NSE Clearing No.	[●]

**We will enter into Market making agreement prior to the filing of the Red Herring Prospectus (RHP) with the Stock Exchange.*

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the NSE and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the proposed Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and buy quote) shall not be more than 10% or as specified by the Stock Exchange from time to time. Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of NSE EMERGE (SME platform of NSE) and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Equity Shares of market maker in our Company reaches to 25%. Or upper limit (Including the 5% of Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% equity shares would not be taken into consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
6. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
7. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
8. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in Special Pre-Open Session (SPOS) and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity shares on the Stock Exchange.
9. The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
10. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
11. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and NSE from time to time.
12. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on NSE EMERGE and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.

13. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
14. The Market Maker(s) shall have the right to terminate said arrangement by giving a three months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).
15. In case of termination of the abovementioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Company to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI ICDR Regulations. Further, the Company reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.
16. Emerge Platform of National Stock Exchange of India Limited ("NSE Emerge") will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
17. Emerge Platform of National Stock Exchange of India Limited ("NSE Emerge") will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. National Stock Exchange of India Limited can impose any other margins as deemed necessary from time-to-time.
18. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for offer size up to ₹250 crores the applicable price bands for the first day shall be: a. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price. b. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the offer price.
19. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
20. Additionally, the trading shall take place in the TFT segment for the first 10 days from commencement of trading. The following spread will be applicable on the Emerge Platform of National Stock Exchange of India Limited ("NSE Emerge").

Sr. No.	Market Price Slab (in ₹)	Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

21. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 Crore To ₹ 50 Crore	20%	19%
₹ 50 Crore To ₹ 80 Crore	15%	14%
Above ₹ 80 Crore	12%	11%

22. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

We intend to finance our Objects of the Issue through Net Issue Proceeds which is as follows: -

S. No.	Particulars	Amount Required	From Net Issue Proceeds	Internal Accruals/Equity Reserves	Funding from Borrowings
1.	Funding of working capital requirements of the Company	3,303.19	725.00	2,228.19	350.00
2.	Prepayment or repayment of a portion of certain outstanding borrowings availed by our Company	976.01	950.00	26.01	-
3.	General Corporate Purposes	[●]	[●]	[●]	-
Total		[●]	[●]	[●]	[●]

We propose to meet the requirement of funds for the stated Objects of the Issue from the Net Issue Proceeds and balance from existing identifiable internal accruals and borrowings. Hence, our Company is not required to make firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals. Accordingly, we confirm that we are in compliance with the requirement to make the firm arrangement of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations and Clause 9(C) of Part A of Schedule VI of the SEBI ICDR Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals).

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in the light of changes in external circumstances or costs or other financial conditions and other external factors.

IN CASE OF ANY INCREASE IN THE ACTUAL UTILIZATION OF FUNDS EARMARKED FOR THE OBJECTS, SUCH ADDITIONAL FUNDS FOR A PARTICULAR ACTIVITY WILL BE MET BY WAY OF MEANS AVAILABLE TO OUR COMPANY, INCLUDING FROM INTERNAL ACCRUALS. IF THE ACTUAL UTILIZATION TOWARDS ANY OF THE OBJECTS IS LOWER THAN THE PROPOSED DEPLOYMENT SUCH BALANCE WILL BE USED FOR FUTURE GROWTH OPPORTUNITIES INCLUDING FUNDING EXISTING OBJECTS, IF REQUIRED. IN CASE OF DELAYS IN RAISING FUNDS FROM THE ISSUE, OUR COMPANY MAY DEPLOY CERTAIN AMOUNTS TOWARDS ANY OF THE ABOVE-MENTIONED OBJECTS THROUGH A COMBINATION OF INTERNAL ACCRUALS OR UNSECURED LOANS (BRIDGE FINANCING) AND IN SUCH CASE THE FUNDS RAISED SHALL BE UTILIZED TOWARDS REPAYMENT OF SUCH UNSECURED LOANS OR RECOUPING OF INTERNAL ACCRUALS. HOWEVER, WE CONFIRM THAT NO BRIDGE FINANCING HAS BEEN AVAILED AS ON DATE, WHICH IS SUBJECT TO BEING REPAID FROM THE ISSUE PROCEEDS. WE FURTHER CONFIRM THAT NO PART OF THE PROCEEDS FROM THE ISSUE WILL BE UTILIZED FOR THE REPAYMENT OF ANY OUTSTANDING UNSECURED LOANS, WHETHER DIRECTLY OR INDIRECTLY, FROM THE PROMOTER, PROMOTER GROUP, OR ANY RELATED PARTY, AS OF THE DATE OF THE DRAFT RED HERRING PROSPECTUS.

As we operate in a competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see "Risk

Factors” beginning on page 28 of the Draft Red Herring Prospectus.

DETAILS OF THE OBJECTS OF THE ISSUE

1. TO MEET WORKING CAPITAL REQUIREMENTS:

Our Company is involved in processing of cashew nut & trading of other dry fruits such as Fox nut Almonds & Walnuts, Given the nature of our operations, our business model is highly working-capital intensive, with a significant portion of funds being required upfront for raw material procurement.

To support our expansion plans, we intend to utilise ₹725.00 Lakhs from Net Proceeds from the Issue towards meeting our working capital requirements. It is important to note that while these funds are aligned with our expansion strategy for the next financial year, the utilisation will primarily take place during the procurement season of January to June in the current year. The raw materials procured in this period will be processed and monetised in the subsequent financial year, thereby directly contributing to our growth plans.

- (1) Helping us increase the capacity optimization in our processing plant located at Ghiloth Industrial Area, Neemrana, District Alwar, Rajasthan.
- (2) As we expand our B2C vertical, additional working capital support will be required to address the longer receivables cycle associated with this channel. The expansion will primarily focus on strengthening General Trade (Retail Stores) and Modern Trade (Organized retail chain) by increasing the number of retail counters where our branded retail packs are placed. Under this sales model, the receivables cycle typically extends to around 45 days, thereby creating a higher working capital intensity compared to other segments.

To support these growth initiatives, we propose to utilize ₹725.00 Lakhs from the Net Proceeds of the Issue to fund incremental working capital requirements. This infusion of capital will enable us to procure raw materials efficiently during peak seasons, manage cash flows effectively during the B2C scale-up phase, improve operating efficiencies, and support brand-building initiatives. By investing in working capital, we believe we can improve profitability and execute our long-term strategic objectives.

The details of our Company’s working capital as of March 31, 2023, March 31, 2024, March 31, 2025 and November 30 2025 derived from and the source of funding, on the basis of Restated Financial Statements (Standalone Basis), are set out in the table below:

Rationale For Variation in Working Capital Requirements:

1. Rationale for Net Working Capital Requirements in FY23

• Increased Raw Material Procurement

The Company procured a higher volume of raw materials during FY 2022–23 to meet the rising demand, driven by a strong turnaround in business performance. Revenues increased from ₹748.69 lakhs in FY 2021–22 to ₹1,674.68 lakhs in FY 2022–23, reflecting significant growth in operations. The Company expanded its customer base and observed a positive growth trend. In line with this growth, the Company procured a higher volume of raw materials in advance between its harvesting season i.e, January to June in FY 2022–23 to ensure uninterrupted production throughout the year and meet the anticipated demand for FY 2023–24, thereby supporting the anticipated increase in sales. To meet this anticipated increase in demand, the Company procured raw materials in advance, resulting in a higher deployment of funds in inventory.

The inventory procured in FY 2022–23 consisted of raw materials purchased in advance under the High Seas Purchase (HSP) model to support production requirements in FY 2023–24. This proactive procurement strategy ensured the timely availability of raw materials and contributed to higher closing inventory levels in FY 2022–23.

• Increase in Trade Receivables:

The Company's Trade Receivables increased from ₹18.71 lakhs in FY 2021–22 to ₹173.72 lakhs in FY 2022–23, primarily driven by higher revenue and an expanded customer base. Revenues rose from ₹748.69 lakhs to ₹1,674.68 lakhs during this period, resulting in a corresponding increase in credit sales. Following the setup of the Khari Baoli sales office, the number of customers increased from 51 to 132 in FY 2022–23. To support this growing customer base and drive sales, the Company extended credit periods, which led to trade receivable days increasing from 7 days to 21 days, reflecting longer credit cycles extended to accommodate new and

existing customers. Consequently, the higher receivable days, combined with increased sales and customer count, resulted in a larger amount of funds being tied up in receivables, thereby contributing significantly to the overall Working Capital Requirement.

- **Short-Term Borrowings Clearance**

During FY 2022–23, the Company settled the current maturities of its short-term borrowings, reducing the outstanding borrowing balance from ₹144.34 lakhs in FY 2021–22 to nil in FY 22-23. This repayment, while strengthening the Company’s financial position, temporarily increased the Working Capital Requirement from 144.34 Lakhs.

Overall, the increase in Working Capital Requirement reflects the Company’s proactive approach to supporting higher sales, accommodating an expanded customer base, and maintaining uninterrupted production, while simultaneously strengthening its financial position through the repayment of short-term borrowings.

2. Rationale for Increase in Net Working Capital Requirements in FY24

Under the earlier model, the Company followed a partial advance system (typically 10%), wherein procurement was made by advance booking of shipments already en route to India. This approach required lower advance payments. However, it limited the Company’s ability to physically inspect goods prior to dispatch, leading to occasional quality variations in raw material received. FY 2023-24 marked the adoption of Front loaded Procurement strategy for the Company. The Company began paying 100% upfront for procurement and building inventory for the subsequent Financial Year.

In this procurement-first, sales-later model, the closing working capital at year-end primarily supports the following year’s production and revenue generation as the procurement season for Cashews is from the month of January to June which means the inventory acquired during January, February, and March of any given financial year is recorded in the closing working capital on that year’s balance sheet. However, since the sales for this stock are largely realized in the subsequent financial year, the closing working capital at year-end primarily serves to support production and revenue generation for the following year, rather than the current one. This results in a timing difference between procurement (and associated working capital deployment) and revenue recognition, which is a structural feature of our company’s operating cycle.

Resulting Changes in Working Capital Requirement

- **Increase in Short term Loans and Advances**

Short-Term Loans and Advances increased from ₹266.62 lakhs in FY 2022–23 to ₹562.90 lakhs in FY 2023–24 due to two key reasons.

Firstly, under the front end procurement company has to pay 100% advance instead of the earlier 10%, which significantly increased the working capital requirement. Second, the Company procured a higher volume of raw materials to meet growing demand and ensure uninterrupted production.

- **Increase in Inventory**

Inventories increased from 269.83 lakhs to 681.36 lakhs because of the following three factors:

Seasonal Factors: In FY 2023–24, Holi fell on 25th March 2024, just before the financial year-end. To meet last-minute orders from institutional and wholesale customers, the Company maintained a higher level of finished goods inventory as of 31st March.

Adoption of Front End Procurement Model: FY 2023-24 marked the adoption of Front loaded Procurement strategy for the Company. Thus the Company started building inventory for the subsequent Financial Year.

In this procurement-first, sales-later model, the closing working capital at year-end primarily supports the following year’s production and revenue generation as the procurement season for Cashews is from the month of January to June which means the inventory acquired during January, February, and March of any given financial year is recorded in the closing Inventory on that year’s balance sheet.

Increase in Sales: The company recorded strong growth in sales during FY 2023–24, supported by higher trading volumes and improved demand from institutional and wholesale customers. To meet the further growing demand and ensure uninterrupted supply, the company maintained higher levels of both raw materials and finished goods inventory.

3. Rationale for decrease in the net working capital requirements in FY25.

The drop in Working Capital Gap (WCG%) during FY 2024–25 was purely timing-driven and does not reflect a structural change in the Company’s operating cycle. The reasons for it are listed below:

- **Timing of Customer Advances**

During FY 2024–25, the Company engaged in raw cashew nut trading Under which raw cashews were procured directly from farmers in Africa and sold to domestic processors and traders. To take the benefit of bulk buying opportunities during the Peak buying season the Company received customer advances based out in india of approximately ₹475 lakhs for bulk trading orders around 31 March 2025.

As the cashew procurement season runs from January to June, these advances came near year-end. This inflow increased current liabilities, which temporarily reduced the reported WCG as of 31 March 2025.

- **Change in Borrowing Classification**

Short-term borrowings increased from ₹74.73 lakhs to ₹343.53 lakhs during FY 2024–25.

This rise was primarily due to the reclassification of certain long-term loans, where the current maturities (repayments due within one year) were included under short-term borrowings

- **Consistent Procurement Intensity**

Despite this temporary accounting impact, the Company continued its regular procurement cycle under the Front-End Procurement Model to support the next year’s production and revenue generation. As a result, the Company’s overall working capital requirements remained consistent, since the procurement pattern and timing continued in line with its established business model as witnessed by amount of Short term loans and advances which stood at 1038.25 lakhs in FY 24-25 as compared to 562.90 lakhs in FY 23-24 and inventories which stood at 781.50 lakhs in FY 24-25 as compared to 681.36 lakhs in FY 23-24

JUSTIFICATIONS FOR HOLDING LEVELS OF WORKING CAPITAL CYCLE:

Justification	Details
Inventory	<p>Inventories of the Company consist primarily of raw materials with minimal finished goods. The major constituents are:</p> <ul style="list-style-type: none"> • Raw Cashew Nuts (RCN): Procured directly from West Africa (Nigeria–Benin and Togo–Benin borders) between January and June each year, under the direct supervision of our Managing Director, ensuring consistent quality and competitive pricing. • Fox Nuts (Makhana): Sourced during the Bihar harvest season, with emphasis on premium 5–6 suta sizes to cater to both institutional and retail demand. • Almonds: Procured from NCR-based processors engaged exclusively in Non-Pareil Californian grades, ensuring product consistency and compliance with customer specifications • Walnuts: Procured directly from wholesalers in the Khari Baoli market. These are primarily traded and sold in bulk to meet institutional and wholesale customer requirements.
Reason for Inventory Level	<p>Inventory – Year-on-Year Movement</p> <p>The Company’s inventory holding period has fluctuated in line with procurement patterns and operational requirements:</p> <ul style="list-style-type: none"> • FY 2022–23: During the first full year of operations, the Company focused on meeting only its immediate production needs. Procurement of raw materials was done in smaller quantities to support short-term production plans, rather than building stock for future demand as the company has not yet adopted Front load Procurement which involves purchasing raw materials from

Justification	Details
	<p>farmers in south Africa model and building inventory for supporting subsequent year demand and production. In addition to this at that stage, the Company had not yet experienced the seasonal demand pattern—for example, the sharp increase in orders during the festive seasons i.e., Holi, Diwali especially between October to March. Because of this limited visibility into future demand, the Company maintained a lower level of closing inventory at the end of the year.</p> <ul style="list-style-type: none"> <p>FY 2023–24: Inventory increased sharply to 102 days, as the Company undertook front-loaded procurement of raw cashew nuts. This strategic move was driven by the fact that a majority of the raw materials are imported from overseas, resulting in long delivery lead times. The advance procurement was aimed at securing a steady supply, preventing stockouts and processing delays, and mitigating the impact of price volatility. During FY 2022–23, the Company observed that demand for cashew products increases sharply around the Holi festival towards the end of March. In FY 2023–24, since Holi fell on 25th March 2024, just before the financial year-end, the Company had to maintain a higher level of finished goods inventory to meet urgent, last-minute orders from institutional and wholesale customers.</p> <p>At the same time the company has also adopted Front load Procurement model which involves purchasing raw cashews from farmers in Africa. From January to June and building inventory for supporting subsequent year demand and production. Thus goods procured during January to March are accounted in the closing inventory of the current year.</p> <p>As a result, both finished goods and raw material stock levels were higher, leading to an increase in closing inventory and inventory days as of 31st March 2024.</p> <p>FY 2024–25: In FY 2024–25, Holi occurred earlier, on 14th March 2025, which enabled the Company to complete a substantial portion of its dispatches before the financial year-end. Consequently, the level of finished goods inventory as of 31st March 2025 was relatively lower compared to the previous year.</p> <p>In FY 2025–26(April-November): During April–November FY 2025–26, the Company’s inventory holding period decreased to 85 days primarily due to front-loaded procurement of raw cashew nuts under its front-end procurement model during January–June, which was efficiently processed and largely sold during the diwali season. The reduction was further supported by improved inventory planning, faster conversion of raw cashew nuts into finished goods, and better alignment of procurement with production and sales schedules.</p> <p>FY 2025–26 (Projected)(80 Days): Inventory holding days are projected to reduce from 98 days to 80 days primarily due to improved timing of seasonal dispatches. In FY 2025–26, Holi falls earlier, on 4 March 2026, enabling the Company to complete a substantial portion of festive-season sales well before the financial year-end. As a result, finished goods inventory as of 31 March 2026 is expected to be lower compared to the previous period.</p> <p>FY 2026–27 (Projected): In FY 2026–27, the Company expects inventory holding days to reduce to approximately 77 days, driven by operational improvements and better demand–supply alignment. With the new automated Neemrana plant operating at enhanced capacity and improved process efficiency, production cycles are expected to be shorter and more predictable. Improved synchronization between raw material procurement, processing schedules, and dispatch planning is expected to reduce idle inventory holding.</p> <p>While the Company will continue to follow its Front-End Procurement Model in FY 2026-27 for raw cashew nuts to ensure uninterrupted production, faster processing throughput and timely conversion of raw materials into finished goods are expected to improve inventory turnover. As a result, both raw material and finished goods inventories are expected to be utilized more efficiently, leading to a lower overall inventory holding period compared to earlier years.</p> <p>With the new automated Neemrana plant now operating at enhanced capacity and improved process efficiency, the Company expects smoother production scheduling, better synchronization between procurement and processing, and faster order fulfillment. The increased throughput and optimized production flow are expected to improve the inventory turnover ratio, reflecting more efficient utilization of both raw materials and finished goods.</p>

Trade Receivables – Year-on-Year Justification

Year	Justification
FY 2023–24 vs FY 2022–23	Receivables remained broadly stable, reflecting consistent execution of the Company’s credit policy. The marginal increase is immaterial and attributable to normal business seasonality and the timing of a few large quarter-end deliveries. Because cashews are a cash crop with strong and steady demand throughout the year, the payment cycle in this sector remains inherently robust and predictable. The Company’s customer portfolio consists primarily of repeat buyers and distributors with long-standing relationships, resulting in a very low incidence of overdue balances or write-offs. Additionally, the Company actively monitors its receivables ageing through weekly reviews and enforces credit discipline by restricting dispatches to accounts nearing overdue status. This proactive approach ensures strong liquidity and minimizes the need for external working capital financing.
FY 2024–25 vs FY 2023–24	Receivable days reduced from 22 to 16, primarily because average receivables did not increase proportionately to the significant growth in net credit sales, which grew by approximately 55 % YoY (₹2,300 Lacs → ₹3,575 Lacs). While absolute receivables increased due to higher sales volume, the increase was slower than the growth in sales, resulting in a lower receivable days figure. This was supported by: Active credit management and faster collections, ensuring receivables remained tightly controlled despite higher sales. A shift towards cash-and-carry and advance payments, particularly from bulk buyers, reducing outstanding balances at year-end. Strong relationships with institutional and repeat customers, who adhered to predictable payment cycles.
In FY 2025–26(April–November)	Receivable days increased to 34 during April–November FY 2025–26, primarily due to seasonal sales patterns and the timing of festive-led dispatches. The period includes the build-up phase ahead of the Diwali season, during which the Company executed higher volumes of credit sales to institutional and wholesale customers, resulting in temporarily elevated outstanding balances. Additionally, receivables reflect the timing mismatch between increased dispatches in the months leading up to peak demand and collections that typically follow shortly thereafter. Despite the higher receivable days during this interim period, the quality of receivables remains strong, supported by long-standing customer relationships, predictable payment cycles, and strict credit controls. The Company continues to closely monitor receivable ageing and does not anticipate any material increase in overdue or doubtful receivables, with collections expected to normalize post the Diwali peak.
FY 2025–26 (Projected) vs FY 2024–25	Receivable days are projected to increase from 16 to 22, primarily due to the expected growth in net sales and seasonal business patterns. The Company’s recently expanded processing capacity enables it to focus on higher volumes of Sales, particularly to institutional and bulk buyers. Combined with the festive season of Holi in March, this leads to higher dispatches towards year-end, resulting in a temporary rise in receivables.
FY 2026–27 (Projected) vs FY 2025–26 (Projected)	Trade receivable days are projected to increase marginally from 22 days to 26 days, primarily due to a calibrated shift in the sales mix and evolving customer engagement strategy. With the Company’s expanded processing capacity and improved production efficiency, a higher proportion of sales is expected to be directed towards large institutional, HoReCa, and bulk customers, who typically operate on slightly longer, but contractually agreed, credit cycles. Additionally, as the Company scales operations, it expects an increase in average order sizes and higher volumes of quarter-end dispatches aligned with festive and demand-led cycles. This can lead to a small temporary timing gap between dispatch of goods and receipt of payments, particularly near the financial year-end.

Trade Payables – Year-on-Year Justification

FY 2022-23 → FY 2023-24 (1 day → 2 days)

Trade payables remained very low, increasing marginally from 1 day to 2 days. This increase is factually attributable to a slight rise in procurement volumes as the Company scaled operations to meet growing demand, while payments to suppliers continued to be made promptly. The Company maintained strong vendor relationships through disciplined payments, ensuring uninterrupted supply and access to favorable pricing.

FY 2024 → FY 2025 (2 days → 6 days), Trade payables increased moderately from 2 days to 6 days, primarily due to a significant rise in procurement volumes driven by higher revenue during the year. Most supplier payments continued to be made in advance, reflecting the Company's practice of maintaining strong vendor relationships and ensuring uninterrupted supply. The slight increase in payable days is therefore structural and revenue-driven, rather than due to delays in payments. As procurement scaled up to support higher sales, the total payables naturally increased in proportion to purchases.

In FY 2025–26(April–November) (6 days→ 10 Days), Trade payables increased from 6 days to 10 days during April–November FY 2025–26, primarily due to a increase in procurement volumes driven by higher revenue during the year. Most supplier payments continued to be made in advance, reflecting the Company's practice of maintaining strong vendor relationships and ensuring uninterrupted supply. The slight increase in payable days is therefore structural and revenue-driven, rather than due to delays in payments. As procurement scaled up to support higher sales, the total payables naturally increased in proportion to purchases.

FY 2025 → FY 2026 (Projection: 6 days → 7 days), Trade payables are projected to increase from 6 days to 7 days, as procurement volumes are expected to rise on account of revenue growth and the commissioning of the new processing facility. This stability in payable days reflects the Company's disciplined payment practices and continued preference for making the majority of supplier payments in advance — a strategy that not only preserves strong vendor relationships and ensures uninterrupted supply of raw materials, but also helps stabilize price volatility by securing favorable and consistent procurement terms.

FY 2026 → FY 2027 (Projection: 7 days → 6 days), Trade payable days are projected to decrease marginally from **7 days to 6 days**. This is expected to be driven by the Company's continued emphasis on timely and advance payments to suppliers, supported by improving cash flows.

With the stabilization of operations at the new processing facility and improved alignment between procurement and production planning, the Company expects to settle supplier obligations more efficiently. The Company's procurement strategy—particularly for key raw materials—also necessitates prompt payments to secure consistent quality, ensure uninterrupted supply, and obtain favorable commercial terms. Accordingly, the Company expects to maintain a low and stable level of trade payables, reflecting disciplined payment practices of the Company.

Short Term Loan & Advance- Year-on-Year Justification

In FY 2022–23, the company’s Short-Term Loan & Advance amounted to ₹266.62 lakhs. During this period, the company adopted a high-seas purchase model, under which only approximately 10% of the payment was made upfront, with the balance payable upon the arrival of the material at Indian ports. While this model temporarily reduced the need for advance payments, it resulted in inferior quality of Raw Cashew Nuts (RCN). The lower quality led to higher processing losses, increased operational costs, and lower average realization from sales. As a result, despite the lower short-term advances, profitability was negatively impacted.

In FY 2023–24, Short Term Loan & Advance increased to ₹562.90 lakhs as the company shifted to a front-loading procurement model, making advances of up to 100% at the time of purchase. This strategic change ensured the procurement of superior quality RCN, which improved processing efficiency, enhanced recovery ratios, and allowed for better price realization. These improvements significantly boosted the company's profitability compared to the previous year. Consequently, while short-term loans and advances increased, it was a strategic decision aimed at strengthening long-term margins and ensuring sustainable profitability.

In FY 2024–25, Short Term Loan & Advance increased significantly to ₹1,038.25 lakhs. The rise was primarily due to the scaling up of procurement volumes to optimize the capacity utilization of the Neemrana plant. Additionally, the company introduced a new vertical for RCN trading. Given the superior quality of material sourced through our efficient African procurement network, other processors began sourcing RCN through the company. These processors also provided advances to facilitate their purchases, which further boosted trading volumes and strengthened supplier relationships. The diversification into almonds and fox nuts trading also contributed to the higher balance of advances, as supplier advances were required to support the new business segments.

In FY 2025–26 (April to November), Short Term Loan & Advance temporarily dropped to ₹70.71 lakhs. This reduction was due to amounts disbursed during the January–June procurement season being adjusted against actual material received. This cyclical reduction is consistent with the company’s business model and procurement cycle.

For FY 2025–26, a modest decrease in Short-Term Loans & Advances is projected, with an expected balance of ₹750.00 lakhs. During the period, prices of raw cashew nuts increased, based on management’s market experience, leading to higher procurement costs. In view of this pricing environment, the management adopted a cautious procurement approach and limited direct purchases from Africa up to March 2026, with the balance procurement expected to be undertaken between April and June.

Based on prevailing market trends and past experience, the management anticipates a moderation in raw cashew nut prices from mid-April onwards, following which the Company plans to resume procurement at more favorable price levels. This procurement strategy is expected to optimize working capital deployment while ensuring adequate raw material availability for processing operations.

For FY 2026–27, In FY 2026–27, Short-Term Loans & Advances are projected to increase to approximately **₹1,500 lakhs**. This increase is primarily attributable to the further scaling of the Company’s front-end procurement model for raw cashew nuts, under which a substantial portion of procurement is undertaken through advance or upfront payments to farmers, aggregators, and suppliers in Africa. As processing operations at the Neemrana facility stabilize and operate at higher utilization levels, the Company expects to procure larger volumes of high-quality RCN to ensure uninterrupted production across the year.

In addition, the Company anticipates continuation of its RCN trading vertical, catering to both institutional processors and bulk buyers. This business model requires deployment of higher advances to secure volumes, lock in quality, and maintain competitiveness, particularly during peak procurement periods.

The projected increase also reflects the Company’s strategy of strengthening supplier relationships, securing priority access to quality raw materials, and mitigating price and supply volatility through advance contracting.

RATIONALE FOR RISING WORKING CAPITAL

Our company is engaged in the processing of Raw Cashew Nuts (RCN) and trading of RCN along with other dry fruits such as Makhana, Almonds and Walnuts. Over time, the company has expanded its product portfolio and strengthened its consumer-facing brand, thereby broadening its market presence. The company adopts a forward-integrated procurement strategy, which involves sourcing RCN directly from origin countries, primarily West Africa under the supervision of its Managing Director. This approach facilitates quality control, cost management, and traceability across the supply chain.

The harvesting season in West Africa typically spans from January to June. During this period, the company procures approximately 60-70% of its annual RCN requirement, with a focus on sourcing premium-grade nuts. These are processed over the following 3–4 months, aligning production with the demand generated during India’s festive season. By front-loading its procurement, the company seeks to secure raw materials at competitive prices, maintain adequate inventory levels,

and ensure timely availability of processed products for the domestic market.

Our company's operations are highly working capital intensive, primarily due to the need to maintain sufficient inventory levels and provide short-term advances to suppliers and exporters for the procurement of raw materials. In order to support its processing capabilities, the company has recently commissioned a fully automated facility located in Ghiloth Industrial Area, Neemrana, District Alwar, Rajasthan. This facility has an installed capacity of 3,000 MT of RCN per annum. At present, the facility is operating at approximately 65-70% capacity, with a plan to increase utilisation capacity till the maximum efficiency, which is expected to enhance operational efficiencies and reduce per-unit processing costs.

Historically, the company has financed its working capital needs through a combination of short-term and long-term borrowings, supplemented by internal accruals. A portion of the net proceeds from the Offer is proposed to be utilised towards the repayment of existing borrowings. The repayment of such debt is expected to result in a reduction in interest costs and support better debt servicing. Consequently, the company also proposes to utilise a part of the net proceeds from the Offer to meet its incremental working capital requirements.

2. PREPAYMENT OR REPAYMENT OF A PORTION OF CERTAIN OUTSTANDING BORROWINGS AVAILED BY OUR COMPANY

Our Company has entered into various financing arrangements with banks and financial institutions. The loan facilities entered into by our Company include borrowings in the form of, inter alia, term loans and working capital facilities. For further details, see "Financial Indebtedness" on page 240 of this Draft Red Herring Prospectus.

Our Board of Director in its meeting dated February 07, 2026 propose to utilize a sum of ₹950.00 lakhs from the Net Proceeds of the Issue towards repayment or prepayment, in part or in full, of certain borrowings, details of which are provided in the table below. The repayment or prepayment of these borrowings will not, whether directly or indirectly, be routed to our Promoters, Promoter Group, Group Companies, or Associates.

We believe that such repayment or prepayment will result in a reduction of our outstanding indebtedness and improvement in our debt-to-equity ratio. This will also lead to a reduction in finance costs, thereby improving our overall profitability. Additionally, it will enable more efficient utilization of our internal accruals towards business growth and expansion initiatives. Strengthening our balance sheet and improving our leverage position are expected to enhance our ability to raise future capital at competitive terms, supporting the execution of business development and strategic growth plans.

Given the dynamic nature of borrowings and associated repayment schedules, the aggregate outstanding amounts may vary from time to time. Consequently, the table below shall be updated, as required, to reflect the revised borrowing details at the time of filing of the Draft Red Herring Prospectus. Further, the estimated schedule of deployment of Net Proceeds across a particular fiscal may be adjusted, and repayment/prepayment may be undertaken in subsequent fiscals as considered appropriate by the Company.

The selection of borrowings for repayment/prepayment shall be determined based on various considerations, including:

- (i) restrictions or preconditions attached to the borrowings,
- (ii) prepayment penalties and associated costs,
- (iii) prevailing interest rates, outstanding amounts, and remaining tenor,
- (iv) lender consents or waivers required for prepayment, and
- (v) legal, regulatory, and commercial factors.

The details of the borrowings availed by our Company, which are proposed to be fully or partially repaid or pre-paid from the Net Proceeds is mentioned below:

Notes:

1. Revenue from operation means revenue from sale of products, it does not include revenue from sale of services and other sales.
2. EBITDA is calculated as Restated PAT + Depreciation + Finance cost + Income tax-other income.
3. EBITDA Margin is calculated as EBITDA divided by Revenue from Operations.
4. PAT is calculated as Profit before tax – Tax.
5. PAT Margin is calculated as PAT for the period/year divided by revenue from operations.
6. The Earnings Per Share (EPS) for the financial year 2023–2024 has been computed for the period from 21st December 2023 to 31st March 2024 only. This is because, during the period from 1st April 2023 to 20th December 2023, and for the entire financial year 2022–2023, the Company operated as a Partnership Firm and did not have any share capital. EPS is thus not applicable for those periods.

Accordingly, investment decisions should not be based on such information.

GLOBAL ECONOMY

The global economy grew by 3.3% in 2023, with the IMF projecting a growth rate of 3.2% for 2024 and 3.3% for 2025. Growth was uneven across regions, with advanced economies (AEs) recording stable expansion while emerging markets and developing economies (EMDEs) reporting mixed trends. Global manufacturing weakened, particularly in Europe and parts of Asia, due to supply chain disruptions and reduced external demand. The services sector remained resilient and contributed positively to economic activity. Inflation pressures eased in most economies but remained persistent in the services sector.

Key geopolitical risks include the Russia-Ukraine conflict, the Israel-Hamas conflict, cyber threats and global trade route disruptions.

- United States: Growth was 2.8% in 2024, with a slight decline projected for 2025 due to moderation in consumption and exports.
- China: Growth weakened after Q1 FY24 due to sluggish private consumption, lower investment and a struggling real estate sector.
- Japan: Growth slowed due to domestic supply disruptions in early 2024.
- India: Estimated real GDP growth of 6.4% in FY25, supported by agriculture and services, with stable private consumption.

Manufacturing: The global Purchasing Managers' Index (PMI) for manufacturing indicated contraction by mid-2024 after a brief expansion in early 2024. India's PMI remained in the expansionary zone.

Services: The Global Services PMI Business Activity Index rose to 53.8 in December 2024, marking 23 consecutive months of expansion. **Inflation:**

Declined globally due to monetary tightening but remained high in services, driven by wage growth.

INDIAN ECONOMIC OUTLOOK

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP for FY25 is estimated at Rs. 33.10 lakh crore (US\$ 3.8 trillion) with growth rate of 9.9%, compared to Rs. 30.12 lakh crore (US\$ 3.5 trillion) in FY24. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the second half of FY25. In FY25, India's exports stood at Rs. 37.31 lakh crore (US\$ 433.56 billion), with Engineering Goods (26.88%), Petroleum Products (13.86%) and electronic goods (8.89%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing.

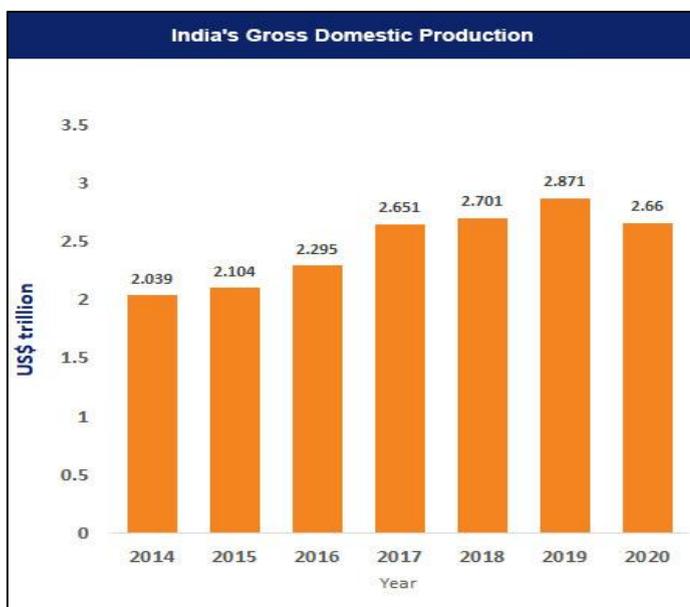

In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

(Source: <https://www.ibef.org/economy/indian-economy-overview>)

INDIAN GDP GROWTH RATES

Real GDP for FY25 is estimated at Rs. 187.95 lakh crores (US\$ 2.2 trillion) with growth rate of 6.5%, compared to Rs. 176.51 lakh crore (US\$ 2.06 trillion) for FY24. As on Jan 2025, there are 118 unicorn startups in India, with a combined valuation of over Rs. 3.0 lakh crore (US\$ 354 billion). The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. The Current Account Deficit (CAD)

stood at Rs. 98,095 crore (US\$ 11.5 billion) for Q3 of FY25 as compared to Rs. 88,712 crore (US\$ 10.4 billion) in Q3 of FY24. This was largely due to increase in merchandise trade deficit.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Indian Food Processing Industry

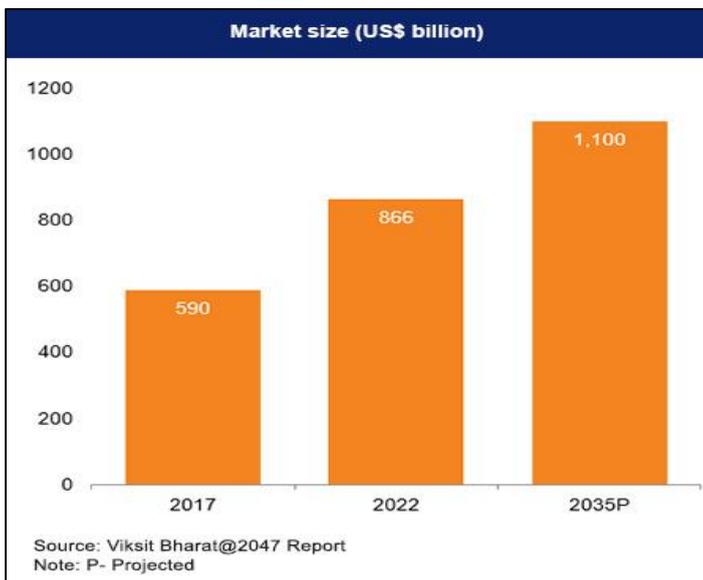

India is the fifth largest economy in the world and expected to be the fastest-growing economy among major G20 countries, with GDP growth estimated to be around 8% in FY24. The food processing sector has become a key contributor to India's economy over the past few years, thanks to progressive policy measures by the Ministry of Food Processing Industries (MoFPI). The sector has performed exceptionally well with an impressive average annual growth rate of 7.3% from 2015 to 2022. It has significantly contributed to Gross Domestic Product (GDP), employment, and investment. As of 2024, it contributes around 8.80% and 8.39% of Gross Value Added (GVA) in Manufacturing and Agriculture respectively, 13% of India's exports and 6% of total industrial investment. GVA in Food Processing sector has increased from Rs. 1.61 lakh crore (US\$ 24.60 billion) in 2015-16 to Rs. 1.92 lakh crore (US\$ 24.43 billion) in 2022-23 (as per First Revised Estimates of Ministry of Statistics and Programme Implementation).

India's diverse agro-climatic conditions allow for abundant production of cereals, pulses, fruits, and vegetables, making it a leading producer of various foods.

As of 2024, the Indian food and grocery market is the world's sixth largest, with retail contributing 70% of the sales. The Indian food processing industry accounts for 32% of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth.

A strong food processing industry is essential for our nation to tackle food and nutritional security issues. Processed food offers convenience, extended shelf life, easy transport to remote areas, and improved accessibility, serving as a valuable source of nourishment. Additionally, it offers our farmers increased opportunities for better price realization and expanded selling prospects.

Market Size

India is one of the largest populated countries in the world and is expected to continue having one of the youngest populations in the world till 2030. The growing consumption of food is expected to reach US\$ 1.2 trillion by 2025-26, owing to urbanization and changing consumption patterns. The processed fruits and vegetables industry was valued at US\$ 15.4 billion in 2019. With heightened consumer awareness during lockdowns, there's increased demand for processed foods, especially in RTE/RTC, dairy, and fruit and vegetable segments.

India's food processing sector's market size is estimated to more than double to Rs. 60,40,300 crore (US\$ 700 billion) in 2030 from Rs. 26,49,103 crore (US\$ 307 billion) in 2023, driven by growing demand for processed products, according to industry body PHD Chamber of Commerce and Industry (PHDCCI).

According to the Viksit Bharat@2047 report, India's food processing sector will grow significantly, reaching US\$ 1,100 billion by FY35, US\$ 1,500 billion by FY40, US\$ 1,900 billion by FY45, and US\$ 2,150 billion by FY47.

Food processing industry contributes 32% to this food market and is also one of the largest industries in the country, contributing 13% to total export and 6% of industrial investment. The food processing industry, within the registered factory sector, employs about 1.93 million people while the unregistered sector also employs approximately 5.1 million workers.

The employment in Food Processing Industries has increased from 17.73 lakh in 2014-15 to 20.68 lakh in 2021-22 as per the latest Annual Survey of Industries (ASI) report.

Recent Development/Investments

- As on 30th June 2024, Ministry of Food Processing Industries has approved 41 Mega Food Parks, 399 Cold Chain projects, 76 Agro-processing Clusters, 588 Food Processing Units, 61 Creation of Backward & Forward Linkages Projects & 52 Operation Green projects under corresponding component schemes of PMKSY.
- A total of 92,549 micro food processing enterprises have been approved for assistance under PMFME as on 30th June 2024.
- The Ministry of Food Processing Industries (MoFPI) was allocated Rs. 4,364 crore (US\$ 505.70 million) in the Union Budget 2025-26.
- Pradhan Mantri Kisan Sampada Yojana (PMKSY) budget was allocated Rs. 729 crore (US\$ 84.50 million). The food processing industry's Production-Linked Incentive Scheme was allocated Rs. 1,444 crore (US\$ 167.30 billion) to promote innovation in the sector.
- An outlay of Rs. 2,000 crore (US\$ 231.80 million) was allocated towards the Prime Minister Formalization of Micro Food Processing Enterprises Scheme (PMFME).

- In the Interim Budget 2024-25, the Ministry of Food Processing Industries was allocated a total Budget of Rs. 3,290 crores (~US\$ 396 million), an increase of ~13% over revised estimates for fiscal year 2024.
- Of the total budget, Rs. 2,173.02 crore (~US\$ 261.5 million) was allocated towards central sector schemes and projects, including the Pradhan Mantri Kisan Sampada Yojana (PMKSY) and Production-Linked Incentive Scheme for Food Processing Industry (PLISFPI).
- An outlay of Rs. 879.5 crore (~US\$ 105.8 million) was allocated towards the centrally sponsored schemes including the Prime Minister Formalization of Micro Food Processing Enterprises Scheme (PMFME).
- The food processing industries have attracted US\$ 12.96 billion between April 2000-September 2024, constituting around 1.83% of the total FDI equity inflow in all sectors, placing it in top 15 sectors.
- The Ministry of Food Processing Industries hosted 'World Food India' event, in November 2023, in New Delhi. The event provided a distinctive platform to all the stakeholders in the food value chain including food processors, equipment manufacturers, producers, cold chain players, technology providers, logistics players, researchers, start-ups and innovators, food retailers etc. to engage and demonstrate their capabilities.
- The United Nation's General Assembly (UNGA) declared 2023 as the International Year of Millets. The Union Budget 2023-24 included a special focus on millet, highlighting the aspirations to make India a Global Hub for Millets (Shree Anna).
- During the Presidency of G20 summit, India had organized a two-day Global Millets Conference in March 2023 in New Delhi bringing together participants from more than 102 countries facilitating discourse on important issues related to millets, including its production, consumption, nutritional benefits, value chain development, market linkages, and research and development.
- The Indian Institute of Millets Research in Hyderabad was declared as a Centre of Excellence for sharing best practices, research, and technology at national and international level.
- The Mega Food Park (MFP) Scheme was launched to integrate agricultural production with the market by bringing together farmers, processors, and retailers. The scheme follows a cluster approach, establishing modern food processing units within well-defined agri/horticultural zones. Each park includes supply chain infrastructure like collection centres, processing units, and cold chains, along with developed plots for entrepreneurs. Under the MFP scheme 41 projects were approved, of which 24 are operational as of December 2023.
- In 2022, a Special Food Processing Fund of US\$ 263 million (Rs. 2,000 crore) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up units under Mega Food Parks (MFP) and Designated Food Parks (DFP).

Government Initiatives

- The Government of India (GOI) introduced the Pradhan Mantri Kisan SAMPADA Yojana (PMKSY), administered by the Ministry of Food Processing Industries (MoFPI). The scheme aims to establish modern infrastructure and streamline supply chain management from farm to retail, fostering growth in the food processing sector. It aims to enhance farmer returns, double farmers' incomes, generate employment opportunities in rural areas, reduce agricultural wastage, increase processing levels, and boost processed food exports.
- The Agro Processing Cluster Scheme under PMKSY is aimed at developing modern infrastructure and common facilities to facilitate the establishment of food processing units based on a cluster approach. This involves connecting groups of producers/farmers with processors and markets through a well-equipped supply chain. Each agro-processing cluster includes Basic Enabling Infrastructure (such as roads, water supply, power supply, drainage, ETP) and Core Infrastructure/Common facilities (including warehouses, cold storages, IQF, tetra pack, sorting, grading) along with at least 5 food processing units requiring a minimum investment of Rs. 25 crore (US\$ 3 million). The units are established simultaneously with the creation of common infrastructure, requiring at least 10 acres of land arranged either through purchase or lease for a minimum of 50 years.
- The "Integrated Cold Chain and Value Addition Infrastructure" Scheme under PMKSY was launched to establish uninterrupted cold chain facilities from farm to consumer, including pre-cooling, storage, and distribution. It encompasses various temperature-controlled storage, packing, and transportation facilities for diverse products like horticulture, dairy, and meat.
- The cold chain infrastructure created by 372 completed cold chain projects under this scheme until October 2023 involve 10.3 lakh MT of Cold Storage, Controlled Atmosphere (CA)/Modified Atmosphere (MA) Storage and Deep Freezer, 335 MT per hour of Individual Quick Freezing (IQF), 175.8 Lakh Litres Per Day (LLPD) Milk Processing/Storage, and 1860 reefer vehicles. Milk processing capacity is expected to double from 53.5 MMT to 108 MMT by 2025.

- The Mega Food Park (MFP) Scheme was launched under PMKSY to integrate agricultural production with the market by bringing together farmers, processors, and retailers. The scheme follows a cluster approach, establishing modern food processing units within well-defined agri/horticultural zones. Each park includes supply chain infrastructure like collection centres, processing units, and cold chains, along with developed plots for entrepreneurs. Under the MFP scheme 41 projects were approved, of which 24 are operational as of December 2023.
- MoFPI initiated the PM Formalisation of Micro food processing Enterprises Scheme (PMFME) nationwide to aid micro food processing enterprises with financial, technical, and business assistance for upgrading operations.
- Food processing units qualify for complete profit exemption in the first five years and 25 percent (30 percent in case of companies) for next 5 years. 100% deduction permitted on capital expenditure for cold chain or warehouse.
- Loans to food and agro-based processing units and cold chain have been classified under agriculture activities for Priority Sector Lending (PSL).
- Government allows 100% FDI in the food processing sector under the automatic route, facilitating a straightforward and efficient investment process.

Road Ahead

The Indian food processing sector offers a promising growth journey ahead and presents several opportunities with the sector being recognised as a key priority industry under the “Make in India” initiative. The MoFPI has undertaken several initiatives aimed at enhancing infrastructure and fostering food processing industries to stimulate investment in this domain. The Indian Government has sought to involve multiple stakeholders to improve interactions between farmers, processors, distributors, and retailers to establish strong supply chains linking farmers to processing and marketing to empower them with nearby grading and storage facilities which will enhance the value of their products.

There are substantial investment prospects totalling US\$ 2.36 billion across 31 projects under Common Infrastructure for Industrial Parks which includes facilities such as specialized processing units, effluent treatment plants, testing laboratories, common warehouses, and logistics support. Foreign investment opportunities in India's food processing sector are also promising due to favourable policies, a vast consumer market, and government initiatives focused on improving the sector's competitiveness and sustainability.

INDIAN CASHEW INDUSTRY

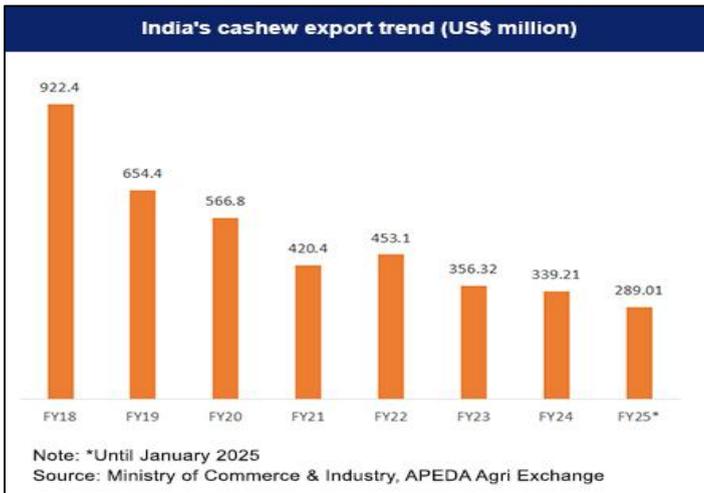

India is among the largest cashew-producing countries in the world. The cashew industry has large economic significance as it employs more than 10 lakh people on farms and factories in rural areas. The cultivation of cashews in India covers a total of 0.7 million hectares of land, and the country produces over 0.8 million tonnes (MT) annually. Between FY20 and FY22, India's cashew nut production grew from 0.70 million tonnes (MT) to 0.77 million tonnes (MT). In India, cashew cultivation is spread along the coastal regions of the peninsula. Cashew is mainly grown in states like Maharashtra, Kerala, Karnataka, Tamil Nadu, Andhra Pradesh, Goa, Orissa, West Bengal, and some parts of the North-Eastern region. According to data published by the National Horticulture Board (NHB), Maharashtra stands first in annual cashew nut production during FY22 at 0.20 million tonnes (MT), growing from 0.19

million tonnes cashew nut produced in FY21.

Besides the vast scale of cashew production, India is also known for pioneering cashew processing and exporting cashew kernels across the globe. The cashew processing industry was earlier concentrated in Kollam (Kerala), Mangalore (Karnataka), Goa, and Vettapalam (Andhra Pradesh), but now it is spread across many states of India. Over the years, India has emerged as the global processing hub for the cashew industry.

Export Trend

India is the largest cashew exporter, with more than 15% of the world's export share. India primarily exports Cashew Kernels and very small quantities of Cashewnut shell liquid. In FY24, the cashew exports by value stood at US\$ 339.21 million as against US\$ 356.32 million in FY23, registering a decline of 4.80%.

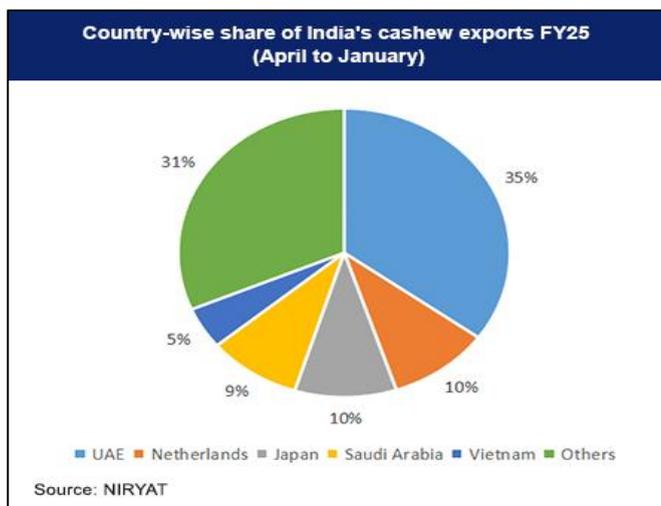

In terms of volume, India's cashew exports declined from 80,366.25 MT in FY22 to 76,824 MT in FY23 from and increase to 79,030.65 MT in FY24.

Importing of raw cashew nuts has played a key role in the growth of the Indian cashew industry, which accounts for almost half of the domestic and export demand for cashew kernels in the country. To address the same, the Department of Agriculture, Cooperation and Farmers

Welfare (DAC&FW), under the Mission for Integrated Development of Horticulture (MIDH) and Rashtriya Krishi Vikas Yojana (RKVY), had implemented various initiatives that led to increased domestic production of cashew. It includes massive area expansion under cashew cultivation and replacing senile cashew plantations with high-yielding varieties in traditional and non-traditional states. DAC&FW also approved the roadmap program to extend the cashew cultivation area by 1.20 lakh hectares presented by the Directorate of Cashew nut & Cocoa Development (DCCD).

Export Destinations

India exports cashews to over 60 countries spread across different parts of the world. The key export destinations for India are UAE, Japan, Netherlands, Saudi Arabia, the USA, the UK, Canada, France, Israel, and Italy. As of FY25 (April to December) the total value of cashew exports stood at Rs. 2,436 crore (US\$ 289.01 million). As per the APEDA statistics on the exports of cashew kernels and cashew nutshell liquid, UAE was the largest importer of Indian cashews, valued at US\$ 127 million, accounting for 34.9% of overall exports during FY23 as compared to US\$ 131.5 million in the previous year. In FY23, in volume terms, India's cashew exports to UAE stood at 17.21 million kg, growing by 3.54% from 16.6 million kg of exports recorded in the previous year.

The Netherlands and Japan were among the top three importers of Indian cashews, with a share of exports at 10% each. India's cashew exports in FY23 to Japan and the Netherlands were valued at US\$ 36 million each. The top 10 importing countries of Indian cashews had a share of 78% of the total exports, which implies the huge significance of traditional markets. This strong growth in cashew exports across export destinations continues to drive economic growth and employment generation in India's key cashew-growing states.

Government Body

The Cashew Export Promotion Council of India (CEPCI)

The Government of India established the CEPCI in 1955 with the objective of promoting cashew kernels and cashew nutshell liquid in India. The council provides trade information and statistics to its members and is operating the government's five-

year plan scheme for providing financial assistance to the member exporters.

(Source: <https://www.ibef.org/exports/cashew-industry-india>)

Government Initiatives

The Government of India and the cashew export promotion council have undertaken several initiatives for the ease of exports and growth of the cashew industry. As non-financial assistance to exporters, many trade delegations, buyer-seller meets, fairs, development workshops, and research and development data are provided. Additionally, in 2018, the Basic Customs Duty on raw cashew nut was reduced to 2.5% from the previous 5%, and the Goods and Services Tax (GST) on the same was reduced to 5% from 12%.

As the cashew industry's domestic demand and exports are heavily dependent on imported raw cashew nuts, the Government of India has taken several steps to support efficient sourcing. These include:

Changes in import policy for cashew kernel (both broken and whole)

Revision of the standard inputs output norms (SION) for cashew exports

Approval of Medium-Term Framework scheme for process mechanization and automation of cashew processing units with a financial outlay of Rs. 60 crore (US\$ 8 million)

Allowing duty-free import of raw cashew nuts under the Duty-Free Tariff Preference (DFTP) Scheme from least developed countries (LDCs)

The government has also extended financial assistance to the Cashew Export Promotion Council of India (CEPCI) for organizing buyer-seller meet (BSM) and participation in international fairs under the Market Access Initiative (MAI) scheme, which supports tapping new markets

Unless otherwise stated or the context otherwise requires, in relation to business operations, in this section of this Draft Red Herring Prospectus, all references to “we”, “us”, “our” and “our Company” are to “M/s. NFP Sampoorna Foods Limited”.

Unless otherwise stated or the context otherwise requires, the financial information used in this section is derived from our Restated Consolidated Financial Statements.

OVERVIEW

Company Background

NFP Sampoorna Foods Limited (“the Company”) was incorporated under the Companies Act, 2013, and received its Certificate of Incorporation on December 13, 2023, bearing Corporate Identification Number (CIN) U10793HR2023PLC117207, issued by the Registrar of Companies, Central Registration Centre. Prior to incorporation as a public limited company, the business was operated as a partnership firm under the name M/s Nut and Food Processor. Pursuant to a resolution passed by the partners on October 28, 2023, the partnership was converted into a public limited company and the name was changed to NFP Sampoorna Foods Limited.

On June 30, 2025, the Company acquired M/s Yashvardhan Food Industries Private Limited as a going concern through a share swap agreement, pursuant to a special resolution passed by the shareholders of the Company on the same date. As a result, M/s Yashvardhan Food Industries Private Limited has become a wholly owned subsidiary of the Company.

Further, the Company has changed its registered office from C/o Ashok Gupta, Nathupur, P.S. Rai, Sonipat, Haryana – 131029 to Ground Floor, B-3A & B-3B, Plot No. 70, Najafgarh Road Industrial Area, Rama Road, New Delhi – 110015. Pursuant to this change, our company has received fresh Certificate of Incorporation dated September 24, 2025, bearing Certificate of Incorporation U10793DL2023PLC455908 issued by the Registrar of Companies, Delhi.

NFP Sampoorna Foods Limited is a food processing and trading company engaged in the procurement, import, processing, grading, packaging, marketing, and distribution of dry fruits. The Company’s product portfolio includes **cashew nuts (raw and processed)**, **makhana (fox nuts)**, **almonds and Walnut**, catering to domestic and regional markets through B2B, B2C and institutional channels.

NFP Sampoorna Foods Limited sources its Raw Cashew Nuts (RCN) directly from selected farms in African countries as well as from registered domestic importers, ensuring access to raw materials at competitive prices. These nuts are then processed in-house to produce cashew kernels in a variety of grades, delivering the crispiest and crunchiest cashews to wholesalers and households across India.

To address the growing demand for health-oriented foods, the Company diversified its offerings. In August 2024, makhana was introduced, followed by almonds in March 2025 and Walnut in September 2025 (available exclusively through the B2C channel)—almonds and makhana available exclusively through the B2C channel to align with consumer preference for convenient and nutritious products.

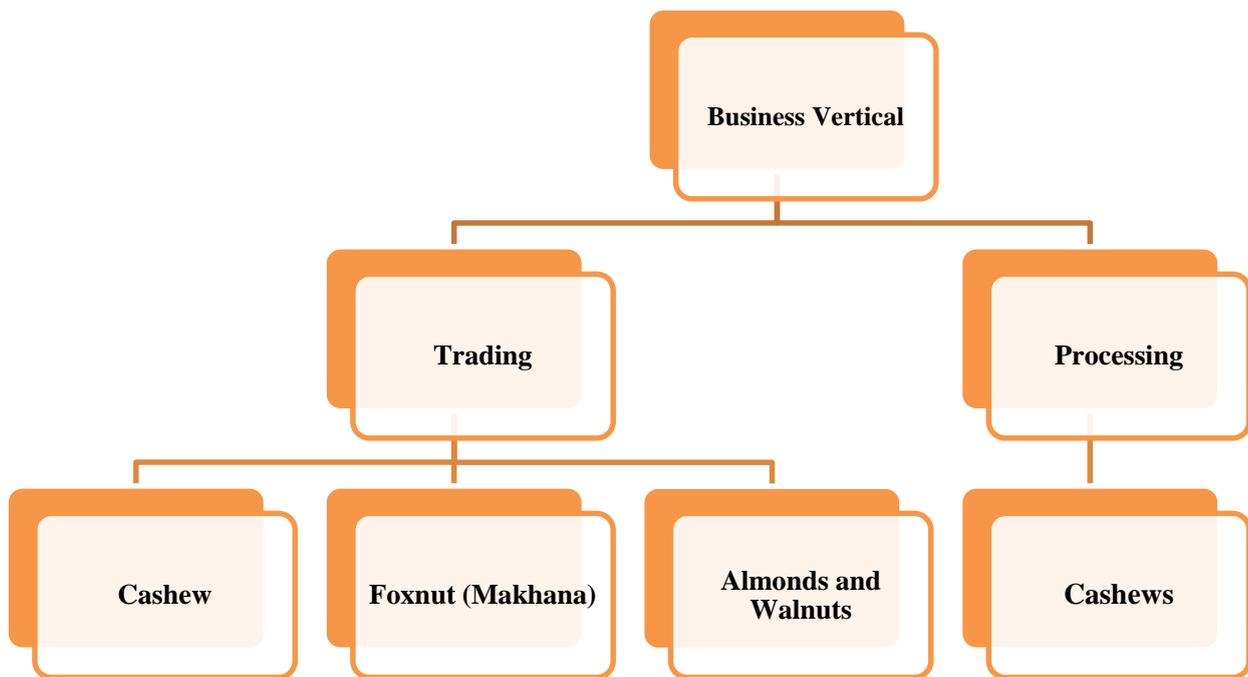

Furthermore, cashew nuts continue to be distributed through both Business-to-Business (B2B) and B2C channels, enabling the Company to effectively cater to a wide range of customer segments and maximize market reach.

The Company procures makhana directly from smallholder farmers and aggregators in Bihar, the primary region for makhana cultivation in India. Almonds are sourced through importers, mandi traders, and bulk suppliers, primarily located in the Delhi NCR region and Walnuts are procured from the wholesalers present in Delhi market. This diversified and

strategic sourcing approach ensures consistent access to raw materials at competitive prices, supporting the Company’s commitment to quality and reliability.

On June 30, 2025, our Company has acquired 100% equity shares of Yashvardhan Food Industries Private Limited (“YFIPL”) on a going concern basis through a share swap arrangement. The acquisition was executed by allotting equity shares of the Company on a preferential basis to the shareholders of Yashvardhan Food Industries Private Limited. The swap was approved by shareholders through a special resolution and carried out at a ratio of 1,621 equity shares of the Company for every 1,000 equity shares of Yashvardhan Food Industries Private Limited. As a result, YFIPL became a wholly owned subsidiary of the Company, strengthening its operational scale and processing capabilities.

With a strong emphasis on **product quality, operational efficiency, and customer satisfaction, NFP Sampoorna Foods Limited** is steadily expanding its footprint across India. The Company employs a multi-channel distribution strategy, leveraging online platforms such as Amazon, Blinkit, Mystore, its own website to ensure broad consumer reach and steadily growing its brand presence across both **traditional and modern trade formats**. Following is the graphical presentation of our business verticals:

Note: Our Company is currently engaged in both Processing and Trading of Cashews nuts.

Market Presence and Distribution Network

NFP Sampoorna operates its business through a diversified distribution model. The Company has an established presence through its own retail outlet located at Khari Baoli, Delhi, which is India’s largest wholesale market for dry fruits. In addition to its retail operations, the Company supplies its products to the HoReCa segment, including hotels, restaurants and cafés, Sweet shops, supermarkets as well as to other institutional customers. The Company is in the process of expanding its distribution footprint through online channels and has initiated sales through e-commerce platforms such as Amazon, Blinkit and other digital marketplaces.

OUR PRODUCTS:

1. CASHEWS

2. ALMONDS

3. FOXNUTS

Walnuts sold in wholesale are not marketed or sold under the NFP Sampoorna brand/logo and are supplied as bulk, unbranded produce for institutional and B2G buyers.

A brief description of our key products are as follows:

NFP Sampoorna Foods Limited offers the following core products:

- Cashew
- Almonds
- Makhana (Fox Nuts)
- Walnuts

❖ Cashews

The company is engaged in the comprehensive process of Cashew Nut Processing and trading, encompassing the entire spectrum from the reception of Raw Cashew Nuts (RCN) to the final packaging of the derived products. Additionally, the company undertakes the distribution of its products, catering directly to wholesalers, and extends its sales operations to end consumers through prominent online platforms such as Amazon and owned website among others. The B2C sales generated from e-commerce distribution in cashew constitute a minimal portion of our revenue, with the majority stemming from B2B transactions.

The company procures raw cashew nuts directly from selected farms in African countries, ensuring access to raw materials at competitive prices. These nuts are then processed in-house to produce cashew kernels in a variety of grades, delivering the crispiest and crunchiest cashews to wholesalers and households across India.

❖ California Almonds

Almonds represent a key product category in our dry fruit portfolio, marketed under the “NFP Sampoorna” brand. We primarily source Nonpareil, Independence, and Carmel varieties from California, USA, through established domestic importers and licensed distributors. The almonds are cleaned, size-graded and packed at our in-house facility using nitrogen-flushed, food-grade packaging in compliance with FSSAI standards.

Our offerings include retail SKUs (250g and 500g packs), gift hampers, and bulk supplies for institutional buyers. With strong and steady demand driven by rising health awareness, festive consumption, and usage in cooking and confectionery, this vertical forms a growing part of our business. We plan to further expand this segment by strengthening distribution across general trade, modern retail, quick commerce platforms, and digital marketplaces, while also introducing premium packaging formats for wellness and gifting occasions.

❖ Foxnuts (Makhana)

Makhana is a leading product in our portfolio, positioned as a high-margin, health-focused snack. Sourced primarily from Bihar, India’s leading makhana-producing region, our raw makhana undergoes multistage cleaning, grading, and nitrogen-flushed packaging at our in-house facility.

Marketed under our “NFP Sampoorna” brand, we offer retail packs (250g), bulk SKUs (10kg), and gift hampers. With growing consumer demand driven by health trends and festive gifting, our makhana segment continues to scale across B2C channels, including modern retail, exports, and quick commerce. Future plans include launching flavored and fortified variants and expanding into digital and international markets.

❖ Walnuts

We started our walnut trading operations in September 2025, sourcing premium-quality walnuts directly from wholesalers in Delhi. The procured produce is supplied primarily through B2G channels, including institutions such as NAFED (National Agricultural Cooperative Marketing Federation of India).

We deal in walnut sizes ranging from 34 to 36, maintaining consistent quality standards, competitive pricing, and reliable bulk supply to meet institutional requirements.

CASHEW PROCESS FLOW CHART

1. Procurement of Raw Cashew Nuts (RCN)

We procure raw cashew nuts (RCN) from Africa, ensuring adherence to quality and sustainability standards. We oversee the sourcing process of raw cashew nuts (RCN) to guarantee fair trade practices and support local communities. Our procurement strategy focuses on securing quality RCN that meets our specifications, fostering long-term relationships for reliable supply chains.

2. Storage in Warehouse

Raw cashew nuts are stored in our warehouse in a clean, dry, and well-ventilated environment to preserve their quality. Proper stacking and labeling procedures are followed to facilitate easy access and efficient inventory management.

3. Weighting & Grading

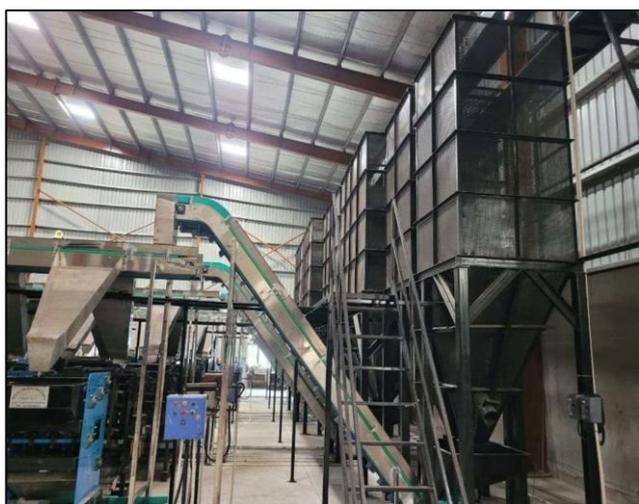

The weighting and grading of raw cashew nuts in our facility are crucial processes ensuring consistency and quality. We adhere to standards, carefully weighing each batch and grading based on size, moisture content, and shell quality. This approach ensures that only raw materials that meet specific criteria proceed to further processing, maintaining consistent quality in our products.

4. Steaming & Boiling of Raw Cashew Nuts

Steaming and boiling raw cashew nuts is a critical step in our processing, aimed at achieving optimal kernel extraction and quality. We control steam and boiling times to soften shells, facilitating kernel extraction while maintaining their nutritional content and natural flavor. Our precise steaming and boiling processes ensure that each batch meets our quality standards, resulting in raw cashew nut products ready for further processing or distribution.

5. Cooling Facility

Our cooling facilities for raw cashew nuts (RCN) are designed to maintain optimal conditions after boiling. Post-boiling, RCN undergo controlled cooling to reduce moisture and oil content, which helps preserve freshness and quality. This controlled cooling process also facilitates the subsequent shelling step which prevents the spillage of oil during shelling, which may reduce the quality of the nuts.

6. Cutting of RCN in Shelling Machine (Deshelling)

The cutting of raw cashew nuts (RCN) in our shelling machine is an operation essential for extracting kernels efficiently and minimizing waste. Our advanced shelling machines are configured to carefully crack open each nut, separating the shell from the kernel with precision. This process ensures maximum yield and maintains the integrity of the kernels, meeting our commitment to quality and efficiency in cashew nut processing.

7. Drying Facility

The NW (Natural Wholes) obtained after shelling, are dried in the drying facilities, to reduce the oil content from the NW, so that the bitter taste of the kernels can be removed and further it ease the stickiness of the husk of it, which makes it easier for next step viz Peeling.

8. Moisture & Peeling

Managing moisture levels during the peeling process of natural wholes (NW) is crucial for ensuring both efficiency and quality. Controlling moisture facilitates easier peeling, reduces kernel breakage, and increases yield. Our process includes precise monitoring and adjustment of moisture levels to optimize peeling operations, thereby maintaining the integrity and appearance of the cashew kernels. This careful approach guarantees that our Cashew products meet the stringent standards expected by our customers and regulatory bodies.

9. Sorting the Kernels Using Colour Sortex & Size Sortex

The cashew kernel sorting process employs color Sortex and size Sortex machines to enhance quality and consistency. The color Sortex machine separates kernels by color, ensuring uniformity and removing discolored or defective pieces. The size Sortex machine categorizes kernels by size, meeting market requirements and optimizing packaging and distribution efficiency. This process enables the delivery of cashew kernels that meet quality and market standards.

10. Manually Grading the Kernels by Labour

The cashew kernel grading process involves manual sorting by skilled labour who carefully inspect each kernel based on size, shape, and color. This manual approach enables a thorough assessment of each kernel, allowing for precise sorting according to market specifications. The process ensures consistency and quality in every batch, resulting in cashew kernels that meet market standards.

11. Quality Control

Quality control in our facility is a process that encompasses every stage of cashew nut processing. From receiving raw materials to packaging finished products, we implement protocols and standards to ensure consistency and refinement.

12. Drying before dispatch

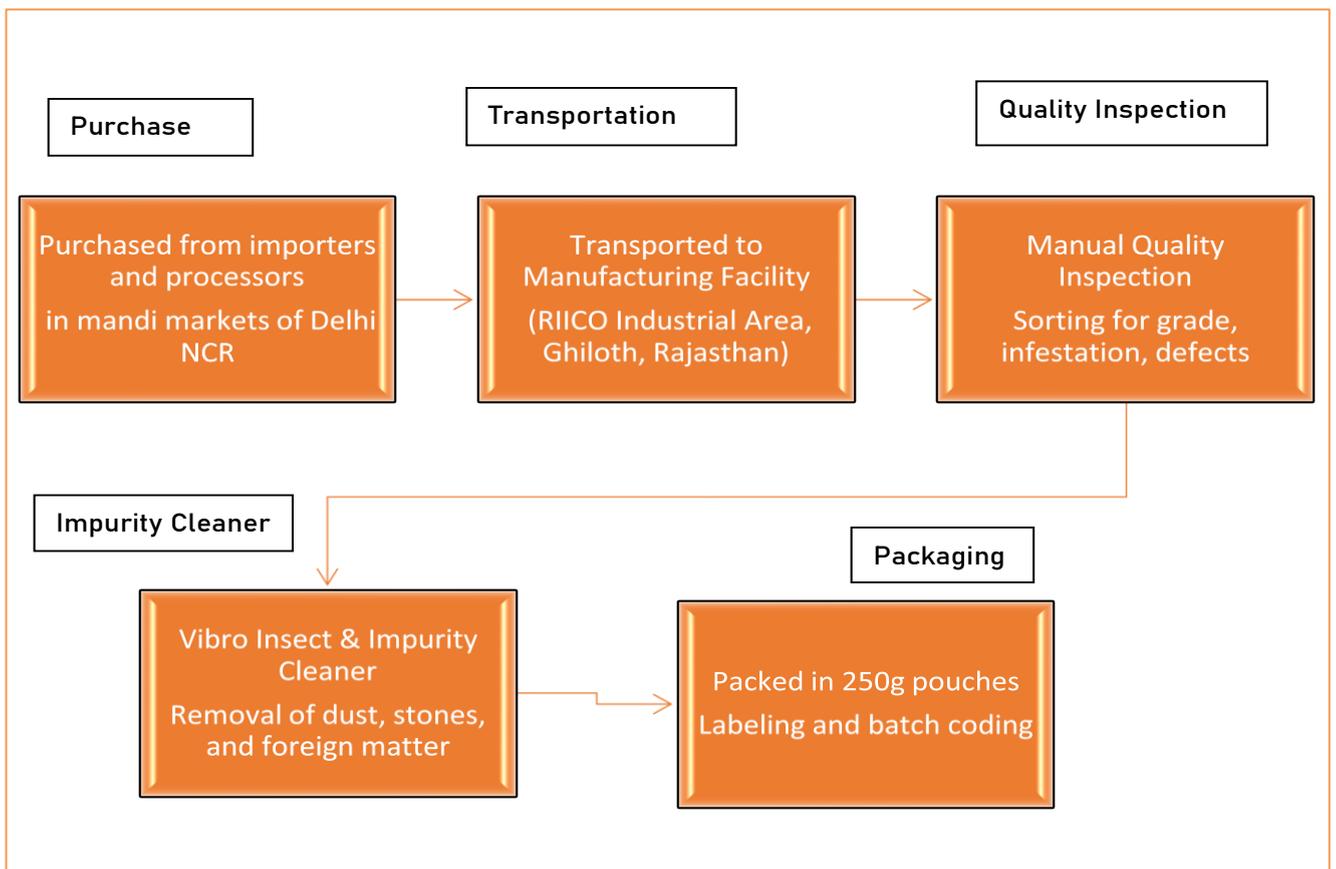

Before dispatching Drying cashew nuts is a critical step to maintain their quality and ensure they are ready for storage or further processing. Our drying process involves carefully controlling temperature and airflow to reduce moisture content to optimal levels. This ensures the nuts remain stable during transportation and storage, preserving their freshness and preventing mold or spoilage. By adhering to drying protocols, we guarantee that our cashew nuts meet the standard of quality and safety before they leave our facility for distribution to customers.

13. Packing & ready for dispatch

Cashew nuts are inspected for quality before being packed in food-safe materials. Each package is labeled with essential details and securely sealed to preserve freshness during transport. Stored in controlled conditions, they're dispatched promptly to ensure they reach customers in optimal condition, adhering to quality and safety standards.

ALMONDS PROCESS FLOW CHART

BRIEF DESCRIPTION ABOUT ALMONDS PROCESS –

1. Procurement

NFP Sampoorna Foods Limited procures almonds exclusively from licensed importers and processors operating in the mandi markets of Delhi NCR. The company maintains a quality policy by sourcing only Non-Pareil Californian almonds, recognized for their appearance, taste, and uniformity. Almonds of industrial or inferior grades are categorically excluded from the procurement process.

2. Transportation

After procurement, the selected almond lots are securely transported to the Company's **in-house food-grade processing facility**, which is located in the RIICO Industrial Area of Ghiloth, Rajasthan. This ensures that product handling remains under controlled and hygienic conditions from source to processing.

3. Manual Quality Inspection

Upon arrival at the facility, all almond consignments undergo a manual quality inspection conducted by trained personnel. Each batch is checked for size consistency, signs of infestation, physical damage, and overall grade conformance. This step is critical to ensure that only almonds meeting the company's quality standards move forward for processing.

4. Mechanical Cleaning

Following inspection, the almonds are processed through a **vibro-based insect and impurity cleaner**. This mechanized system is designed to remove all physical contaminants, including **dust, stones, shells**, and other **foreign materials**, thereby improving both food safety and processing consistency.

5. Batching and Coding

Once cleaned, the almonds are accurately **weighed into 250-gram portions**, batch coded, and prepared for packing. The batch coding system enables full traceability and ensures compliance with food safety regulations and labeling standards.

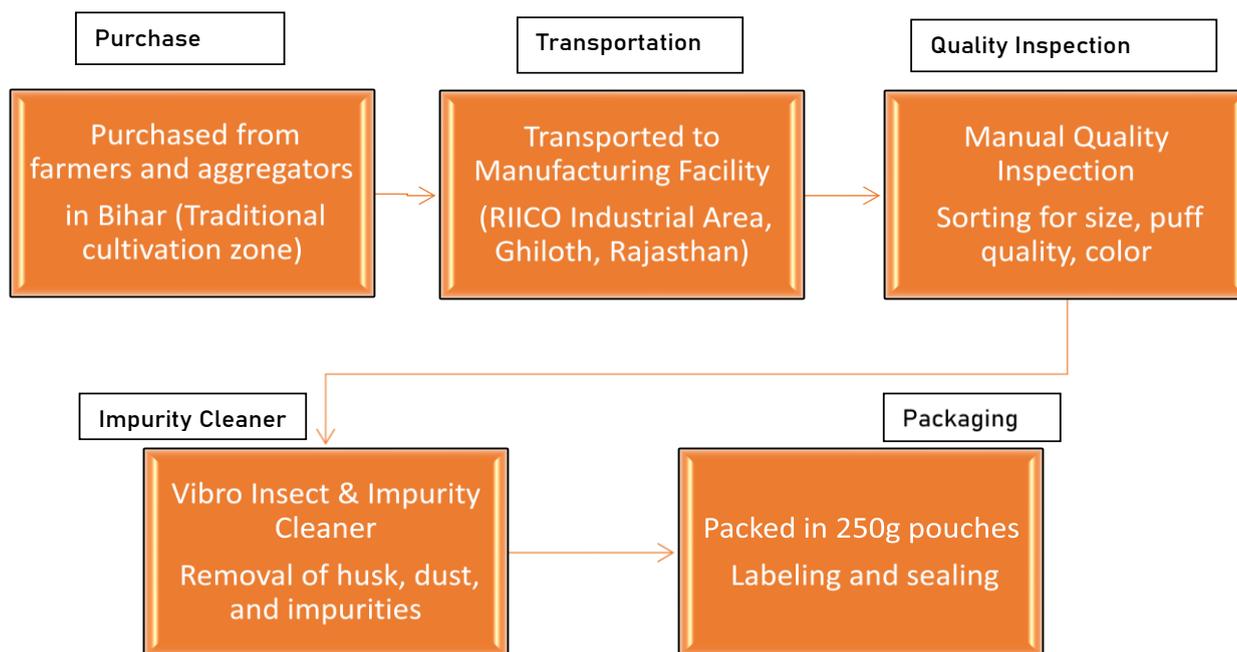

6. Packaging

The measured almonds are packed into **250-gram consumer pouches**, which are then **sealed and labeled**. Packaging is carried out under the **Company's internal brand**.

7. Distribution

The finished, retail-ready pouches are then dispatched through the Company's **retail and institutional distribution channels**. With proper branding and secure packaging, the product is ready for delivery to end consumers or business clients.

FOXNUTS PROCESS FLOW CHART

BRIEF DESCRIPTION ABOUT FOXNUTS PROCESS –

1. Procurement

NFP Sampoorna Foods Limited procures makhana directly from **farmer groups and aggregators** based in **Bihar**, the primary cultivation region for fox nuts in India. The company follows **predefined quality parameters**, prioritizing **larger puffed grades** such as **5 Suta, 6 Suta, and above**, which are preferred for their **puff quality, size, and uniform appearance**.

2. Transportation

Once procured, the raw makhana is **transported to the Company’s food-grade processing facility at RIICO Industrial Area, Ghiloth, Rajasthan**. The transportation process is handled under hygienic conditions to preserve product integrity.

3. Manual Quality Inspection

On arrival at the facility, the makhana undergoes a **manual quality inspection** carried out by trained personnel. During this step, units that are **under-puffed, broken, discolored, or affected by moisture** are carefully removed. This ensures only quality makhana proceeds for further processing, maintaining uniformity and visual appeal.

4. Mechanical Cleaning

The selected makhana is passed through a **vibro-based insect and impurity cleaning system**, which uses **calibrated vibration and air suction** mechanisms to remove **dust, husk, light flakes, and insect residue**. This step is essential to improve food safety and product cleanliness before final packaging.

5. Packaging and Coding

After cleaning, the makhana is **weighed and packed into 250-gram pouches** using **food-safe packaging material**. Each pouch is then **sealed, labeled, and batch marked** as per **FSSAI guidelines**, ensuring compliance with food safety and traceability standards.

6. Distribution

The final consumer-ready pouches are distributed through **retail and institutional channels**, delivering consistent quality

and branded presentation to end-users. The packaging ensures that the makhana reaches consumers in a fresh and hygienic condition.

OUR STRENGTHS

1. Experienced Promoters

NFP Sampoorna Foods Limited is guided by a team of experienced and visionary promoters, each bringing valuable expertise across multiple industries. Mr. Praveen Goel, with over 28 years of experience spanning food processing, logistics, coal trading, and building materials, provides operational and strategic leadership. His business acumen and visionary leadership are central to shaping the Company's strategic direction.

Mr. Yashvardhan Goel, with 6 years of hands-on experience across diverse sectors, including food processing, logistics, and international trade, infuses the Company with fresh perspectives and a focus on innovation. His contributions help foster new approaches and drive growth opportunities.

Ms. Anju Goel, with 4 years of operational and management experience, brings essential support in the day-to-day business operations. Her focus on efficiency and strong management skills further strengthens the Company's foundation.

Together, the combined expertise of the promoters positions NFP Sampoorna Foods Limited to strategically navigate market opportunities, address industry challenges, and drive sustainable growth..

2. Direct Procurement Network from Africa, Bihar & Licensed Importers

Our Direct Procurement Network spans key sourcing regions—Africa and registered domestic importers for Cashews, Bihar for Foxnuts, and licensed importers in the mandi markets of Delhi NCR for Almonds—leveraging regional diversity, local expertise, and strategic market access. By directly sourcing cashews and foxnuts from producers, we eliminate multiple layers of intermediaries, thereby ensuring fair pricing, greater traceability, and quality control. For almonds, we collaborate with a network of established and licensed importers operating in mandi markets, enabling us to maintain consistency in quality and pricing. This integrated procurement approach gives us end-to-end oversight across our supply chains, minimizes operational risks, reduces lead times, and enhances our ability to respond quickly to dynamic market demands.

3. Consistent Year-Round Demand Driven by Long Shelf Life

We leverage the natural advantage of dry fruits' consistent demand it enjoys throughout the year, thanks largely to the long shelf life of dry fruits. Unlike many fresh agricultural products that are highly seasonal and perishable, dry fruits can be stored for extended periods without significant loss of quality or nutritional value. This durability allows processors, distributors, and retailers to maintain steady inventory levels and supply across diverse markets and seasons. Consequently, dry fruits are less affected by seasonal fluctuations, enabling stable production planning and sales forecasting. Moreover, their availability year-round supports continuous consumer consumption, whether for daily snacking, cooking, gifting, or festive occasions, which helps companies achieve sustained revenue and growth.

4. Established client relationship.

At NFP Sampoorna Foods Limited, we've built strong relationships with our clients by consistently delivering quality dry fruits. Our team focuses on understanding each client's needs through regular communication. We listen to their requirements, ensure timely deliveries, and offer support to help them with their procurement needs.

This approach has led to many clients returning to us for repeat orders, which shows the trust they've placed in our products and services. We've discovered that our focus on quality and reliability has not only allowed us to meet immediate needs but also build long-term trust and confidence among our clients.

As a result, our brand has gained a reputation in the market. The ongoing trust from our clients has played a key role in establishing our product's presence and driving growth in the market.

OUR BUSINESS STRATEGIES

1. Strategic Product Diversification with Focus on Value-Added Healthy Snacks

The Company intends to strengthen its position in the healthy snacking segment by expanding its product offerings and enhancing processing capabilities. A key area of focus is the makhana (fox nut) category, which the Company views as a high-potential growth vertical. To support this, the Company intends to introduce value-added variants such as roasted, flavored, and vacuum-packed makhana targeted at health-conscious urban consumers seeking convenient and nutritious snack options. This strategic focus is expected to enhance the Company's market positioning by enabling it to tap into the rapidly growing demand for healthy, ready-to-eat snacks. Expanding the makhana portfolio with value-added products will allow the Company to improve its gross margins, deepen brand engagement, and increase its share in the market.

2. Brand and Retail Development

The Company is actively strengthening its brand and retail presence as a key pillar of its growth strategy. Leveraging increasing consumer demand for healthy snacking options, the Company plans to scale up its existing retail brand through a multi-channel approach. This includes targeted expansion across leading e-commerce platforms such as Amazon, Blinkit and Mystore, as well as entry into modern trade outlets and footfall retail stores in metro and Tier I cities.

To enhance visibility and consumer trust, the Company has entered into strategic arrangements with the government institutions for the sale of branded SKUs through their outlets in major metropolitan cities. The product portfolio includes **250 g consumer pouches** for retail sales and **10 kg tins** for institutional and bulk buyers. Additionally, the Company has established its own retail outlet at **Khari Baoli, Delhi**, India's largest dry-fruit market, strengthening brand presence and providing direct customer access.

3. Optimal Utilization of Installed Capacity

Our Company aims to achieve maximum utilization of the installed capacity at its processing unit located at Plot No. C-63, RIICO Industrial Area, Ghiloth, Rajasthan – 301705. The unit has an installed capacity of 2,500 MT for Cashew Shell processing and 670 MT for finished Cashew Kernels. The Company has commissioned a 15 MT/day cashew processing

facility at Neemrana, Rajasthan, designed for high operational efficiency. To optimize capacity usage, we plan to strengthen raw material procurement through reliable sourcing channels

To enhance the utilization of installed capacity, production planning has been aligned with procurement seasonality through batch scheduling and lot-wise production. Planned maintenance schedules and basic spare management have been implemented to minimize unplanned downtime. The Company follows a dual-source raw material procurement strategy, sourcing approximately 65% from selected African countries and 35% domestically, ensuring year-round availability of quality cashews. African origins have been carefully selected based on processing efficiency and kernel yield, enabling faster turnaround times, improved plant productivity, and better utilization of installed capacity.

This approach is also expected to support inventory management, allowing us to maintain optimum stock levels without overstocking or understocking. In the long term, this would contribute to more stable production cycles, improved cost management, and better responsiveness to market demand, supporting our broader goal of sustainable and efficient growth.

Procurement Network Strengthening

The Company has established direct sourcing relationships in key West African origins, including Benin, Ghana, Burkina Faso, and Togo. The Managing Director personally oversees procurement at these origins during the harvest season to ensure superior quality, build supplier trust, and maintain traceable sourcing. By reducing dependence on intermediaries and fostering long-term supplier relationships, the Company has integrated direct export-import logistics, enhancing efficiency and reliability in the supply chain.

SWOT ANALYSIS

Strength:

Experienced Promoters and Management Team

NFP Sampoorna Foods Limited is guided by a team of experienced and visionary promoters, each bringing valuable expertise across multiple industries. Mr. Praveen Goel, with over 28 years of experience spanning food processing, logistics, coal trading, and building materials, provides operational and strategic leadership. His business acumen and visionary leadership are central to shaping the Company's strategic direction.

Mr. Yashvardhan Goel, with 6 years of hands-on experience across diverse sectors, including food processing, logistics, and international trade, infuses the Company with fresh perspectives and a focus on innovation. His contributions help foster new approaches and drive growth opportunities.

Ms. Anju Goel, with 4 years of operational and management experience, brings essential support in the day-to-day business operations. Her focus on efficiency and strong management skills further strengthens the Company's foundation.

Together, the combined expertise of the promoters positions NFP Sampoorna Foods Limited to strategically navigate market opportunities, address industry challenges, and drive sustainable growth..

Strategic Market Presence

NFP Sampoorna Foods Limited benefits from its strategic presence in Shop No. 40/8, Ground Floor, Gandhi Gali, Fatehpuri, Delhi-110006 (Khari Baoli, Delhi), one of Asia's largest dry fruit markets. This location provides access to a broad network of wholesalers, retailers, and institutional clients, as well as real-time market insights. The Company's established distribution channels and institutional sales efforts enable it to serve diverse customer segments, including government agencies, sweet shops, and food processors, expanding its market reach.

Direct Procurement Network from Africa, Bihar & Licensed Importers

Our Direct Procurement Network spans key sourcing regions—Africa and registered domestic importers for Cashews, Bihar for Foxnuts, and licensed importers in the mandi markets of Delhi NCR for Almonds—leveraging regional diversity, local expertise, and strategic market access. By directly sourcing cashews and foxnuts from producers, we eliminate multiple layers of intermediaries, thereby ensuring fair pricing, greater traceability, and quality control. For almonds, we collaborate with a network of established and licensed importers operating in mandi markets, enabling us to maintain consistency in quality and pricing. This integrated procurement approach gives us end-to-end oversight across our supply

chains, minimizes operational risks, reduces lead times, and enhances our ability to respond quickly to dynamic market demands.

Weakness:

Seasonal Nature of Raw Material Availability

The procurement of key raw materials, such as raw cashew nuts, Almonds and Makhana is seasonal in nature. This can lead to challenges such as price fluctuations, inventory holding costs, and potential disruptions in production due to irregular supply cycles. To manage these challenges, Sampoorna Foods Limited adopts a strategic procurement approach by sourcing raw materials during the peak season and maintaining adequate stock levels to ensure a steady supply throughout the year. The Company also monitors market trends closely to time its purchases effectively and mitigate the impact of price volatility.

Regulatory Complexity in Food Processing Sector

Operating in the food processing industry requires compliance with multiple regulatory standards related to food safety, labeling, and packaging. Any non-compliance or frequent changes in regulations may result in operational disruptions or penalties.

Opportunities:

The growing consumer shift toward healthy and nutritious snacking presents significant opportunities for the Company to expand its presence in the dry fruit segment. Rising health awareness, urbanization, and increasing disposable incomes are fueling demand for premium dry fruits and value-added products. There is increasing scope to expand the Company’s business-to-consumer (B2C) presence through digital marketing and its own e-commerce platform. Additionally, growing adoption of dry fruits in institutional segments such as hospitality, corporate gifting, and food service industries offers new channels for volume-driven growth. Entry into modern retail chains and supermarket shelves also provides an opportunity to enhance visibility and build brand equity.

Threats:

The Company operates in a highly competitive market, facing pressure from both organized and unorganized players, which can impact pricing power and market share. Fluctuations in raw material prices, particularly for cashew nuts and almonds, can significantly affect margins due to the commodity-driven nature of the business. Regulatory challenges, including changes in food safety standards and packaging requirements, pose compliance risks. Furthermore, dependency on agricultural supply chains exposes the business to seasonal variability, climate-related disruptions, and geopolitical risks that could affect sourcing and logistics.

Notes:

- 1) The annual installed capacity of a manufacturing plant is the maximum amount of production that a company can achieve in a year, assuming that all machines are running at full speed.
- 2) Production was partially suspended during November and December 2024, as well as in March 2025, due to the transition from the old unit to the newly commissioned facility. A trial production run was conducted in January and February 2025, resulting in approximately 90 MT of output. The production from both the trial period and the partially suspended

periods has been duly incorporated into the production figures for FY 2024–2025.

- 3) In Financial Year 2025-26 production did not commence in April & May 2025 due to the transition from the old unit to the newly commissioned facility. Consequently, regular operations at the new facility began on 9th June 2025.
- 4) The installed capacity at the previous facility stood at 1,797 MT for shell processing and 587 MT for kernel processing. The newly commissioned unit has substantially augmented these capacities to 2,500 MT for shell processing and 670 MT for kernel processing, reflecting a strategic upgrade in production capability.
- 5) The Quality Inspection stage is a bottleneck, with 40–50 workers inspecting only 1,200–2,000 kg/day—less than 10% of the 20,000+ kg daily output—leading to delays and inventory buildup. Addressing this requires scaling manpower or adopting automated inspection to sustain throughput and quality.
- 6) The plant operates for 300 working days annually, with a daily shift duration of 11 hours for male workers and 10 hours for female workers.
- 7) For FY 2025–26, capacity utilization calculations have been based on proportionate installed capacity. A total of 150 working days, excluding non-operational days, have been considered up to November 30th, 2025.
- 8) As informed by the client’s management, the production of semi-finished kernels is demand-driven. Accordingly, there was no production of semi-finished kernels during the financial year 2024–2025 and up to the date of reporting.

As Certified by the M/s. Sapien Services Private Limited, Chartered Engineer in their certificate dated December 22nd, 2025.

Power:

The Company has been sanctioned 110.32 Kilowatts (KW) of power for its Processing facility located at RIICO Industrial Area, Rajasthan, by Jaipur Vidyut Vitran Nigam Limited. Additionally, the Company's registered and Corporate office located at Najafgarh Road Industrial Area, New Delhi – 110015, has been sanctioned 5 Kilowatts (KW) of power by Tata Power Delhi Distribution Limited. The sanctioned power is currently being utilised to support operational requirements at the respective locations.

LOGISTICS

We have to rely upon third party transportation service providers for the delivery of raw material to us from our suppliers and delivery of our products to the customers.

The Company has established a structured logistics mechanism for the movement of raw materials and finished goods.

Inbound (Raw Material Logistics):

Raw Cashew Nuts imported from Africa are delivered by shipping lines to Container Freight Stations (CFS) at ports such as Mundra and other major ports. After customs clearance, the material is transported to the Company's processing facility at Neemrana in 25–40 ton trucks, depending on the lot size. The inland transportation is handled by one, who has been associated with the Company for over three years, ensuring safe and timely movement of goods. Finished products, including cashew kernels, makhana, and dry fruits, are transported from the Neemrana facility to the Company's warehouse and outlet at Khari Baoli, Delhi through Local Transportation.

Outbound (Finished Goods Logistics):

Processed products, including cashew kernels, makhana, and dry fruits, are transported from the Neemrana facility to the Company's warehouse at Khari Baoli, Delhi through Local Transportation. Deliveries to wholesalers, retailers, and institutional customers are carried out from this warehouse through third-party transporters and delivery service providers.

The Company's operations in Delhi provide convenient access to multiple transporters and logistics partners such as Porter and other third-party vendors, facilitating cost-effective and timely dispatch of products across India.

This model provides the Company with a secure, flexible, and cost-optimized supply chain, ensuring timely availability of raw materials and swift delivery of finished goods to its customers.

REPAIR AND MAINTENANCE

We conduct periodic repair and maintenance programs for our Processing facility. Our machinery and electrical repair teams carry out periodic maintenance and repair of the plants and machinery on an as-needed basis. In addition, our Processing facility is periodically inspected by our technicians. Such as the repair and maintenance is carried out almost 52 times in a year on needed basis.

Water

The Company meets its water requirements for the processing unit through an industrial water connection provided by Rajasthan State Industrial Development & Investment Corporation Ltd. (RIICO) and an in-house borewell facility. The Corporate and Registered Office of the Company have continuous water supply from the Municipal Corporation of Delhi (MCD) for sanitation purposes and adequate arrangements for drinking water.

Waste Management:

The Company's waste management strategy ensures that all bi-products are sold to various industries, where they serve as valuable raw materials, such as:

Shell: The cashew shells, a by-product of our processing operations, are sold to external parties for the extraction of cashew nut shell oil, which serves as a raw material in the paint industry.

Husk: The second outer covering, also known as the testa or soft covering, removed from the cashew nuts is sold to external parties, where it is further processed to produce katha, a food ingredient, and also serves as a raw material in the production of paper products.

COLLABORATIONS/TIE UPS/ JOINT VENTURES

As on the date of this Draft Red Herring Prospectus, we do not have any Collaboration/Tie Ups/ Joint Ventures.

EXPORT OBLIGATION

Our Company does not have any export obligation, as on date of this Draft Red Herring Prospectus.

COMPETITION

The Indian cashew processing industry is highly fragmented and competitive, comprising over 3,900 processing units as of March 2020, with a combined processing capacity of approximately 16.43 lakh metric tonnes per annum, according to the Directorate of Cashew and Cocoa Development (DCCD). The industry includes both organized and unorganized players, resulting in a competitive landscape driven by factors such as raw material procurement efficiency, product quality, pricing, processing capacity, distribution reach, and the ability to ensure consistent supply.

Our Company primarily competes with domestic cashew processors and traders. Despite the fragmented nature of the industry, we believe we possess certain operational strengths that provide a competitive edge:

- **Direct Sourcing Advantage:** Our Managing Director, Mr. Yashvardhan Goel, personally oversees the procurement of raw cashew nuts (RCN) from key sourcing regions in West Africa. This hands-on approach, which includes sampling and selection, ensures better input quality, higher kernel yields, and improved cost efficiency compared to peers relying on intermediaries.
- **Automated Processing Capacity:** We operate an automated processing facility with a capacity of 15 MT per day, enabling us to meet large institutional orders while maintaining efficiency and cost competitiveness. This scale of operation is significantly higher than many regional players.
- **Strategic Market Presence:** We operate a dedicated outlet in Shop No. 40/8, Ground Floor, Gandhi Gali, Fatehpuri, Delhi-110006, situated in Khari Baoli—Asia's largest wholesale dry fruit market. This provides direct access to a wide base of distributors, wholesalers, and institutional buyers, supporting recurring demand and enhanced market visibility.
- **Quality and Compliance:** Our quality assurance processes adhere to FSSAI food safety standards, enabling us to cater to retail segments and institutional buyers who demand consistent product quality and regulatory compliance.
- **Seasonal Procurement Strategy:** We procure RCN during off-season periods when prices are relatively favorable,

allowing us to mitigate raw material price volatility and maintain production continuity during high-demand months.

This integrated approach supports our positioning in the domestic cashew market and enhances our ability to respond effectively to evolving customer needs and competitive pressures.

SALES AND MARKETING

The Company's sales and marketing strategy is shaped by the industry experience of its promoters, Mr. Praveen Goel and Mr. Yashvardhan Goel, who contribute to planning and guiding market expansion efforts. Their background in agro-trading helps align the Company's approach with ongoing market trends and customer requirements.

The Company follows a these strategy to expand its reach:

- **Distribution & Institutional Sales:** Led by Mr. Anil Gupta, Vice President – Sales, the focus areas include institutional clients, B2G procurement, and large-volume buyers. The Company also maintains a presence in Khari Baoli, Delhi, which serves as a major distribution channel and provides ongoing market insights.
- **Targeted Customer Segments:** The sales approach addresses the needs of various customer groups including government buyers, institutional clients (such as sweet shops and food processors), and regional distributors and wholesalers.
- **Brand Awareness:** The Company adopts a low-cost, organic model for brand visibility through direct customer interaction, repeat business, and presence in traditional wholesale markets. It avoids aggressive promotional campaigns or exaggerated advertising.

Together, these focused efforts enable the Company to build strong customer relationships, expand its market presence, and support steady business growth.

The Company does not operate through distributor or dealer network and has not entered into arrangement into with distributors and dealers.

ENVIRONMENT, HEALTH AND SAFETY

Our operations are governed by a comprehensive framework of environmental laws and regulations that encompass a wide range of critical areas, including:

- Air quality management and emissions control
- Wastewater management and discharge regulations
- Safe handling, storage, and disposal of hazardous materials and waste
- Protection of employee health and safety

We are committed to ensuring compliance with these regulations and minimizing our environmental footprint, while prioritizing the well-being of our employees and the communities in which we operate. For further information, see "**Key Industry Regulations**" beginning page 160 of this Draft Red Herring Prospectus.

We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations. We have complied, and will continue to comply, with all applicable environmental and associated laws, rules and regulations. We have obtained, or are in the process of obtaining or renewing, all material environmental consents and licenses from the relevant governmental agencies that are necessary for us to carry on our business. For further information, see "**Government and Other Approvals**" beginning on page 259 of this Draft Red Herring Prospectus.

KEY INDUSTRY REGULATIONS

The following description is a summary of the relevant regulations and policies as prescribed by the GoI and other regulatory bodies that are applicable to our business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, and the bye laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the shareholders and neither designed, nor intended to substitute for professional legal advice. The Indian Contract Act, 1872

The Indian Contract Act, 1872 codifies the legal principles that governs both oral and written ‘contracts ‘including express and implied contracts. The Act basically identifies the ingredients of a legally enforceable valid contract in addition to dealing with certain special type of contractual relationships like indemnity, guarantee, bailment, pledge, quasi contracts, contingent contracts etc. In India, Indian Contract Act, 1872 governs the Contract and its applicability extends to whole of India. It came into force on First day of September 1872. Section 2(h) defines —Contract as an agreement enforceable by law; in other words, it is a) A Contract is an agreement; an agreement is a promise and a promise is an accepted proposal; b) An Agreement which is legally enforceable alone is a contract. Section 2(e) of the act defines the term Agreement as, ‘every promise or every set of promises forming consideration for each other ‘. An Agreement is a promise or a commitment or set of reciprocal promises or commitments. An agreement involves an offer or proposal by one person and acceptance of such offer or proposal by another person. Section 2(b) defines term Promise i.e., —When a person to whom proposal is made signifies his assent thereto, the proposal is said to be accepted. Proposal when accepted becomes a promise. Section 2(d) defines Lawful Consideration as a mean for ‘compensation’ for doing or omitting to do an act or deed. It is also referred to as ‘quid pro quo’ viz., ‘something in return for another thing’. Section 2(b) defines Promise as —A Proposal when accepted becomes a promise. In simple words, when an offer is accepted it becomes promise. Section 2(c) defines Promisor and promisee as —When the proposal is accepted, the person making the proposal is called as promisor and the person accepting the proposal is called as promisee. An agreement enforceable by law is a valid contract. In other words, it satisfies all the requirements of a valid contract as laid down in section 10. If any of the essential requirements is missing it becomes a void contract.

Employees State Insurance Act, 1948, as amended (the “ESIC Act”)

The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

National Environmental Policy, 2006

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy: -

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

Environment Protection Act, 1986 (“Environment Act”)

REGULATIONS RELATED TO FOREIGN TRADE AND INVESTMENT

The Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through Consolidated FDI Policy Circular/Press Notes/Press Releases which are notified by the Department of Economic Affairs (DEA), Ministry of Finance, Government of India as amendments to the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 under the Foreign Exchange Management Act, 1999 (42 of 1999) (FEMA). DPIIT has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until an updated circular is issued.

The reporting requirements for any investment in India by a person resident outside India under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 are specified by the RBI. Regulation 4 of the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 vide notification No. FEMA. 395/2019-RB dated 17.10.2019 issued by the RBI stipulates the reporting requirement for any investment in India by a person resident outside India. All the reporting is required to be done through the Single Master Form (SMF) available on the Foreign Investment Reporting and Management System (FIRMS) platform at <https://firms.rbi.org.in>. Under the current FDI Policy of 2020, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations.

Foreign Exchange Management Act, 1999 (“FEMA”) and Regulations framed thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIF and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017 (“FEMA Regulations”) to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2015 for regulation on exports of goods and services.

Ownership restrictions of FIIs

Under the portfolio investment scheme, the total holding of all FIIs together with their sub-accounts in an Indian company is subject to a cap of 24% of the paid-up capital of a company, which may be increased up to the percentage of sectoral cap on FDI in respect of the said company pursuant to a resolution of the board of directors of the company and the approval of the shareholders of the company by a special resolution in a general meeting. The total holding by each FII, or in case an FII is investing on behalf of its sub-account, each sub-account should not exceed 10% of the total paid-up capital of a company.

Laws related to Overseas Investment by Indian Entities

Overseas investment by Indian Entities are governed under Foreign Exchange Management Act, 1999 under which the central Government of India have notified Foreign Exchange Management (Overseas Investment) Rules, 2022 in suppression of Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2004 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property Outside India) Regulations, 2015. Followed by the rules, RBI has vide notification no. RBI/2022-2023/110, A.P. (DIR Series) Circular No.12 dated August 22, 2022 have issued Foreign Exchange Management (Overseas Investment) Directions, 2022 and Foreign Exchange Management (Overseas Investment) Regulations, 2022. These legislations frame the investment fields, mode and cap for various sectors and regions, by any person resident in India and the reporting requirements.

Foreign Trade Policy 2023

The Central Government of India in exercise of powers conferred under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992 (No. 22 of 1992) [FT (D&R) Act], as amended, has notified Foreign Trade Policy (FTP) 2023 which is effective from April 01, 2023 and shall continue to be in operation unless otherwise specified or amended. It provides for a framework relating to export and import of goods and services.

In general, the Intellectual Property Rights includes but is not limited to the following enactments:

- Indian Patents Act, 1970
- The Copyright Act, 1957
- The Trade Marks Act, 1999
- Design Act, 2000

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

Trade Marks Act, 1999

The Trade Marks Act, 1999 provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement for commercial purposes as a trade description. The TM Act prohibits any registration of deceptively similar trademarks or chemical compounds among others. It also provides for penalties for infringement, falsifying and falsely applying for trademarks.

Designs Act, 2000

The Design Act, 2000 came into force in May 2001 to consolidate and amend the law relating to protection of designs. A design refers to the features of shape, configuration, pattern, ornamentation or composition of lines or colours applied to any article, in two or three dimensional or both forms. In order to register a design, it must be new and original and must not be disclosed to the public anywhere in India or any other country by publication in tangible form or in any other way prior to the filing date. A design should be significantly distinguishable from known designs or combination of known designs in order for it to be registerable. A registered design is valid for a period of 10 years after which can be renewed for a second period of 5 years, before the expiration of the original period of 10 years. After such period the design is made available to the public by placing it in the public domain.

B. SIGNIFICANT ACCOUNTING POLICY											
<p>Basis of preparation: The summary statement of restated assets and liabilities of the Group as at 30th November 2025, 31st March 2025, 31st March 2024, 20th December 2023 and 31st March 2023 and the related summary statement of restated profit and loss and cash flows for the period from 01.04.2025 to 30.11.2025, 01.04.2024 to 31-03-2025, 21.12.2023 to 31.03.2024, from 01.04.2023 to 20.12.2023 and year ended 31st March 2023 (collectively referred to as the "Restated summary financial information") have been prepared specifically for the purpose of inclusion in the offer document to be filed by the Group in connection with the proposed Initial Public Offering (hereinafter referred to as 'IPO'). The restated summary financial information has been prepared by applying necessary adjustments to the financial statements ("financial statements") of the Group. The financial statements of the Group have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the accounting standards specified under section 133 of the Companies Act, 2013, of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable and Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) regulations 2018, as amended (the "Regulations"). The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistently applied.</p>											
<p>Use of estimates: The preparation of the financial statements in conformity with Generally Accepted Accounting Principles requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and the reported amounts of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, income taxes, post - sales customer support and the useful lives of Property Plant and Equipments and intangible assets.</p>											
<p>(i) Revenue recognition : The Group derives its revenues primarily from Processing and Trading of Cashewnuts. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured in accordance with AS-9, Revenue Recognition. Sales are recognized on accrual basis, and only after transfer of goods to the customer.</p>											
<p>(ii) Other Income : Other items of income and expenditure are recognized on accrual basis and as a going concern basis, and the accounting policies are consistent with the generally accepted accounting policies.</p>											
<p>(iii) Property Plant and Equipment including Intangible assets: Property Plant and Equipments are stated at cost, less accumulated depreciation. Cost includes cost of acquisition including material cost, freight, installation cost, duties and taxes, and other incidental expenses, incurred up to the installation stage, related to such acquisition. Intangible assets that are acquired by the Group are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and any accumulated impairment loss.</p>											

(viii) Taxes on Income:

Income Tax expense is accounted for in accordance with AS-22 "Accounting for Taxes on Income" for both Current Tax and Deferred Tax stated below:

A. Current Tax:

Provision for current tax is made in accordance with the provisions of the Income Tax Act, 1961.

B. Deferred Tax:

Deferred tax is recognised, subject to the consideration of prudence, as the tax effect of timing difference between the taxable income and accounting income computed for the current accounting year using the tax rates and tax laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax assets are recognised and carried forward to the extent that there is a reasonable certainty, except arising from unabsorbed depreciation and carried forward losses, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

(ix) Provisions and Contingent Liabilities:

A provision is recognised if, as a result of past event, the Group has a present legal obligation that can be estimated reliably and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by the best estimate of outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is

(x) Earnings Per Share:

Basic Earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(xi) Operating Leases

Lease where the Lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating lease. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight-line basis.

(xii) Cash and Cash Equivalents:

Cash and cash equivalents comprise cash and cash deposits with banks. The Group considers all highly liquid investments with a original maturity at a date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents. Other deposits with bank represents investments with a original maturity at a date of purchase between 3 months and 12 months.

(xiii) Foreign Currency Transactions

Foreign exchange transactions during the year are recorded at the exchange rates prevailing on the dates of the transactions. Gain or loss out of fluctuations in rate between transactions date and settlement date in respect of revenue are recognized in the profit and loss account. All foreign currency denominated monetary assets and liabilities are translated at the exchange rates prevailing on the balance sheet date. The resultant exchange differences are recognised in the Statement of Profit and Loss for the year.

(xiv) Inventories

Stock of Raw Materials, components and other stocks are valued At Cost (FIFO Basis) (net off CENVAT & GST wherever applicable) or NRV, whichever is lower. Finished products including traded goods and work-in-process are valued at lower of cost or net realizable value. Cost includes all expenses incurred on material to bring them to their present location and

(xv) Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take Substantial period of time to get ready for their intended for use. Other income earned on the temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

ANNEXURES TO RESTATED CONSOLIDATED FINANCIAL STATEMENT

ANNEXURE 5 : ADJUSTMENTS MADE IN RESTATED FINANCIAL STATEMENTS / REGROUPING NOTES

Adjustments having no impact on Profit Material Regrouping

Appropriate adjustments have been made in the restated summary statements, wherever required, by a reclassification of the corresponding items of income expenses, assets, liabilities and cash flows in order to bring them in line with the groupings as per the audited financial statements of the Company, prepared in accordance with Schedule III and the requirements of the Securities Exchange Board of India (Issue of Capital & Disclosure Requirements) Regulations, 2018 (as amended).

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our restated financial information as of and for the period ended November 30, 2025 and financial years ended March 31, 2025, 31st March 2024 (including periods from 21st December, 2023 to March 31st, 2024 and 1st April, 2023 to December 20th, 2023), and Financial year ended March 31, 2024, and March 31, 2023. Our Restated Financial Statements have been derived from our audited financial statements and restated in accordance with the SEBI ICDR Regulations and the ICAI Guidance Note. Our financial statements are prepared in accordance with Indian GAAP, including the schedules, annexures and notes thereto and the reports thereon, included in the section titled "Financial Information" on page 201 of this Draft Red Herring Prospectus. Unless otherwise stated, the financial information used in this section is derived from the restated financial statements of our Company.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those set forth in the sections titled "Risk Factors" and "Forward- Looking Statements" on pages 28 and 18 respectively, of this Draft Red Herring Prospectus.

These financial statements have been prepared in accordance with Indian GAAP. Indian GAAP differs in certain significant respects from U.S. GAAP, IFRS and Ind AS. We have neither attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Red Herring Prospectus nor do we provide a reconciliation of our financial statements to those under U.S. GAAP or IFRS or Ind AS. Accordingly, the degree to which the Indian GAAP financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with the Companies Act, Indian GAAP and the SEBI ICDR Regulations. Any reliance on the financial disclosure in this Draft Red Herring Prospectus, by persons not familiar with Indian Accounting Practices, should accordingly be limited.

References to the "Company", "we", "us" and "our" in this chapter refer to NFP Sampoorna Foods Limited, as applicable in the relevant fiscal period, unless otherwise stated.

OVERVIEW OF OUR BUSINESS

We are engaged in the processing of raw cashew nuts into cashew kernels, with a growing distribution presence across the northern region of India. Our primary procurement of raw cashew nuts (RCN) is undertaken directly under the supervision of our Managing Director, ensuring control over quality standards, procurement timing, and pricing. The majority of our RCN is sourced from selected African countries during their peak harvest season (January to June), enabling us to secure premium-quality raw materials at competitive rates.

We operate a modern, automated processing facility with an installed capacity of 2450 cashew shell and 750 kernel per annum in a single shift, capable of producing multiple grades of cashew kernels that cater to the B2B, B2C, and institutional segments. Our products are supplied to wholesalers, retailers, confectionery manufacturers, hospitality businesses, and dry fruit retailers in northern India.

In addition to in-house processing, we are also engaged in the trading of raw cashew nuts, which allows us to meet market demand beyond our processing capacity, maintain continuous engagement with suppliers, and capitalize on price opportunities during the procurement cycle.

Our operations are built on stringent quality control, from procurement to processing and packaging, ensuring that every batch meets exacting customer expectations. This has enabled us to establish and strengthen a loyal customer base across the northern region.

Recognizing the growing demand for health-focused, value-added food products, we have diversified into Makhana, Almonds and walnut. This expansion not only broadens our revenue streams but also positions us as a multi-category player in the premium nutrition space, aligned with India's rapidly evolving consumer preferences.

With a combination of direct procurement control, automated processing capacity, and a diversified product portfolio, we are strategically placed to capture the growing demand for premium dry fruits in India. Our strong sourcing network, operational efficiency, and market presence in the northern region provide a scalable platform for future growth in both domestic and potential export markets.

SIGNIFICANT FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our financial condition and results of operations are influenced by a range of factors and uncertainties, including those discussed in the section titled “Risk Factors” on page 28 of this Draft Red Herring Prospectus. The key factors that have had, and are expected to continue to have, a significant impact on our performance are outlined below:

1. Procurement-Related Factors

- Seasonal availability, quality, and pricing of raw cashew nuts (RCN) sourced from African countries.
- Timely procurement of raw materials to ensure uninterrupted production.
- Strength of sourcing networks with farmers, distributors, and exporters in Africa.
- Price volatility of other key raw materials such as Makhana and Almonds in domestic and international markets.
- Foreign exchange rate fluctuations affecting the cost of imported raw materials.

2. Operational and Capacity Utilisation Factors

- Optimum utilisation of existing automated processing capacity at our Ghiloth, Rajasthan, plant.
- Availability of skilled labour and technical staff for processing, packaging, and quality control.
- Regular maintenance, upgrading, and calibration of machinery to ensure high-quality output.
- Adequacy of storage and warehouse infrastructure for both raw materials and finished goods.

3. Market and Consumer Demand Factors

- Seasonality in demand for cashews, Makhana, Almonds, and other products during festive and gifting seasons.
- Competitive pressures from domestic and regional players in the nuts and dry fruits industry.
- Shifts in consumer preferences towards health-focused and premium nut varieties.
- Effectiveness of branding, marketing, and sales strategies to expand market penetration in northern India.

4. Financial and Economic Factors

- Availability of adequate funding on acceptable terms to meet working capital requirements and finance capacity expansion.
- Efficient management of fixed overheads and achieving economies of scale.
- Changes in interest rates and taxation policies affecting profitability.

5. Regulatory and Policy Factors

- Changes in laws and regulations applicable to the food processing and import–export industry in India.

SIGNIFICANT ACCOUNTING POLICIES

The accounting policies have been applied consistently to the periods presented in the Restated Financial Statements. For details of our significant accounting policies, please refer section titled “*Financial information*” on page 201 of this Draft Red Herring Prospectus.

PRINCIPAL COMPONENTS OF OUR STATEMENT OF PROFIT AND LOSS ACCOUNT

Total Income

Our total income for the period ended November 30, 2025 and the financial years ended March 31, 2025, March 31, 2024, and

March 31, 2023 amounted to ₹ 3,695.73 lakhs, ₹ 3,575.74 lakhs, ₹ 2,330.91 lakhs (599.66 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 1,731.25 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 1,674.69 lakhs, respectively. Our total income comprises:

Revenue from Operation

Our revenue from operations is primarily derived from the sale of raw cashew nuts, processed cashew kernels, NW (non-wholes) cashew grades, by-products such as husk and shell, and other non-cashew products including Makhana, almonds and walnuts. It also includes sales of raw cashew nuts as a traded commodity and income from job work related to cashew processing.

For the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, our revenue from operations amounted to ₹ 3,687.50 lakhs, ₹ 3,563.67 lakhs, ₹ 2,300.36 lakhs (599.66 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 1,700.70 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 1,674.68 lakhs, respectively, representing 99.78%, 99.66%, 98.69%, and 100.00% of our total income for the corresponding periods.

Other Income

Our other income primarily comprises interest income, foreign currency exchange gains, rebates and discounts, and insurance claims received.

For the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, our other income amounted to ₹ 8.24 lakhs, ₹ 12.07 lakhs, ₹ 30.55 lakhs (Nil for the period from 21st December, 2023 to March 31st, 2024 and 30.55 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 0.01 lakhs, respectively, representing 0.22%, 0.34%, 1.31%, and negligible % of our total income for the corresponding periods.

Total Expenses

Our total expenses amounted to ₹ 3,229.91 lakhs, ₹ 3,216.89 lakhs, ₹ 2,172.90 lakhs (575.18 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 1,597.72 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 1,615.22 lakhs for the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, respectively. These expenses represented 87.40%, 89.96%, 93.22%, and 96.45% of our total income for the corresponding periods.

Direct Operating Expense

Direct operating expenses primarily comprise the cost of procuring raw cashew nuts, processing and grading charges, packing materials, power and fuel expenses for processing units, transportation costs, factory rent, and quality testing charges.

For the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, our direct operating expenses amounted to ₹ 2,943.59 lakhs, ₹ 2,886.76 lakhs, ₹ 2,148.41 lakhs (626.99 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 1,521.42 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 1,559.76 lakhs, respectively, representing 79.65%, 80.73%, 92.17%, and 93.14% of our total income for the corresponding periods.

Employee Benefits Expense

Employee benefits expenses primarily comprise salaries and wages for factory and administrative staff, employer's contributions to welfare funds, training expenses, directors' remuneration, employee insurance, and other staff welfare costs. For the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, our employee benefits expenses were ₹ 159.65 lakhs, ₹ 230.66 lakhs, ₹ 249.94 lakhs (75.93 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 174.00 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 137.74 lakhs, respectively, representing 4.32%, 6.45%, 10.72%, and 8.22% of our total income for the corresponding periods.

The higher proportion of employee benefits expenses in FY 2023–24 compared to other years was primarily due to increased recruitment, training, and staff welfare initiatives undertaken during the commissioning and ramp-up of our automated processing facilities. These costs moderated in FY 2024–25 and for the period ended November 30, 2025, due to improved operational efficiency and manpower optimisation.

Finance Costs

Finance costs comprise bank charges and commissions, interest on working capital borrowings, interest on unsecured loans, and foreign exchange fluctuation losses arising from export–import transactions. Our finance costs amounted to ₹ 118.88 lakhs, ₹ 92.11 lakhs, ₹ 73.33 lakhs (25.15 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 48.18 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 4.81 lakhs for the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, respectively, representing 3.22%, 2.58%, 3.15%, and 0.29% of our total income for the corresponding periods.

Depreciation and Amortization

Depreciation and amortization expenses primarily relate to the depreciation of plant and machinery used in cashew processing, factory buildings, furniture and fixtures, office equipment, and other tangible assets.

Our depreciation and amortization expenses amounted to ₹ 87.82 lakhs, ₹ 30.51 lakhs, ₹ 15.78 lakhs (6.55 lakhs for the period from

21st December, 2023 to March 31st, 2024 and 9.23 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 12.88 lakhs for the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, respectively, representing 2.38%, 0.85%, 0.68%, and 0.77% of our total income for the corresponding periods.

Other Expenses

Other expenses comprise business promotion and marketing costs, commission and brokerage, factory and warehouse rent, freight and forwarding charges, insurance, legal and professional fees, repair and maintenance, utilities, and other administrative overheads.

Our other expenses amounted to ₹ 91.32 lakhs, ₹ 132.12 lakhs, ₹ 116.22 lakhs (37.98 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 78.24 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 57.28 lakhs for the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, respectively, representing 2.47%, 3.69%, 4.99%, and 3.42% of our total income for the corresponding periods.

Profit After Tax

Our profit after tax amounted to ₹ 348.71 lakhs, ₹ 267.41 lakhs, ₹ 101.70 lakhs (14.80 lakhs for the period from 21st December, 2023 to March 31st, 2024 and 86.91 lakhs for the period from 1st April, 2023 to December 20th, 2023), and ₹ 41.11 lakhs for the period ended November 30, 2025, and the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, respectively, representing 9.44%, 7.48%, 4.36%, and 2.45% of our total income for the corresponding periods. The substantial improvement in FY 2024–25 and sustained profitability in FY 2025–26 (till November) reflect enhanced operational efficiency, better capacity utilization, and disciplined cost management.

Financial Year 2025 compared to Financial Year 2024

Total Income

Our total income recorded a robust growth of 53.41%, increasing from ₹ 2,330.91 lakhs in the financial year ended March 31, 2024, to ₹ 3,575.74 lakhs in the financial year ended March 31, 2025. This growth was predominantly driven by strategic trading of raw cashew nuts (RCN), which contributed significantly to sales during the year. Additionally, the introduction of *makhana* to our product range, contributing around 2–3% of total revenue, further diversified our portfolio and added incremental growth. Higher production output from our old processing facility, improved capacity utilization, and efficient procurement strategies also played a supportive role in enhancing overall revenue performance.

Revenue from Operations

The Company recorded strong revenue growth of 54.91% in FY 2024–25, increasing from ₹2,300.36 lakh to ₹3,563.67 lakh, driven by expanded market reach and higher trading volumes. Institutional sales rose sharply, supported by the Khari Baoli sales office, with the B2B customer base increasing from 163 to 226, alongside growth in B2C and the addition of B2G sales. Trading activity, particularly in Raw Cashew Nuts (RCN), increased significantly, with trading revenue rising from ₹126.65 lakh to ₹1,369.72 lakh, contributing 38.31% of total revenue. Geographical expansion, especially in Gujarat, strengthened the Company's presence in key processing clusters. Product diversification through Foxnut and Almond trading further supported revenue growth. The Company's direct procurement network in Africa ensured consistent quality, lower procurement costs, and enhanced gross margins, enabling competitive pricing and deeper institutional penetration.

Other Income

Other income decreased by 60.49%, from ₹ 30.55 lakhs in the financial year ended March 31, 2024, to ₹ 12.07 lakhs in the financial year ended March 31, 2025. This decline was mainly due to the reduction in insurance claims received for stock losses caused by a storm at the warehouse facility during FY23-24, as well as a decrease in rebates and discounts received from suppliers due to a change in suppliers. Additionally, a reduction in quality-related claims from suppliers contributed to the lower income.

During the year, our Managing Director personally oversaw procurement operations in Africa, ensuring stricter quality control and adherence to specifications. This hands-on approach led to minimal mis-commitments and, consequently, fewer claim settlements, resulting in a lower amount recorded as other income.

Expenses

Total Expenses

Total expenses increased by 48.05%, from ₹ 2,172.90 lakhs in the financial year ended March 31, 2024, to ₹ 3,216.89 lakhs in the financial year ended March 31, 2025. This increase was largely growth-led, reflecting higher procurement volumes from expanded raw cashew nut trading activities, enhanced processing throughput, and investments in strengthening our workforce and operational infrastructure.

These expenditures directly supported our significant revenue growth during the year, while ongoing process improvements and efficiency measures ensured that margins improved despite the scale-up in operations.

Direct Operating Expense

Our direct operating expenses increased by 34.37%, from ₹ 2,148.41 lakhs in the financial year ended March 31, 2024, to ₹ 2,886.71 lakhs in the financial year ended March 31, 2025. This increase was primarily due to higher procurement volumes of raw cashew nuts, including

trading activities, and an increase in processing throughput at our unit. The expansion in volumes led to a corresponding rise in costs related to grading, packing materials, power and fuel, transportation, and quality testing.

Change in Inventories

Change in inventories moved from ₹ (430.78) lakhs in the financial year ended March 31, 2024, to ₹ (155.27) lakhs in the financial year ended March 31, 2025. The lower negative inventory adjustment was primarily due to higher closing stock of raw cashew nuts and finished goods at year-end, reflecting the timing of procurement and sales.

Employee Benefits Expense

Employee benefits expenses decreased by 7.71%, from ₹ 249.94 lakhs in the financial year ended March 31, 2024, to ₹ 230.66 lakhs in the financial year ended March 31, 2025. The decrease was mainly due to manpower optimization and reduced recruitment compared to the previous year, supported by process automation and improved operational efficiency at our processing unit.

Other Expenses

Other expenses increased by 13.68%, from ₹ 116.22 lakhs in the financial year ended March 31, 2024, to ₹ 132.12 lakhs in the financial year ended March 31, 2025. This increase was primarily due to higher administrative overheads, including the addition of a Chief Financial Officer, Company Secretary, and other administrative personnel to strengthen our corporate governance and compliance framework. It also reflects greater logistics and distribution costs from handling larger volumes of raw cashew nuts and finished kernels, as well as incremental expenses related to packaging, freight, and supply chain management following the introduction of makhana in our product portfolio.

Finance Costs

Finance costs increased by 25.61%, from ₹ 73.33 lakhs in the financial year ended March 31, 2024, to ₹ 92.11 lakhs in the financial year ended March 31, 2025. The increase was primarily due to higher utilisation of working capital facilities to fund bulk procurement of premium-grade raw cashew nuts during the harvest season, allowing us to secure competitive prices and maintain consistent quality. This strategic deployment of credit ensured uninterrupted processing and timely deliveries, contributing to the significant growth in revenue and the 162.94% increase in Profit After Tax during the year, despite the rise in finance costs.

Depreciation and Amortisation

Depreciation and amortisation expenses increased by 93.35%, from ₹ 15.78 lakhs in the financial year ended March 31, 2024, to ₹ 30.51 lakhs in the financial year ended March 31, 2025. This increase was primarily due to the addition of new plant and machinery, grading and sorting equipment, and other processing assets during the last two quarters of the year, along with capitalisation of upgrades to existing infrastructure aimed at improving efficiency, throughput, and product quality.

Profit after tax

The Company's PAT increased significantly by 162.94%, from ₹101.70 lakh in FY 2023–24 to ₹267.41 lakh in FY 2024–25, driven by strong revenue growth and improved operational efficiency. Revenue from operations rose 54.92% to ₹3,563.67 lakh, outpacing expense growth of 48.05%, reflecting better cost control and scale efficiencies. Gross margins strengthened as the Company shifted from the high-sea sales model to direct front-end procurement of raw cashews from African markets, reducing input costs and improving kernel quality. Cost of revenue declined from 92.17% to 80.73% of total expenses, while employee expenses fell from 10.72% to 6.45% due to automation and improved productivity. Trading activities expanded substantially, with trading revenue rising from ₹126.65 lakh to ₹1,369.72 lakh, supporting higher profitability. Finance costs and depreciation remained proportionate to revenue, indicating efficient working capital management and capacity expansion. Overall, improved procurement, better product mix, automation-led operational gains, and strategic expansion into RCN, almond, and makhana trading contributed to a higher PAT margin of 7.48%, up from 4.36% in the previous year.

Financial Year 2024 compared to Financial Year 2023

Total Income

Our total income increased by 34.63%, from ₹ 1,674.69 lakhs in the financial year ended March 31, 2023 to ₹ 2,330.91 lakhs in the financial year ended March 31, 2024. This growth was primarily driven by higher sales volumes of processed cashew kernels from our old processing unit, supported by improved procurement planning, consistent product quality, and stronger customer retention across our Northern India markets. Operational efficiency and timely order execution also contributed to this positive performance.

Revenue from Operations

The Company's revenue increased by 37.36%, from ₹1,674.68 lakh in FY 2022–23 to ₹2,300.36 lakh in FY 2023–24, driven by higher production output, improved operational efficiencies, and stronger market access. FY 2022–23 was the first full year of operations, during which stabilization efforts, introductory pricing, and higher breakage levels impacted performance. In FY 2023–24, capacity utilization improved, breakage reduced significantly, and direct procurement from Africa lowered input costs. Production volumes increased substantially—kernel output rose from 242.83 MT to 367.36 MT, and cashew shell production from 680.25 MT to 1,124.22 MT—resulting in higher sales. Additional revenue was contributed by a one-time cloves trading activity (3.78% of total revenue). Strengthening of the Delhi (Khari Baoli) sales office further enhanced market penetration, with regional sales increasing from ₹1,027.67 lakh to ₹1,619.91 lakh and the active customer base rising from 88 to 163. These factors collectively supported the Company's strong revenue growth during the year.

Other Income

Other income increased significantly from ₹ 0.01 lakhs in the financial year ended March 31, 2023 to ₹ 30.55 lakhs in the financial year ended March 31, 2024. This significant rise was primarily driven by higher foreign exchange gains, incidental non-operating income, and quality claim settlements received from suppliers for non-conforming raw cashew nut consignments.

Expenses

Total Expenses

Total expenses increased by 34.53%, from ₹ 1,615.22 lakhs in the financial year ended March 31, 2023 to ₹ 2,172.90 lakhs in the financial year ended March 31, 2024. This increase reflects higher direct operating costs in line with greater processing volumes, along with calibrated additions to manpower and administrative infrastructure to support growth.

Direct Operating Expense

Our direct operating expenses increased by 37.74%, from ₹ 1,559.76 lakhs in the financial year ended March 31, 2023 to ₹ 2,148.41 lakhs in the financial year ended March 31, 2024. This increase was a direct result of our operational expansion, with significantly higher procurement and processing volumes of premium raw cashew nuts to meet growing demand. The rise in costs reflects strategic investments in quality materials, efficient processing, and enhanced logistics — positioning the company to capture a larger share of the B2B market and strengthen its premium brand presence.

Change in Inventories

Change in inventories moved from ₹ (157.25) lakhs in the financial year ended March 31, 2023 to ₹ (430.78) lakhs in the financial year ended March 31, 2024, reflecting a higher negative inventory adjustment. This was a deliberate strategic decision to hold greater volumes of finished goods and premium-grade raw materials, ensuring uninterrupted supply to our growing B2B customer base, including leading sweet shops, supermarkets, and institutional buyers. This approach to stocking allowed us to capture peak-season demand and strengthen our position as a reliable supplier in the premium nuts segment.

Employee Benefits Expense

Employee benefits expense increased by 81.46%, from ₹ 137.74 lakhs in the financial year ended March 31, 2023 to ₹ 249.94 lakhs in the financial year ended March 31, 2024. The increase was primarily due to scaling up our workforce to support higher processing volumes, along with annual increments and compliance-related benefits. At the same time, partial automation in our processing unit improved efficiency, enabling us to manage this growth while maintaining control over per-unit labour costs and ensuring consistent product quality.

Other Expenses

Other expenses increased by 102.90%, from ₹ 57.28 lakhs in the financial year ended March 31, 2023 to ₹ 116.22 lakhs in the financial year ended March 31, 2024. The increase was primarily due to higher freight, transportation, and handling charges, increased utility costs, and greater spending on repairs and maintenance in line with higher processing volumes and the ramp-up of our B2B supply operations to sweet shops, supermarkets, and other institutional buyers.

Finance Costs

Finance costs increased from ₹ 4.81 lakhs in the financial year ended March 31, 2023 to ₹ 73.33 lakhs in the financial year ended March 31, 2024, primarily due to the strategic utilisation of working capital facilities to fund higher procurement volumes and expanded processing activity. This targeted funding supported stronger revenue growth and operational scale, which offset the incremental interest expense — contributing to a substantial rise in our Profit After Tax during the year.

Depreciation and Amortisation

Depreciation and amortisation expenses increased by 22.52%, from ₹ 12.88 lakhs in the financial year ended March 31, 2023 to ₹ 15.78 lakhs in the financial year ended March 31, 2024. The increase was mainly due to the addition of new plant and machinery and other fixed assets at our processing facility to improve efficiency and output quality.

Profit after Tax

The Company's revenue from operations grew 37.36% in FY 2023–24, from ₹1,674.68 lakh to ₹2,300.36 lakh, driven by improved operational efficiency, higher production output, and better market penetration. Expense growth of 34.53% remained below revenue growth, reflecting stronger cost control and improved operating leverage. Other income increased to ₹30.55 lakh, aided by foreign exchange gains and actionable claims, while efficient inventory utilization (change in inventories rising from ₹157.25 lakh to ₹430.78 lakh) supported higher sales and improved margins. Enhanced product mix, higher realization from premium-grade kernels, and a one-time clove trading profit of ₹7.43 lakh further strengthened profitability. PAT increased from ₹41.11 lakh to ₹101.70 lakh, with PAT margins improving from 2.45% to 4.36%, supported by higher capacity utilization, reduced breakage, and transition from introductory pricing to institutional pricing. The Khari Baoli sales office significantly boosted market access, with Delhi-region revenue rising from ₹1,027.67 lakh to ₹1,619.91 lakh and active customers increasing from 88 to 163, contributing meaningfully to improved realizations and profitability.

Shareholder's Fund

Our shareholders' fund grew from ₹ 854.18 lakhs as at March 31, 2023 to ₹ 1,570.47 lakhs as at November 30, 2025, reflecting a consistent upward growth in the Company's net worth over the last reporting periods.

As at March 31, 2024, shareholders' fund stood at ₹ 634.35 lakhs, reflecting a transition year where we strengthened our operational base and still delivered a profit after tax of ₹ 101.70 lakhs, despite strategic investments and capital withdrawals.

As at March 31, 2025, it rose to ₹ 901.75 lakhs, driven by strong operational performance and a profit after tax of ₹ 267.41 lakhs.

In just the second quarter of FY 2025–26, our shareholders' fund further surged to ₹ 1,570.47 lakhs, supported by a strong profit after tax of ₹ 348.71 lakhs, underscoring sustained business momentum and improved earnings capacity. The Company has further strengthened its capital structure through the allotment of 19,74,128 equity shares at a value of ₹16.21 each issued by way of consideration other than cash, pursuant to a share swap agreement dated June 30, 2025.

Non-current Liabilities

Our total non-current liabilities increased from ₹ 0.87 lakhs as at March 31, 2023 to ₹ 426.47 lakhs as at March 31, 2024, primarily on account of long-term borrowings strategically raised to strengthen our processing capacity and support business expansion. These liabilities reduced to ₹ 204.03 lakhs as at March 31, 2025 following planned repayments from internal accruals, reflecting prudent debt management. As at November 30, 2025, non-current liabilities increased to ₹ 802.34 lakhs, driven by the acquisition of our wholly owned subsidiary and long-term borrowings. This strategic acquisition added valuable assets and operational synergies to our business, with the associated liabilities representing a leveraged opportunity for accelerated growth and expanded market presence.

Current Liabilities

Our total current liabilities increased from ₹ 34.44 lakhs as at March 31, 2023 to ₹ 607.26 lakhs as at March 31, 2024, primarily due to the addition of short-term borrowings of ₹ 428.71 lakhs to fund higher procurement volumes and an increase in other current liabilities from ₹ 14.43 lakhs to ₹ 103.69 lakhs, in line with expanding operations. Current liabilities further rose to ₹ 1,597.69 lakhs as at March 31, 2025, driven by a rise in short-term borrowings to ₹ 935.03 lakhs and an increase in other current liabilities to ₹ 500.24 lakhs, reflecting the scale-up of operations and higher turnover. As at November 30, 2025, current liabilities stood at ₹ 2,029.12 lakhs, mainly due to short-term borrowings increasing to ₹ 1,697.90 lakhs and trade payables rising to ₹ 158.48 lakhs, supporting procurement activity and expanded business operations following the acquisition of our wholly owned subsidiary — positioning the Company for accelerated growth.

Non-current Assets

Our total non-current assets increased from ₹ 123.46 lakhs as at March 31, 2023 to ₹ 146.88 lakhs as at March 31, 2024, primarily due to an increase in property, plant & equipment from ₹ 119.55 lakhs to ₹ 139.50 lakhs and an increase in other non-current assets from ₹ 3.75 lakhs to ₹ 7.38 lakhs. Non-current assets further rose to ₹ 434.16 lakhs as at March 31, 2025, driven by significant capital expenditure, including additions to property, plant & equipment amounting to ₹ 421.48 lakhs, strengthening our processing capabilities. As at November 30, 2025, non-current assets surged to ₹ 1,888.22lakhs, reflecting further strategic additions to property, plant & equipment and other non-current assets, largely on account of the acquisition of our wholly owned subsidiary — enhancing our asset base and operational capacity for future growth.

Current Assets

Our total current assets increased from ₹ 766.04 lakhs as at March 31, 2023 to ₹ 1,521.20 lakhs as at March 31, 2024, primarily due to a rise in inventories from ₹ 269.83 lakhs to ₹ 681.36 lakhs and an increase in short-term loans & advances from ₹ 266.62 lakhs to ₹ 562.90 lakhs, reflecting higher procurement to support growing operations. Current assets further increased to ₹ 2,269.21 lakhs as at March 31, 2025, mainly driven by an increase in short-term loans & advances to ₹ 1,038.25 lakhs and a rise in trade receivables to ₹ 201.82 lakhs, in line with expanded business volumes. As at November 30, 2025, current assets stood at ₹ 2,513.71 lakhs, with inventories increasing to ₹ 1,137.64 lakhs, trade receivables rising to ₹ 673.94 lakhs and other current assets rising to ₹590.38, reflecting robust order fulfilment and sustained demand following the acquisition of our wholly owned subsidiary.

SECTION VIII – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPEMENT

Except as stated in this section, there are no: (i) criminal proceedings; (ii) actions by statutory or regulatory authorities; (iii) claims relating to direct and indirect taxes; (iv) disciplinary actions including penalties imposed by SEBI or stock exchanges against the Promoter in the last five financial years, including outstanding action; or (v) Material Litigation (as defined below); involving our Company, its Directors and Promoters.

In terms of the SEBI ICDR Regulations, the Company is required to disclose in the Draft Red Herring Prospectus / Red Herring Prospectus/ Prospectus all outstanding (i) criminal proceedings; (ii) actions by statutory or regulatory authorities; (iii) taxation matters (indirect and direct taxes); and (iv) other pending material litigation, involving our Company, our directors, our promoters and our group companies.

Our Board, in its meeting held on June 13, 2024 determined that outstanding legal proceedings involving the Company, its Directors and Promoter will be considered as material litigation (“Material Litigation”) as per the following:

1. For the purposes of determining outstanding material litigation(s) involving the Company, five per cent (5%) of the profit after tax as per the latest audited financial statement, for the entire financial year, is to be considered as the appropriate threshold for determination of material litigations of the Company. The Company has identified material litigation matters on the following parameters:

For outstanding litigation which may, or may, not have any impact on the future revenues of our Company:

(a) where the aggregate amount involved in such individual litigation exceeds five per cent (5%) of the profit after tax as per the latest audited financial statement, for the entire financial year;

(b) where the decision in one case is likely to affect the decision in similar cases, even though the amount involved in an individual litigation may not exceed five per cent (5%) of the profit after tax and amount involved in all of such cases taken together exceeds five per cent (5%) of the profit after tax as per the latest audited financial statement, for the entire financial year; and

(c) where the decision in one case is likely to affect the decision in similar cases, even though the amount involved in an individual litigation may not exceed five per cent (5%) of the profit after tax and amount involved in all of such cases taken together exceeds five per cent (5%) of the profit after tax as per the latest audited financial statement, for the entire financial year; or

Where the value or expected impact in terms of value exceeds the lower of the following:

(a) Two percent (2%) of turnover, as per the latest annual restated financial statements of the Company i.e. ₹ 71.27 lakhs; or

(b) Two percent (2%) of net worth, as per the latest annual restated financial statements of the Company (except in cases where the arithmetic value of net worth is negative) i.e. ₹ 18.03 lakhs; or

(c) Five percent (5%) of the average of absolute value of profit or loss after tax, as per the last three annual restated financial statements of the Company i.e. ₹ 6.15 lakhs.

2. For the purposes of determining material litigation(s) involving our Directors, all outstanding litigation involving each Director shall be considered and if any such litigation has an adverse outcome and therefore, would materially and adversely affect the reputation, operations or financial position of the Company, it shall be considered as material litigation and accordingly, each of our directors shall identify and provide information relating to such outstanding litigation involving themselves.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a period of three years from the date of listing and commencement of trading of the Equity Shares to enable the Bidders to approach the Registrar to the Issue for redressal of their grievances. The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All grievances, other than of Anchor Investors may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Bidder, ASBA Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Issue.

All grievances of the Anchor Investors may be addressed to the Registrar to the Issue, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Book Running Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Bid / Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding four Working Days from the Bid / Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, the SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLMs shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount for the period of such delay. Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Book Running Lead Manager shall be liable to compensate the investor ₹100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations. In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

Our company has not applied or received any exemption from complying with any provisions of securities laws by SEBI.

No person connected with the Issue shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any person for making an application in the Issue, except for fees or commission for services rendered in relation to the Issue.

SECTION IX – ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

The Equity Shares being offered pursuant to this Issue shall be subject to the provisions of the Companies Act 2013, SEBI (ICDR) Regulations 2018, SEBI (LODR) Regulations 2015, SCRA, SCRR 1957, our Memorandum of Association and Articles of Association, the terms of this Draft Red Herring Prospectus, the Prospectus, the Abridged Prospectus, Application Form, any Revision Form, the CAN / Allotment Advice and other terms and conditions as may be incorporated in the Allotment Advice and other documents / certificates that may be executed in respect of the Issue. The Equity Shares shall also be subject to laws as applicable, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchange(s), the RBI, RoC and / or other authorities, as in force on the date of the Issue and to the extent applicable or such other conditions as may be prescribed by the SEBI, the RBI, the Government of India, the Stock Exchange(s), the RoC and / or any other authorities while granting its approval for the Issue.

Please note that, in terms of Regulation 256 of the SEBI ICDR Regulations 2018 read with SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015, all the applicants have to compulsorily apply through the ASBA Process and further in terms of SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, and as modified through its circular SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 (together, the “UPI Circular”) in relation to clarifications on streamlining the process of public issue of equity shares and convertibles it has proposed to introduce an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. Currently, for application by IIs through Designated Intermediaries, the existing process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds is discontinued and IIs submitting their Application Forms through Designated Intermediaries (other than SCSBs) can only use the UPI mechanism with existing timeline of T+6 days until March 31, 2020 (“UPI Phase II”). Further SEBI through its circular no SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 has decided to continue with the Phase II of the UPI ASBA till further notice. However, due to the outbreak of COVID19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, vide SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, Phase III has been notified, and accordingly the revised timeline of T+3 days (i.e., the time duration from public issue closure to listing of be 3 Working Days) has been made applicable in two phases i.e., (i) voluntary for all public issues opening on or after September 1, 2023; and (ii) mandatory on or after December 1, 2023 (“UPI Phase III”). Accordingly, the Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI Circular no. SEBI/HO/CFD/P/CIR/2022/75 dated May 30, 2022 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances.

Further vide the said circular Registrar to the Issue and Depository Participants have been also authorized to collect the application forms. Investor may visit the official website of the concerned for any information on operationalization of this facility of form collection by the Registrar to the Issue and Depository Participants as and when the same is made available.

ALLOTMENT ONLY IN DEMATERIALIZED FORM

In terms of provisions of the Depositories Act, 1996 and the regulations made under and Section 29(1) of the Companies Act, 2013 the Equity Shares to be allotted must be in Dematerialized form i.e., not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. As per the SEBI Regulations, the trading of the Equity Shares shall only be in dematerialised form for all investors.

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by SME Platform of NSE Limited (“NSE Limited”) from time to time by giving prior notice to investors at large. In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Company:

- a) Tripartite Agreement dated January 24, 2024 between NSDL, our Company and Registrar to the Company; and
- b) Tripartite Agreement dated January 23, 2024 between CDSL, our Company and Registrar to the Company;
- c) The ISIN no of the company is INE0T1501010.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

In accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than two lots (which shall be above ₹2 lakhs). The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the NSE Limited from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this offer will be done in multiples of [●] Equity Shares and is subject to a minimum allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Pursuant to Section 29 of the Companies Act, the Equity Shares shall be Allotted only in dematerialised form. As per SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed by our Company with the respective Depositories and the Registrar to the offer before filing this Draft Red Herring Prospectus.

- Tripartite agreement among the NSDL, our Company and Registrar to the Offer dated January 24, 2024.
- Tripartite agreement among the CDSL, our Company and Registrar to the Offer dated January 23, 2024.

MINIMUM NUMBER OF ALLOTTEES

In accordance with Regulation 268 of SEBI (ICDR) Regulations, 2018, the minimum number of allottees in this Issue shall be 200 shareholders. In case the minimum number of prospective allottees is less than 200, no allotment will be made pursuant to this Issue and all the monies blocked by the SCSBs or Sponsor Bank shall be unblocked within 2 Working days of closure of issue.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

NOMINATION FACILITY TO INVESTOR

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or

- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board of Directors may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board of Directors may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

WITHDRAWAL OF THE ISSUE

In accordance with SEBI (ICDR) Regulations, Our Company in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event our Company would issue a public notice in the newspapers, in which the pre-issue advertisements were published, within two days of the issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one (1) working day of receipt of such notification. Our Company shall also promptly inform the Stock Exchange on which the Equity Shares were proposed to be listed. Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment the final RoC approval of the Prospectus after it is filed with the RoC. If our Company, in consultation with BRLM, withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Prospectus with the Stock Exchange.

The above timetable other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation or liability on our Company or the BRLM.

Any circulars or notifications from the SEBI after the date of this Draft Red Herring Prospectus may result in changes to the timelines. Further, the issue procedure is subject to change to any revised circulars issued by the SEBI to this effect. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within such time as prescribed by SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges. In terms of the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, our Company shall within three days from the closure of the Offer, refund the subscription amount received in case of non – receipt of minimum subscription or in case our Company fails to obtain listing or trading permission from the Stock Exchanges for the Equity Shares. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The Shareholder, severally and not jointly, has specifically confirmed that it shall extend such reasonable support and co-operation required by our Company and the BRLM for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchange within such time as prescribed by SEBI.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSB’s on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSB’s shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Offer, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within such time as prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (other than Bids from Anchor Investors)

Bid Period (except the Bid/Issue Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))
Bid/ Issue Closing Date	
Submission and Revision in Bids*	Only between 10.00 a.m. and 3.00 p.m. IST

* UPI mandate end time and date shall be at 5.00 pm IST on Bid/Issue Closing Date

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i. 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii. until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange in case of Bids by IBs.

On Bid/Issue Closing Date, extension of time will be granted by Stock Exchange only for uploading Bids received by IBs after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchange.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum- Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Offer, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Offer. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise; or blocking of application amount by SCSBs on receipt of instructions from the Sponsor Bank due to any errors, omissions, or otherwise non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in the UPI Mechanism.

Our Company in consultation with the Book Running Lead Manager, reserves the right to revise the Price Band during the Bid Period in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the Face Value of the Equity Shares. In all circumstances, the Cap Price shall be at least 105% of the Floor Price and less than or equal to 120% of the Floor Price.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Individual Investors can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Individual Investors, in this Issue will be on a proportionate basis. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs /RTAs / DPs / stock brokers, as the case may be, for the rectified data.

In case of revision in the Price Band, the Bid/ Issue Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/ Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLMs, for reasons to be recorded in writing, may extend the Bid/ Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/ Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public announcement and also by indicating the change on the respective websites of the BRLMs and at the terminals of the Syndicate Members and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

MINIMUM SUBSCRIPTION

This Issue is not restricted to any minimum subscription level. In accordance with Regulation 260 (1) of ICDR Regulations, this Issue is 100% underwritten.

As per Section 39 of the Companies Act, 2013, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the Issue through the offer Document including devolvement of Underwriters, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and our Directors, who are officers in default, shall pay interest at the rate of 15% per annum. In the event of an under-subscription in the Offer, Equity Shares offered pursuant to the Fresh Issue shall be allocated in the Issue prior to the Equity Shares offered pursuant to the Offer for Sale.

If our Company does not receive the subscription of 100% of the Issue through this Offer document including devolvement of Underwriters, our Company shall forthwith unblock the entire subscription amount received. If there is a delay beyond 4 days after our Company becomes liable to pay the amount, our Company shall pay interest prescribed under section 73 of the Companies Act, 2013 and applicable law.

In accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 200 shareholders. In case the minimum number of prospective allottees is less than Two Hundred (200), no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked forthwith.

Further in accordance with Regulation 260 (1) of the SEBI ICDR Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the Issue through this Draft Red Herring Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than two lots (which shall be above ₹2 lakhs).

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

ISSUE PROCEDURE

All Applicants should review the General Information Document for Investing in Public Issue, prepared and issued in accordance with the SEBI circular no CIR/CFD/DIL/12/2013 dated October 23, 2013 notified by SEBI and updated pursuant to SEBI Circular CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015, the SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/26 dated January 21, 2016, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and updated pursuant to SEBI Circular SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 (the “General Information Document”) which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document is available on the websites of Stock Exchange, the Company and the Lead Manager. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

Additionally, all Applicants may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Issue; (ii) maximum and minimum Issue size; (iii) price discovery and allocation; (iv) Payment Instructions for ASBA Applicants; (v) Issuance of CAN and Allotment in the Issue; (vi) General instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through its UPI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for IIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI RTA Master Circular, shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process.

Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the

process of initial public offers and redressing investor grievances, including the reduction of time period for unblocking of application monies from 15 days to four days. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, as amended, are deemed to form part of this Draft Red Herring Prospectus.

Please note that the information stated/covered in this section may not be complete and/or accurate and as such would be subject to modification/change. Our Company and Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document. Our Company and Book Running Lead Manager would not be able to include any amendment, modification or change in applicable law, which may occur after the date of Prospectus. Applicants are advised to make their independent investigations and ensure that their application do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus and this Prospectus.

Further, the Company and the BRLM are not liable for any adverse occurrence’s consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an II had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“**T+3 Notification**”). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Individual Applicants into the UPI Mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

BOOK BUILDING PROCEDURE

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue Paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(1) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which Forty per cent of the Anchor Investor Portion shall be reserved as: 33.33 per cent for domestic Mutual Funds and 6.67 per cent for life insurance companies and pension funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors of which one-third of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than two lots and up to such lots as equivalent to not more than ₹ 10.00 Lakhs and two-thirds of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than ₹ 10.00 Lakhs and under-subscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Portion. Subject to the availability of Equity Shares in the Non – Institutional investors category, the allotment to each Non-Institutional Investors shall not be less than the minimum application size in Non-Institutional Category and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI (ICDR) Regulations, 2018 and not less than 35% of the Issue shall be available for allocation to Individual Investors in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under-subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange. However, under- subscription, if any, in the QIB Portion will not be allowed to be met with spillover from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Investors should note that the Equity Shares will be allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders’ depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the [●] English national newspaper, all editions of Hindi national newspaper [●], Hindi also being the regional language of Delhi, where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●], Hindi also being the regional language of Delhi where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) During the Bid/ Issue Period, Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Draft Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form.
- f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e. one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “**Issue Procedure**” beginning on page 293 of this Draft Red Herring Prospectus.
- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder

on request.

- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non- Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.
- e) The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other applicants.

PARTICIPATION BY ASSOCIATES /AFFILIATES OF BRLM AND THE SYNDICATE MEMBERS

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription maybe on their own account or on behalf of their clients.

An FII or a sub-account may participate in this Issue, in accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves

the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Issue, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the Issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post- Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents (blue in colour).

BIDS BY SEBI REGISTERED VCF'S, AIF'S AND FVCI'S

Failing this, our Company reserves the right to accept or reject any application in whole or in part, in either case, without assigning any reason therefore.

In addition to the above, certain additional documents are required to be submitted by the following entities:

- a. With respect to applications by VCFs, FVCIs, FPIs and Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.
- b. With respect to applications by insurance companies registered with the Insurance Regulatory and Development Authority, in addition to the above, a certified copy of the certificate of registration issued by the Insurance Regulatory and Development Authority must be lodged with the Application Form as applicable. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.
- c. With respect to applications made by provident funds with minimum corpus of ₹25 Crores (subject to applicable law) and pension funds with a minimum corpus of ₹25 Crores, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject such application, in whole or in part, in either case without assigning any reasons thereof.
- d. With respect to Applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form.

The Company in its absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power

of attorney along with the Application Form, subject to such terms and conditions that the Company and the Book Running lead manager may deem fit.

The Company, in its absolute discretion, reserves the right to permit the holder of the power of attorney to request the Registrar to the Issue that, for the purpose of printing particulars on the refund order and mailing of the Allotment Advice / CANs / letters notifying the unblocking of the bank accounts of ASBA applicants, the Demographic Details given on the Application Form should be used (and not those obtained from the Depository of the application). In such cases, the Registrar to the Issue shall use Demographic Details as given on the Application Form instead of those obtained from the Depositories.

The above information is given for the benefit of the Applicants. The Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

The Applicants should note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic system of the Stock Exchanges does not match with the PAN, DP ID and Client ID available in the database of Depositories, the Application Form is liable to be rejected.

BIDS BY PROVIDENT FUNDS / PENSION FUNDS

TERMS OF PAYMENT

The entire Issue price of ₹[●]/- per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

PAYMENT MECHANISM

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Individual Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

PAYMENT INTO ESCROW ACCOUNT FOR ANCHOR INVESTORS

All the investors other than Anchor Investors are required to bid through ASBA Mode. Anchor Investors are requested to note the following:

Our Company in consultation with the Book Running Lead Manager, in its absolute discretion, will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. For Anchor Investors, the payment instruments for payment into the Escrow Account should be drawn in favour of:

- a. In case of resident Anchor Investors: "NFP Sampoorna Foods Limited - Anchor Investor - R".
- b. In case of Non-Resident Anchor Investors: "NFP Sampoorna Foods Limited - Anchor Investor- NR"
- c. Bidders should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Syndicate, the Escrow Collection Bank and the Registrar to the Issue to facilitate collections from the Anchor Investors.

- e. In case if the Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
- f. Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹22.00 in the above example. The Issuer in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

BASIS OF ALLOCATION

- a) The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the DRHP. For details in relation to allocation, the Bidder may refer to the RHP.
- b) Under-Subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under - subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to DRHP. No Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- * On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details
- * RTA identifies cases with mismatch of account number as per bid file / FC and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- * Third party confirmation of applications to be completed by SCSBs on T+1 day
- * RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
 - Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
 - The DSE, post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
 - The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below.

Process for generating list of Allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- * In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
 - On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

BASIS OF ALLOTMENT

a. For Individual Investors

Bids received from the Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Individual Bidders will be made at the Issue Price.

For the method of proportionate Basis of Allotment refer below.

c. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●]% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●]% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●]% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●]% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

d. Allotment to Anchor Investor (If Applicable)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:
 - i) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
 - ii) 40% of the Anchor Investor Portion shall be reserved for, (i) 33.33% shall be available for allocation to domestic Mutual Funds; and (ii) 6.67% shall be available for allocation to life insurance companies and pension funds, subject to valid Bids being received from domestic Mutual Funds, life insurance companies, and pension funds at or above the Anchor Investor Allocation Price. and
 - iii) allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹2 crores;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹2 crores and up to ₹25 crores subject to minimum allotment of ₹1 crores per such Anchor Investor; and
 - in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.
- b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.

- c) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.

- d) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

- e) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed:

Basis of Allotment in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the SME Platform of NSE Limited i.e., NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b. The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c. For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d. If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this DRHP.

Individual Investor' means an investor who applies for shares of value of not more than ₹2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion) (“DPIIT”), issued the FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. In terms of FDI Policy, FDI to an extent of 51% is allowed in multi brand retail trading with government approval. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

Under the current FDI Policy and the FEMA Non-Debt Rules, foreign direct investment is not permitted in companies engaged in (a) multi-brand retail trading, undertaking retail trading by means of e-commerce, and (b) inventory-based model of e-commerce. In accordance with the FEMA Non-debt Rules, participation by non-residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Rules, subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our Company and the aggregate limit for FPI investment currently not exceeding the sectoral cap i.e. 51% of the post issue paid up share capital; and (ii) Eligible NRIs applying only on a non-repatriation basis under Schedule IV of the FEMA Non-debt Rules. Further, other non-residents applying on a repatriation basis, FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government of India, OCBs cannot participate in this issue. See “*Issue Procedure*” beginning on page 293 of this Draft Red Herring Prospectus.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

The foreign investment in our Company is governed by, inter-alia, the FEMA, the FEMA Non-debt Rules, the FDI Policy issued and amended by way of press notes.

Further, in terms of the FEMA Non-debt Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-Debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. See “*Issue Procedure*” beginning on page 293 of this Draft Red Herring Prospectus.

Further, in accordance with the FDI Policy, the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-debt Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the FDI Policy and the FEMA Non-debt Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Non-Debt Rules. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/Issue Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold

within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

39.	Where shares are converted into stock the holders of stock may transfer the same or any part thereof in the same manner as and subject to the same regulations under which the shares from which the stock arose might before the conversion have been transferred or as near thereto as circumstances admit Provided that the Board may from time to time fix the minimum amount of stock transferable so however that such minimum shall not exceed the nominal amount of the shares from which the stock arose. The holders of stock shall according to the amount of stock held by them have the same rights privileges and advantages as regards dividends voting at meetings of the company and other matters as if they held the shares from which the stock arose but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not if existing in shares have conferred that privilege or advantage. such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words share and shareholder in those regulations shall include stock and stock-holder respectively.
40.	The company may by special resolution reduce in any manner and with and subject to any incident authorised and consent required by law its share capital any capital redemption reserve account or any share premium account.
CAPITALISATION OF PROFITS	
41.	The company in general meeting may upon the recommendation of the Board resolve that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company's reserve accounts or to the credit of the profit and loss account or otherwise available for distribution and that such

	sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto if distributed by way of dividend and in the same proportions. The sum aforesaid shall not be paid in cash but shall be applied subject to the provision contained in clause (iii) either in or towards paying up any amounts for the time being unpaid on any shares held by such members respectively paying up in full unissued shares of the company to be allotted and distributed credited as fully paid-up to and amongst such members in the proportions aforesaid partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B) A securities premium account and a capital redemption reserve account may for the purposes of this regulation be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
42.	Whenever such a resolution as aforesaid shall have been passed the Board shall make all appropriations and applications of the undivided profits resolved to be capitalised thereby and all allotments and issues of fully paid shares if any and generally do all acts and things required to give effect thereto. The Board shall have power to make such provisions by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit for the case of shares becoming distributable in fractions and to authorise any person to enter on behalf of all the members entitled thereto into an agreement with the company providing for the allotment to them respectively credited as fully paid-up of any further shares to which they may be entitled upon such capitalisation or as the case may require for the payment by the company on their behalf by the application thereto of their respective proportions of profits resolved to be capitalised of the amount or any part of the amounts remaining unpaid on their existing shares Any agreement made under such authority shall be effective and binding on such members
	BUY-BACK OF SHARES
43.	Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force the company may purchase its own shares or other specified securities.
	GENERAL MEETINGS
44.	All general meetings other than annual general meeting shall be called extraordinary general meeting.
45.	The Board may whenever it thinks fit call an extraordinary general meeting. If at any time directors capable of acting who are sufficient in number to form a quorum are not within India any director or any two members of the company may call an extraordinary general meeting in the same manner as nearly as possible as that in which such a meeting may be called by the Board.
